GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 2504.—*The 3rd July 1911.*—The following Resolution of the Government of India, Department of Education, is republished for general information.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

Nos. 218—236, dated Simla, the 2nd June 1911.

RESOLUTION—By the Government of India, Department of Education.

THE Government of India have had for some time under their consideration the question of the arrangements to be made for Presbyterian and Wesleyan services for troops in those military stations in India in which the only, or the principal, Government church has been consecrated for the celebration of divine service according to the rites and ceremonies of the Church of England. The Metropolitan and other Bishops of the Church of England in India have from time to time permitted churches so consecrated to be used for Presbyterian and Wesleyan services on certain conditions, but the arrangements made have not proved entirely satisfactory to all concerned. The authorities of the Church of England and the Church of Scotland have laid before the Secretary of State proposals for a final settlement of the difficulties which have arisen in the past, and the Government of India are now in a position to announce the arrangements which are explained below.

2. All military stations to which British troops are liable to be sent will in future be divided, for the purpose of questions affecting church accommodation for troops, into three classes, namely:—

Class A stations.—Stations having a garrison of two or more full battalions, or of 2,000 men or more.

Class B stations.—Stations not included in Class A, where Scottish regiments are liable to be posted, which have a garrison of 750 men or more.

Class C stations.—All other stations.

3. The classification of stations will in all cases depend on the strength of the permanent garrisons allotted to them, and will be altered from time to time in accordance with changes in the distribution of British troops. Stations from which it is proposed to withdraw, or in which it is proposed to reduce, the British garrison will, for the present, be dealt with as though the withdrawal or reduction had already been effected. Classified lists of stations will be supplied to the authorities of the Church of England and of the Church of Scotland, and to the Superintending Wesleyan Chaplain at an early date.

4. In Class A stations in which there is not already available an unconsecrated* church sufficient for the services of all denominations alike, the Government of India consider that the Church of Scotland should be regarded as entitled to separate churches large enough for the parade service of a full battalion, and the Wesleyans to grants in aid of separate churches large enough for the average number of Wesleyan troops ordinarily posted to the stations. In stations in this class they will arrange to construct, as early as possible, separate Presbyterian churches, where these do not already exist, and to enlarge those which are not in their opinion of sufficient size. They will consider applications for grants in accordance with rule 10 in Part V of the Rules published with the Home Department Notification No. 465, dated the 6th November 1909, in aid of Wesleyan churches in Class A stations.

5. In Class B stations in which there is not already available an unconsecrated church sufficient for the services of all denominations alike, and in which there is not already a Presbyterian church, the Government of India, though they cannot undertake to provide for the Church of Scotland churches large enough for the parade service of a full battalion, will be prepared to provide separate churches large enough for all services other than parade service. These churches, although the Church of Scotland will have the primary claim to them, will also be available, in stations in which there are no separate Wesleyan churches, for Wesleyan services, when arrangements for these can be made. When their use is desired, the Officer Commanding the station will consult with the Presidency Senior Chaplain concerned.

6. In Class C stations where there are no churches available for Presbyterian and Wesleyan services, arrangements will be made to provide church-rooms, set apart entirely for religious purposes and suitably furnished for the celebration of the Sacraments and other public ordinances of religion, whenever arrangements can be made to conduct Presbyterian or Wesleyan services.

7. When churches in Class B stations and church-rooms in Class C stations have to be used by both Presbyterians and Wesleyans, the Brigade Commanders will fix, after consultation with the Presbyterian and Wesleyan chaplains, the times at which they are to be at the disposal of the two denominations.

* An "unconsecrated" church shall be understood to mean a church not consecrated according to the rites of the Church of England.

8. No applications to Bishops of the Church of England for the use of consecrated churches for Presbyterian or Wesleyan services for troops are to be made in future save in accordance with the following rules:—

- (1) All applications are to be made by Brigade Commanders on receipt of a request from the Presidency Senior Chaplain of the Church of Scotland or from the Superintending Wesleyan Chaplain, as the case may be.
- (2) No applications are to be made in the case of churches in Class A stations after three years from the date of this resolution.
- (3) No applications are to be made in regard to stations in which Government have provided unconsecrated churches available to, and sufficient for the services of, all denominations.
- (4) In the case of Class A stations applications may be made, within the next three years, for the use of consecrated churches for all Presbyterian services when there is no Presbyterian church and for Wesleyan services when there is no Wesleyan church. Applications may also be made, within the same period, for the use of consecrated churches for parade service only, in stations at which the Presbyterian churches are not large enough for the parade service of a full battalion, provided Scottish regiments are at the time quartered in those stations.
- (5) In the case of Class B and Class C stations applications may be made for the use of consecrated churches for parade services of Presbyterians and Wesleyans when either (i) there is no Presbyterian or Wesleyan church large enough for the parade service of Presbyterian or Wesleyan troops respectively in the station, or (ii) when, though there is such a church, the Brigade Commander informs the Bishop that it is situated at such a distance from barracks that its use for parade service would cause serious inconvenience or serious discomfort to the troops.
- (6) In Class B and Class C stations applications may be made for the use of consecrated churches for services other than parade service in stations in which there are no Presbyterian or Wesleyan churches, and in which the separate accommodation indicated above has not yet been provided.
- (7) In Class B and Class C stations applications may also be made in special circumstances for the celebration of the Communion and Baptismal services of the Church of Scotland, or of the Wesleyans, in a consecrated church as part of the parade service, and for the use of consecrated churches for marriages when special circumstances render it desirable, provided that the marriages are such as would be permissible by English law.

9. The Metropolitan and the Bishops of the Church of England in India have consented to grant applications for the use of consecrated churches for Presbyterian and Wesleyan services which are made to them in accordance with the above rules.

10. The care and disposal of the church furniture, ornaments, and instruments of divine worship, and the expenditure and control of the church establishment, will remain exclusively in the hands of the chaplain or clergyman of the Church of England performing the duties of chaplain.

When the use of a consecrated church is permitted, the Church of England chaplain, or the clergyman of the Church of England performing the duties of chaplain, will, under the Bishop's instructions and in communication with the Officer Commanding the station, who will ascertain the wishes of the Officer Commanding the regiment, and of the Church of Scotland and Wesleyan chaplains concerned, fix the hours at which the church is to be made available to the Presbyterian or Wesleyan congregation for parade and other services.

Classified list of Military stations in India to which British troops are liable to be sent for the purpose of questions affecting church accommodation for troops, referred to in paragraph 3 of the Department of Education Resolution Nos. 218—236, dated the 2nd June 1911.

- (a) By Warrant under the Royal Sign-Manual, or
- (b) By private permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-Manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Private permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal Sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed, subject to the exception mentioned in Rule 4(a) respecting British Naval or Military Officers during hostilities, to meet cases where the Decoration may be said to have been earned by some valuable service rendered to the Head of the State conferring it or to the State itself. The private or restricted permission is contemplated for Decorations which are more or less of a complimentary character. In either case the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs.

4. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases:—

For a Decoration conferred—

- (a) On an Officer in His Majesty's Naval or Military Forces lent to a Foreign Government; on an Officer in His Majesty's Naval or Military Forces attached by his Government to a Foreign Navy or Army during hostilities; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.
- (b) On any person not at the time in the service of the Crown, who, while himself outside the limits of His Majesty's Dominions, has rendered valuable services to the Head of the State conferring the Order, or to the State itself, within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government provided for in Rule 5. The term "service of the Crown" (*supra*) comprises any person holding a Royal Commission, or any person in receipt of a salary from public funds in the United Kingdom, or in any British Dominion, Colony or Protectorate.
- (c) On any British subject employed in a Foreign Embassy or Legation in the United Kingdom.

5. The desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James. His Majesty's Principal Secretary of State for Foreign Affairs shall be under no obligation to consider claims that are not brought to his notice through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 4, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

7. When a British subject has received the Royal permission to accept the Decoration of a Foreign Order, he will, at any future time, be allowed to accept the Decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Decoration, and common to every person upon whom such Decoration is conferred.

8. Medals which constitute a particular class of a Foreign Order are subject in all respects to the above Regulations in the same manner as higher grades of the Order, except that permission to wear will be given by letter and not by Royal Warrant. The King's permission must be obtained for any other Medal to be worn. No permission is needed to accept a Foreign Medal if it is not intended to be worn.

9. Naval and Military Attachés of His Majesty's Missions abroad may, at the termination of their appointments, be given restricted private permission to wear, on certain specific occasions, the insignia of a Foreign Order conferred upon them by the Chief of the State only in which their headquarters were situated.

Foreign Office, May 8, 1911.

NOTIFICATIONS

No. 1246 Medl.—The 13th July 1911.—The following report is published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

Dated Darjeeling, the 12th January 1911.

From—MAJOR R. H. MADDOX, M.B., I. M. S., Superintendent, Eden Sanitarium and Hospital,

To—The Secretary to the Govt. of Bengal, Municipal (Medical) Department.
(Through the Inspector-General of Civil Hospitals, Bengal.)

I HAVE the honour to submit the following report on the working of the Eden Sanitarium and Hospital for the year 1910. Major R. H. Maddox, I. M. S., was in charge throughout the year.

2. The Sanitarium was opened on the 10th March 1910, and closed on the 10th November 1910.

3. The Hospital remained open throughout the year, and was occupied during a portion of the winter months.

4. The following table shows the number of each class of patients and friends admitted into the Sanitarium and Hospital during the last six years:—

ADMISSIONS.	1905.	1906.	1907.	1908.	1909.	1910.
First class ...	67	72	65	96	104	146
Intermediate class ...	79	107	73	65	73	78
Second class ...	189	207	230	233	178	206
Third class ...	125	108	122	151	117	136
Total ...	460	494	490	545	472	566

The following tables show the number of patients and their relatives and friend admitted during each of the last six years, together with the daily average sick:—

Patients.

YEARS	1905	1906.	1907.	1908.	1909.	1910.
Admissions ...	305	314	351	431	389	427
Daily average sick ...	35.69	28.93	33.68	26.7	24.85	30.05

Relatives and Friends.

Total number ...	155	150	139	114	83	139
------------------	-----	-----	-----	-----	----	-----

The following table shows the total number of patients treated during the year:—

Males.	Females.	CHILDREN.		Total.	Cured.	Relieved.	Died.
		Males.	Females.				
180	167	35	45	427	413	8	6

It will be seen from the foregoing figures that the total number of admissions to the Sanitarium for the year is greater than any during the previous six years; in fact it is the maximum yet attained, the highest number of admissions recorded being 548 in 1901. All classes show an increase, though it is most marked in the first class in comparison with former years.

The daily average number of residents for the whole year works out to 35, though, for the eight months during which the Sanitarium is open, it is 52. The average stay of each resident is a little over three weeks.

Several times during the year the need for increased hospital accommodation was felt, but a project is now on foot to build another room to the hospital in memory of the late Mr. F. B. Baker, who served for many years on the committee of this institution. The necessary funds are being raised by his friends in the planting community. It was hoped that the room would have been ready for occupation when the Sanitarium reopens, but will have to be postponed till next winter so as to avoid disturbing the patients by building operations during the season.

There were no complaints from any of the residents, while all expressed satisfaction with the arrangements.

The localities from which residents were admitted are * * * Calcutta with its suburbs and Darjeeling and its neighbourhood accounted, as usual, for the largest number of admissions.

5. *Free beds.*—Four free beds were maintained for convalescent patients from the Medical College and Presidency General Hospitals. They were occupied, on and off throughout the season, at a cost of Rs. 773 reckoned at 3rd class rates.

Two free cots were maintained throughout the year—one by the Theo-Beryl Fund, and the other by the Children's Ministering League of Darjeeling. No children were accommodated in the former, while five children received accommodation in the latter.

In addition to the above, the sum of Rs. 500 is allotted annually by the committee for free beds, to be expended at the discretion of the Superintendent. This was availed of to the extent of Rs. 356, a sum far in excess of any previous year, and, with a successful season, was more liberally availed of for deserving cases.

6. The rule whereby European Government servants in receipt of Rs. 400 or less can obtain 1st class accommodation, etc., by paying intermediate class rates, was availed of in a single case only.

No advantage was taken of the rule, granting a reduction in the rates to European assistants in commercial firms, banks, etc., who are annual subscribers.

7. Donations and subscriptions, amounting to Rs. 426-11-6, were received during the year from the following sources:—

	Rs.	A.	P.
Tukvar Tea Co.	100	0	0
Darjeeling-Himalayan Railway Co. ...	100	0	0
The "Statesman" ...	25	0	0
Messrs. Hamilton and Co. ...	25	0	0
" Ranken & Co. ...	25	0	0
" T. E. Thompson & Co. ...	25	0	0
" Cooke & Kelvey ...	25	0	0
Collection by Hospital Sunday Fund ...	101	11	6
Total ...	426	11	6

The total expenditure on free beds amounts to Rs. 1,129, whereas donations and subscriptions amount to Rs. 426-11-6, leaving a balance of Rs. 704-4-6 to be met from other sources.

8.

I. There were eight cases of enteric fever and the same number in the preceding year. Of these, six were imported, while two were undoubtedly contracted in the station. There were two deaths from this cause, both of whom did not realize the seriousness of their complaint and were admitted to hospital towards the end of the second week of their illness.

II. There were 11 cases of malarial fever as compared with five cases in 1909 and 18 cases in 1908. There was one death from *Kala-azar*, which has been included under the heading of "Malarial fevers."

III. There were 39 operations performed during the year, against 41 the previous year.

IV. In 1909 there were 17 confinements, which constituted the largest number since the institutions were opened, but during the year under report there have been 19 cases. In two instrumental aid was necessary, while in a third the placenta and membranes had to be separated after delivery, without any subsequent bad effects.

V. There were six deaths during the year against six the year before. The causes were enteric fever 2, *kala-azar* 1, cirrhosis of liver 1, pericoccal abscess 1, and suppurative peritonitis 1.

9. *Income and Expenditure.*—The total income in 1910 amounted to Rs. 53,056-6 as compared with Rs. 48,119-15-9 in the previous year.

The daily cost of diets for inmates, not including the staff, was Rs. 1-10-6 compared with Re. 1-10-9 the year before.

The accounts were audited by Messrs. Lovelock and Lewis, whose letter giving result of audit and statements, showing the financial position, are attached.

10. *General remarks.*—Military Assistant Surgeon W. J. Marshall was Resident Medical Officer throughout the year. I am very glad to be able to record the excellent work done by this officer during the year, both professionally and in the general working of the institution. Mr. Marshall has won the gratitude of all the inmates by his care and kindness, and I must thank him for the assistance he has given me on all occasions.

Mr. Richardson has kept up his reputation for his excellent catering, and I have much appreciated his work, both in keeping down expenses and in his untiring efforts to make the institution popular. He has taken excellent care of all the departments under his charge.

I regret that this is the last year that the institution will have the benefit of the services of Munshi Abdul Karim. He has been here since the institution was opened (1883) and his work has been much appreciated and frequently praised by the committee and all my predecessors. The committee has granted him a pension, and it is to be hoped he may be spared for many years to enjoy it.

The nursing arrangements and linen were, as in former years, under the supervision of two of the Clewer Sisters from Calcutta, whom I have to thank for their very valuable help. The customary annual repairs were carried out and, in addition to the ordinary renewals of furniture, crockery, linen and drugs, the committee have sanctioned Rs. 1,800 for linen and bedding and about Rs. 2,000 for crockery and table requisities to be spent before next season, to replenish the deficiencies of several previous years.

The following improvements were carried out during the year :—

The second class dining-room was converted into a billiard-room by throwing out the side walls, and though it has some disadvantages, is well patronized by the residents.

The partition wall dividing what was the billiard-room from an adjoining room, which was also used as a second class dining-room when there was insufficient room to accommodate the number of residents in the dining-room proper, was dismantled and made into one large dining-room for intermediate and second class residents. It is also used as a recreation-room by these classes, there being no other room available.

Similarly, the first class sitting room was enlarged and is now a splendid large room in which several social evenings and concerts, organized by Mr. Richardson, the Steward, have been held, the proceeds of which were utilized in purchasing a new piano.

A room, that had been allowed to go unoccupied and was used for storing records, was partitioned off and provided accommodation for two more residents or for the two Sisters, it being conveniently situated close to their sitting room and chapel.

Quarters for 12 servants have almost been completed and will be ready for occupation when the Sanitarium reopens. These quarters have been built to replace those dismantled in 1905 to make room for the kitchen. The Government of Bengal sanctioned Rs. 4,000 and the Sanitarium contributed Rs. 1,094 towards the construction of these quarters.

Ossam lights and transformers were installed in place of the ordinary 16 c.-p. lamps and, in consequence, the lighting is much improved.

17th, 24th and 31st May, and 7th,
14th and 21st June 1911.

A draft of these rules was published in the *Calcutta Gazette* of the dates noted in the margin as notification No. 4, dated the 15th May 1911.

T. BUTLER,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The Collector, before awarding compensation under section 16 or 76 (c) or making a reference under section 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of proceedings.

2. Except as provided in Act III (B.C.) of 1876 (the Irrigation Act) and these rules, no appeal shall lie from any order passed by a Canal Officer or the Special Deputy Collector in charge of the Revenue Division of the Sone Canals who has been vested with the powers of a Collector under the aforesaid Act. The Sub-Divisional Canal Officer, however, shall modify any order passed by him in accordance with the orders of the Divisional Canal Officer. The Sub-Divisional and the Divisional Canal Officers and the Special Deputy Collector in charge of the Revenue Division of the Sone Canals, shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer. The Superintending Canal Officer is empowered, and expected, to exercise a general control over the proceedings of all Canal Officers and of the Special Deputy Collector, the Sub-Deputy Collectors, and all other officers attached to the above-mentioned Revenue Division of the Sone Canals.

3. It will be the duty of the Superintending Canal Officer to issue orders on the following points:—

I.—The limits within which water will be available during the *kharif* season—(a) for annual leases; (b) for leases for a term of years.

II.—The distributaries from which water will be supplied during the hot season.

III.—The distributaries from which water will only be supplied during the *rabi* season at the rate (*see* Schedule III) ordinarily charged.

IV.—On sufficient cause being shown, to prohibit the issue of permits for the irrigation of land in specified localities generally or during the *kharif* season only.

Such public notice as is practicable will be given of the instructions under this rule as long as is possible before they are enforced.

4. Appeals to the Collector under section 91 of the Act, other than those specially provided for in rule 37, will ordinarily be from an order passed by the Divisional Canal Officer. The Collector may, when the order passed involves (I) the alignment of a village channel, (II) the refusal of the Divisional Canal Officer to accept a block as suitable for the issue of a permit for *kharif* irrigation, require the Superintending Canal Officer to state his opinion in writing, which shall form part of the record of proceedings in the case.

ON VILLAGE CHANNELS.

5. The Canal Officer shall prepare a list of channels which, previous to the 1st of April 1891, have been ordinarily used as village channels, and enter them in a register prepared in the manner prescribed in Part V of the Act.

6. A village channel which was constructed after the 1st of April 1891, or which had not ordinarily been used as a village channel before that date shall not be entered in the register except at the written request of the owners of it. Water shall not be supplied for irrigation during the *kharif* season through any channel other than one which has been entered in the register.

7. Village channels which may be constructed in future shall not as a rule exceed one mile in length; the length being measured in a straight line from the outlet to the boundary of the part of the village which the channel is intended to irrigate.

8. The sum fixed by the Canal Officer as rent under section 68 of the Act shall not be less than half an anna, and shall not exceed four annas per bigha assessed with water-rate.

ON LAMBARDARS.

9. In every permit issued under section 75 of the Act other than those issued under rules 18 or 19 following, the name of one or more persons shall be entered as *lambardar*, who will be responsible for discharging the duties mentioned below :—

- I.—Obtaining signatures to applications and certifying to the correctness of the same.
- II.—Attending and giving assistance in measuring land irrigated or proposed to be irrigated.
- III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area on any channel is complete.
- IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.
- V.—Being present when complaints are investigated by a Canal Officer or subordinate, and giving information required in connection with the same.
- VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.
- VII.—Reporting before the 20th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *khurif* season, so that these cases may be investigated before water-rates are demanded.
- VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of leases for a term of years.
- IX.—Assisting the Collector by generally helping the collecting staff in the collection of water-rates.

(See also Superintending Engineer's Circular No. 7 of 1895.)

10. In the case of leases for the season, the remuneration for performing the duties mentioned in clauses I to VII and IX of the rule immediately preceding shall be 2 per cent. on the assessments (excluding fractions of rupees), which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

11. In the case of leases for a term of years, other than those entered into jointly with contractors, the remuneration to be paid to the *lambardar* for performing the duties mentioned in clauses I to IX of Rule 9 shall be 3 per cent. yearly on the assessment of the year (excluding fractions of rupees), which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

12. The *lambardar* will be appointed by the Sub-Divisional Officer in consultation with the applicants for the lease, and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants, or to a number of persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Sub-Divisional Canal Officer cannot agree with the applicants in the appointment of a *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years, the *lambardar* shall be nominated by the contractor.

13. The Divisional Canal Officer may, for reasons which appear to him to be sufficient, and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

14. The Divisional Canal Officer may, with the consent of the *lambardar*, by a written order, of which the *lambardar* shall be furnished with a copy, transfer to him the duty of controlling the supply of water through an outlet, and may, at any time, by a written order, recall such order. *Lambardars* to whom such control is transferred shall exercise such power, subject to such general written orders as they may receive from the Sub-Divisional Canal Officer, and shall receive one per cent. on the assessment in addition to the percentages prescribed in Rules 10 and 11.

15. The fees sanctioned to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable by him in the event of this condition not being complied with. In calculating the fees payable, fractions of an anna will be excluded.

(See Superintending Engineer's Nos. 3126—28 of 4th July 1896 with reference to retrenchments.)

ON APPLICATIONS.

16. Applications under section 74 of the Act for permits for irrigation upon leases for a term of years (Appendix I), or upon *khurif* season leases (Appendix III), shall be subject to the following conditions :—

- I.—The application must be for a block of land having well-defined boundaries and so situated that adjoining lands will not ordinarily or probably be irrigated by water supplied for the land included in the application.

II.—The application must be in the form annexed to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented, whether water or no water is required.

III.—The applications may be for a term of years, or for the season only—

(a) In case of application for the season only, the issue of the permit will not necessarily be delayed until the lands have been measured. The boundaries of the block must be stated in the application, which must be signed by, or by authority of, the cultivators of all the land included in the boundaries mentioned, and the approximate area in the occupation of each on the block must be specified. Water-rates will be charged on the areas in the block as found by actual measurement. An application for a permit for the season must be filed by the 1st September, but with the Superintending Engineer's sanction an application for a season lease may be entertained up to the end of the season.

(b) In the case of applications for a term of years, a permit will not be issued until the land has been measured and an application complete in every respect for all the land included in the block has been signed. All the leases within one group (a 'group' being defined as in Note 11) shall be so granted as to expire on the same date. If water is required to be supplied before the application is completely signed in the manner specified above, an application for water for the season must be made, which will be cancelled on a permit for a term of years being issued.

NOTE I.—Superintending Engineer's Nos. 2940—42 of 26th June 1896 directs that "if applicants for a long-term lease, which is not signed before the 15th August, decline to apply for a season lease under Rule IIIb by that date, they should be informed that the long-term lease will not be granted during the year."

NOTE II.—A group is defined as consisting of a certain area of country mapped out in accordance with the features of the ground, natural or artificial.

NOTE III.—The leases granted for a term of years in a group will take effect from 1st April 1910.

(c) Notice that a permit for a term of years is required must be given by the 1st of April, but with the Superintending Engineer's special sanction the time may be extended where reasonable cause for the delay in filing the application for a long-term lease can be established. No permit will be issued unless the application is completely signed by the 30th of November, or, with the special sanction of the Superintending Canal Officer, by the 1st of March following.

NOTE.—Superintending Engineer's Nos. 1649—51, dated 13th April 1892.

IV.—With the special sanction of the Superintending Canal Officer an application may be made for an addition to a lease for a term of years, which, if granted, shall be considered as part of the original lease and terminate therewith.

16A. Applications (Appendix IVC) for a single watering between 26th June and 25th October may be entertained if water is available after meeting the demand for the areas leased under a term of years or for the season. The applications will be subject to the conditions prescribed for the *rabi* and hot weather seasons: see rule 17 below.

17. Applications for irrigation in the *rabi* season, 26th October to the 25th March, and the hot weather season, 25th March to the 25th June (Appendices IVA and B), will be subject to the following conditions:—

I.—The approximate areas of land for which water is required must be stated in the application, which must be signed by the occupiers thereof. It must be stated in the application that the water-rates will be paid on the area actually irrigated.

18. Applications for the sale of water by volume for purposes of irrigation will only be entertained on condition that half the amount chargeable is paid to the Sub-Divisional Canal Officer when the application is filed, and that a bond is executed in the form attached to these rules as Appendix V signed by substantial persons pledging themselves to pay such sums as will in the aggregate make up the remainder. The bond will not have reference to the area to be irrigated, but will be in consideration of a particular outlet being kept open for a specified time, and the sums mentioned therein will be recoverable on the certificate of the Canal subordinate that this condition has been fulfilled. Water will be supplied under this rule from the 1st of July to the 31st of October only.

19. Applications for the sale of water by volume for filling *ahars* will be in the form attached to these rules as Appendix VI. The entire charge will be payable in advance. Water will be supplied under this rule from the 1st of November to the 25th of March only.

ON PERMITS.

20. All permits for the use of water issued under section 75 of the Act shall be subject to the following conditions:—

I.—That the water is supplied for the sole purpose of irrigating the land mentioned in the application. The term "irrigating" includes the right to drain (*nisgar*)

at the proper season of the year, previous notice being given to the sectional officer that the outlet is required to be closed. Under colour of *nigaring*, however, no right is conferred to irrigate culturable land for the purpose of sowing a crop or maturing any existing crop.

- II.—That water will be supplied at the level at which it is ordinarily maintained in the distributary from which water is taken off, and that no earthen bunds or other works will be constructed to raise the level of the water in the distributary. No right to flow irrigation is conferred unless existing appliances admit of it.
- III.—That a *lambardar* shall be appointed in the manner specified in Rule 12 to represent the interests of the cultivators and to perform the duties mentioned in Rule 9.
- IV.—That the village channel from which water is supplied is kept in a proper state of repair, so that water shall not be wasted.
- V.—That water-rates are paid when due.
- VI.—That water supplied for the irrigation of a specified block of land shall not, under colour of the permit, be utilized for the irrigation of land beyond the boundaries specified in application.

NOTE.—Where these conditions are infringed, appropriate penalties or disabilities to the extent specified in the Act or these rules will be enforced.

21. A permit shall not be issued where, in the opinion of the Canal Officer, waste is likely to occur. In the order refusing a permit on this ground, the manner in which it is apprehended that waste will occur shall be stated.

22. Permits for irrigation upon leases for a term of years (Appendix VIII) or upon *kharij* season leases (Appendix IX) shall be issued under the following conditions:—

- I.—The land to be irrigated must form a compact block defined by well-marked boundaries of such a nature as clearly to distinguish leased from the adjoining unleased lands, and to preclude the possibility in ordinary circumstances of water escaping from the boundaries without obvious wilful cutting or demolition. They must be maintained in the same state of repair during the currency of the lease as existed when the permit was granted and also be so situated that unleased lands will not be ordinarily or probably irrigated by water supplied for the land included in the block. The boundaries must be mentioned in the application for a permit for the season, and in the notice referred to in Rule 16(c), when a permit for a lease for a term of years is applied for.
- II.—The Canal Officer may exclude lands included in the block not irrigable by flow or for which canal water is ordinarily not required. In the case of permits for a term of years, the block must be not less than 50 bighas in area. In cases where the Divisional Canal Officer considers it advisable to grant a permit to a block of less area than that mentioned above, the previous sanction of the Superintending Canal Officer must be obtained. No permit for a term of years shall be issued unless the owners of the village channel from which water is to be obtained have been registered and the channel itself is in a good state of repair; such as to fit it for the conveyance of water without wastage occurring. Such leases will not be issued unless it is known from the experience of previous years' irrigation that a sufficient supply of water is always available, and that the quantity required is not excessive.
- III.—A permit for a lease for a term of years may be cancelled by the Superintending Canal Officer with effect from a date to be specified in the order for good cause on the application of all the signatories thereto.
- IV.—Permits for the season will be issued under less favourable conditions as to situation, soil and quantity of water available; it will not be necessary that the owner of the channel should be registered, but the channel itself must be entered on the register.
- V.—Water-rates will be levied on the areas of the blocks specified in the permits, and measurement of the areas actually irrigated will not be necessary.

22A. Permits (Appendix XI) for a single watering during the *kharij* season from 26th June to 25th October may be issued under the conditions prescribed in Rule 23 (I) (II) (III) below, if water is available after meeting the demands for the areas leased under a term of years or for the season.

23. Permits for irrigation in the *abi* and hot weather seasons, 25th October to 25th June (Appendix X), will be issued on the following conditions:—

- 1.—The applicants will undertake to give the *lambardar* notice to close the outlet as soon as the area requiring irrigation has received a sufficient supply of water.

II.—The applicants will undertake, as far as is practicable, to prevent water supplied being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated, and not on those specified on the application.

ON DISABILITIES AND PENALTIES.

24. At the request of the Collector, the Superintending Canal Officer may direct the Divisional Canal Officer to—

I.—Cease to issue permits for the irrigation of land in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially required, unless half the amount due for the ensuing year under future applications are paid up in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any lease for a term of years if, after the lapse of one month from the latest date of payment, the water-rates (except such as are irrecoverable under Rule 63) are in arrears.

25. The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a lease for a term of years if water is habitually misused or wasted. Such an order shall have effect from the 25th June next ensuing, and two months' notice at least must be given to the *lambardars* for the information of the cultivators.

25A. When the Divisional Canal Officer acting under section 60 strikes a channel supplying a long lease off the register, he shall, if the remaining registered channels cannot satisfactorily irrigate the block, at the same time cancel the lease, provided that—

(i) If the order for cancellation be made between the 25th of June and the 25th of October no water-rate shall be payable for the period subsequent to the 25th June preceding the date of the order.

(ii) If the order for cancellation be made between the 25th June and 25th March, half the annual rate will be payable for the period subsequent to the 25th June preceding the date of the order.

ON THE SUPPLY OF WATER.

26. I.—Any Canal Officer may, in the case of pressing emergency, stop the supply of water to any canal or distributary. If such order is passed by an officer below the rank of a Divisional Canal Officer, it shall forthwith be reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration, to the Superintending Canal Officer.

II.—The Sub-Divisional Canal Officer may, by written order under section 76a, stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that either it, or, in case the channel is supplying a long-term lease, the boundaries of such lease are not maintained in proper repair. Such order shall be recorded in the Sub-Divisional office.

III.—No person shall be entitled to be supplied with water until the village channel has been put in a proper state of repair in accordance with directions given by the Sub-Divisional Canal Officer.

IV.—The Canal Officer or any of his subordinates may temporarily close an outlet supplying a village channel from which unauthorized irrigation is, at the time the outlet is closed, being carried on.

27. The Divisional Canal Officer may close the outlets in rotation as he may consider necessary. The periods of such closures must be notified to the *lambardars* concerned.

28. No water shall be supplied nor shall any person be entitled to a supply of water until a permit signed by a Canal Officer authorized to sign a permit has been signed and issued.

29. The Canal Officer will be responsible that the supply through the outlet is in the *khari* and *rabi* seasons maintained in accordance with the requirements of the crops. In both seasons it will be the duty of the *lambardar* to inform the Canal Officer or subordinate when the area under lease has been fully irrigated, so that the outlet may be closed, or if he has, under rule 14, been given charge of the outlet, to close it himself.

ON DEMAND STATEMENTS.

30. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared under the supervision and stamped signature of the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

31. The demand statements for water-rates due under leases for a term of years shall be prepared at the same time as the application, and a copy thereof shall be given to the *lambardar* as well as a *parcha* for each signatory to the lease with the permit. No further notice of demand shall be given during the currency of the lease.

32. The demand statement for water-rates due under a lease in the *khari* season shall be prepared either before the permit is issued, or as soon as conveniently may be after its issue, and shall, without reference to the land having been actually irrigated up to that time or not, show the water-rates due by each person whose land is included in the application. Demand statements (*parcha*) showing the sums due from each applicant shall be sent to the *lambardar* for distribution, and no further notice of demand shall be given.

33. For irrigation during the hotweather or *rabi* season, the following procedure shall be followed :—

- I.—The area irrigated in any village shall be measured by an amin appointed for the purpose. The *khasra* shall be signed by both the amin and the *lambardar* , who shall be present at the measurements. If the *lambardar* is not present, the amin shall arrange that at least two respectable cultivators shall be present and enter their names in the *khasra* prepared by him.
- II.—When the measurement is completed, the *khasra* shall be forwarded to the Sub-Divisional Canal Officer, who shall prepare the demand statement (*khatiani*) with all possible despatch. Copies of extracts of the demand statement affecting each separate cultivator (*parchas*), signed and sealed by the *zilladar* , shall, as soon as prepared, be forwarded to the *lambardar* for distribution amongst the persons charged. The *lambardar* shall grant a receipt for the *parchas* forwarded.
- III.—If the *lambardar* is not present, or declines to grant a receipt for the same in the prescribed form, the Sub-Divisional Canal Officer shall make other efficient arrangements for serving each person assessed with a *parcha* showing the amount due from him. *Parchas* may be sent by post.

34. Objections to the demand statements prepared in accordance with the preceding rules 31, 32 and 33 may be presented, either personally or through the *lambardar* , to the Sub-Divisional or Divisional Canal Officer, who shall thereupon, after such enquiry as he may consider to be necessary, pass orders on the same. A copy of the order passed (which may be sent by post) shall be served on the person making the objection. The charge for such service shall be four annas which must be paid by the objector at the time of presentation of the objection. Should the application be successful the charge of four annas will be refunded. Objections to the demand addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

35. Objections to the demand statements must be presented within thirty days of the date on which the *parcha* was received by the *lambardar* , but this period shall be extended where reasonable cause for delay can be established.

36. The objections may be in a form, which will be supplied gratis at all Canal offices, giving instructions as to the particulars required to admit of the objections being readily investigated; but any form will be accepted provided it clearly states the name or names of the persons objecting, the crop, and the year for which the charge is made, and the demand from each cultivator to which objection is taken.

37. Any person not satisfied with the order passed by the Canal Officer under rule 34 may file an application of appeal to the Collector under section 91 of the Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit, and shall meanwhile have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

38. When the order appealed against to the Collector is that of a Sub-Divisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The persons shall not be detained for the purpose of enabling the Divisional Canal Officer to make further enquiries which, however, may be directed by the Collector on the suggestion of the Divisional Canal Officer or on his own motion.

39. Applications for mutations of names in leases for a term of years shall be made to the Collector; if addressed to the Canal Officer they shall be referred to the Collector for disposal. Applications for alterations in long-term leases on account of wrong assessment shall be made to the Divisional Canal Officer; if presented to the Deputy Collector they shall be referred to the Divisional Canal Officer for disposal.

39. (a) When the mutations of the names of rate-payers are found to be more than 30 per cent. of the whole, the Deputy Collector will request the Divisional Canal Officer to prepare and forward a revised demand statement. The same rule applies for other crops.

ON WATER-RATES.

40. Water-rates imposed under section 79 of the Act for the irrigation effected in the hot weather or *rabi* seasons, shall be assessed by the Canal Officer at rates which shall be fixed by the Divisional Canal Officer, and which shall not be greater than those shown in the following schedule :—

	FLOW OR LIFT.	
	Rate per bigha.	Rate per tenth of a bigha.
For water used in an unauthorized manner.	Rs. 6 A. 4	A. 10

In the *kharif* season water-rates shall be imposed by the Divisional Canal Officer under section 79 *only* after the sanction of the Collector has been obtained to make a detailed measurement of the land irrigated without authority.

NOTE.—Areas irrigated by *bona fide* surplus water drained off from a leased area shall not be assessed. *Bona fide* *nigra* is defined as water drained off the fields while the outlet remains closed.

The Collector's sanction is not in itself authority for the imposition of water-rates—it merely authorizes proceedings being instituted. The rates to be charged in the *kharif* season will be subject to the same maxima as in the hot weather and *rabi* seasons. Persons using water without a permit shall, unless exempted by section 74 of the Act, be charged water-rates according to the season in which water is used, at the rates specified in this rule.

41. Charges for waste of water imposed under section 80 of the Act shall be at the rates fixed in the rule immediately preceding, and be subject in the *kharif* season to the same condition as regards sanction by the Collector as is required by that rule; where a tank or *ahara* has been filled, a charge of Rs. 5 per thousand cubic yards may be made in lieu of an acreage charge.

42. Water-rates assessed under sections 78, 79 or 80 of the Act shall be paid on or before the dates mentioned below:—

For leases for a term of years entered into }
after the 1st January 1898. } One kist on or before the 15th January.

Season leases—

Under Schedule No. II ... For rice and sugarcane on or before the 15th December.

For a single watering, on presentation of the demand.

Ditto No. III ... *Rabi* and sugarcane on or before the 5th April.

Ditto No. IV ... Hot weather irrigation on or before the 1st July.

Assessments under section 79 of the Act or }
under Rule 40. } On presentation of the demand.

Assessments under section 80 of the Act }
Water supplied by volume between the 1st } One moiety before the outlet is opened,
of September and 31st of October. } the other moiety on or before the 15th
December.

" Water supplied by volume to fill *aharas* ... The whole amount before the outlet is opened.

The Divisional Canal Officer shall forward the demand statements of leases under Schedule No. II to the Collector as soon as they have been prepared in accordance with rule 32. He will forward these and all other demand statements as soon as they are ready and will endeavour to send them at least fifteen days before the latest dates fixed for the payment of the water-rates, but accuracy in the individual charges shall be regarded as of more importance than a rigid adherence to dates.

43. Where lands are held on a *bhaoli* tenure, the entire water-rates assessed under section 78 of the Act shall be demandable from the occupiers of the land assessable; but at the written request of the *bhaoli* owner, in the form, Appendix VII, which may be presented to the Divisional Canal Officer or to the Collector, the water-rates shall be recovered from the cultivators and the person or persons in receipt of the *bhaoli* rents in the same proportion as the produce is divisible amongst them. The demand statement shall be made out by the Divisional Canal Officer in the name of the cultivators, any necessary modification therein, owing to a request made by a *bhaoli* owner under this rule, being carried out by the Collector. But on lands under Government management half the rates should be paid by the landlords, and in other cases any influence which the Collector may possess should be used to make the zamindar consent to this equitable arrangement.

44. In the case of lands held under a *bhaoli* tenure being assessed under section 79 of the Act, the whole of the persons deriving benefit therefrom shall be assessed in the same proportion as the produce is divisible amongst them.

ON REMISSIONS.

45. The water gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

46. Claims to remission of water-rates under section 76(b) shall only be admitted on proof of actual loss caused by failure of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any part of the rates. All applications for remission of water-rates shall be made in the manner provided in rule 34 and not less than twenty days before the crop is out. The Divisional Canal Officer, with the previous sanction of the Superintending Canal Officer, which sanction may be delegated to any Divisional Canal Officer, when the crop of an individual cultivator of a season lease has failed to the extent of losing twelve annas or more of its value in the rupee, may, as a matter of grace, grant remission up to 10 per cent. of the area assessed against the cultivator, notwithstanding that the deficiency in the crop is due to causes other than through partial or total failure in the supply of canal water.

47. Before awarding compensation under section 76(c), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. All applications for compensation under section 76(c) must be made not less than twenty days before the crop is out.

48. Notwithstanding anything contained in these rules, the Superintending Canal Officer may, should he consider the circumstances of the case require it, under such general instructions as he may from time to time receive from Government, remit, under the head "Extraordinary", so much of the water-rates as are in excess of ten annas a bigha. But no such remissions shall be claimable as a right, nor shall any person be entitled to receive an order on an application for remission under this head, which will ordinarily only be made on the representations of Divisional Canal Officers.

49. A remission statement signed by the Superintending, or Divisional Canal Officer, shall be sufficient authority for a refund by the Collector.

INTERMEDIARY AGENCY.

50. Leases in the *kharif* season for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor, who shall collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given as Appendix II to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

51. Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every due from a cultivator to a contractor on account of water-rates shall be deemed to be a sum due to Government under sections 82 and 85 of Act III (B.C.) of 1876.

52. A contractor (or in case there be more than one, each contractor severally and jointly) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water supplied. In the case of his failure after due diligence to collect, he shall, within thirty days of the rates becoming due, submit to the Collector a list showing the names of the defaulters with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

53. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the agreement, except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence, and shall be entitled to a deduction of 5 per cent. on all sums collected by himself.

54. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Superintending Canal Officer. Such contractor must, for the whole term of the lease, have a beneficial interest in some part of the land included in the application, and must sign an application in the form given as Appendix IIA. The appointment shall not be made unless the *lambardars* and leading cultivators give their assent in writing thereto, and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

55. The contractor appointed under rules 50 and 54 may, but shall not necessarily, be *lambardar*. The *lambardar* will in all cases be appointed by the Canal Officer under the provisions of Rule 12, and shall be remunerated at the rates specified in Rules 11 and 14, subject to the conditions mentioned in Rule 15.

56. The contractor may, if he prefers, in which case it shall be so stated in the application, take the responsibility of collecting the entire sum due under the application, in which case he shall be entitled to a deduction of $2\frac{1}{2}$ per cent. on all sums collected by himself in addition to the deduction of 5 per cent. to which he is entitled under rule 53, *i.e.*, to a total deduction of $7\frac{1}{2}$ per cent.

57. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received, nor shall the Collector take any steps towards the appointment of a contractor under rule 54 until the written assent of the Superintending Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

58. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 25th June next following, in which case his connection with the lease shall cease from that date, and the Sub-Divisional Canal Officer shall proceed to appoint a *lambardar* under rule 12, and the Collector to realize water-rates due directly from the applicants. The Divisional Canal Officer may, at the instance of the Collector, remove a contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 25th of June next following shall be given, and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 54, appoint a new contractor in place of a contractor who has resigned.

59. With the written approval of the Superintending Canal Officer, a contractor may measure and prepare demand statements for lands irrigated in the hot weather, for which applications in the prescribed form have been filed by him. Such demand statements shall be forwarded to the Sub-Divisional Canal Officer, who shall thereupon proceed to deal with them as if they had been prepared by himself.

60. When an agreement has been made for the collection of rates by a contractor, the Divisional Canal Officer shall, under section 82 of the Act, furnish such contractor with a written authority to collect the amounts due by the cultivators, a copy of which shall be sent to the Collector.

60.(a) The contractors are to note the number and year of the *khationi* and the serial number of the rate-payer on receipts granted by them in order that the particular demand may be traced when a mutation is applied for by a rate-payer.

ON COLLECTIONS AND ALTERATIONS IN DEMAND STATEMENTS.

61. Collection of all water-rates shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer except in the case of lands held *bhukh*, regarding which the provisions contained in rule 43 shall be followed.

62. The Collector may make any alterations in a demand statement provided the total sum shown to be due is not altered or an error in account only corrected. When such alterations are made in a demand statement appertaining to a lease for a term of years, a copy of the alteration statement shall be sent to the Divisional Canal Officer.

63. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector. A detailed list of all sums so written off shall be forthwith sent to the Superintending Canal Officer. In other cases the sanction of the Commissioner of the Division must be obtained, through the Superintending Canal Officer, to admit of demands being written off under this head.

MISCELLANEOUS.

64. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords and ferries and their approaches as are provided by the Divisional Canal Officer.

65. No officer employed on the canals, unless especially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

66. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, wherever water can be made available without injury to the cultivation dependent on any canal, under the following conditions:—

- (a)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle, or both.
- (b)—No tank shall be so filled from which irrigation is practised.
- (c)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.
- (d)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer issued on the written application of the parties concerned.
- (e)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.
- (f)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

67. The Divisional Canal Officer may supply water for manufacturing* or other purpose, charging for the same at the rate of one rupee per each 4,000 cubic feet or part of 4,000 cubic feet supplied. For the manufacture of bricks the rate is Rs. 5 per lakh of bricks, but when bricks are found to be manufactured without the previous sanction of the Divisional Canal Officer a rate of 4 as. per thousand bricks will be charged. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any purpose whatsoever not specified in this rule, or the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer, and if proposed for longer than a year, shall be submitted for the sanction of the Lieutenant Governor.

68. Patwaris called on to assist in identifying land or signatures or to give evidence shall receive such remuneration by way of fee as may be fixed by the Superintending Canal Officer or Collector with the approval of Government, but their signature shall not necessarily be required to any document prepared under these rules. The fees shall be disbursed at the time of attendance as far as practicable by the Sub-Divisional Canal Officer or Collector, whoever may require the patwari to attend.

69. Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by Rules 9, 10, 11, 15,

* Superintending Engineer's No. 858, dated 20th February 1882, fixed rate for use of Canal water for brick manufacture at Rs. 5 per lakh.

24, 39, 43, 52, 53, 54, 57, 58, 59, 61, 62, 63, and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

70. The Collector may, by a special order passed in each case, refer applications under rules 37, 40, or 41 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred by either the applicant or the Divisional Canal Officer.

82. When in the area covered by a season lease only (I) no crop is sown in a field, or (II) the crop fails during the currency of the lease, water-rates may be levied at the rate of ten annas a bigha, provided that no application to be charged at these reduced rates shall be entertained unless presented twenty days before the crop is cut, and also during the currency of the lease.

83. In assessing water-rates under Schedules III and IV, the areas to be charged shall be subject to the following rules:—

I.—If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half-a-foot high.

RESOLUTION ON THE ANNUAL REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND THE SUBURBS FOR THE YEAR 1910.

POLITICAL DEPARTMENT—POLICE.

RESOLUTION—No. 4056 P.

Dated Calcutta, the 14th July 1911.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and the Suburbs for the year 1910.

Read also—

The Reports for the two previous years and the orders of Government recorded thereon.

1. Mr. F. L. Halliday, C.I.E., M.V.O., Commissioner of Police, was on leave from the 7th April to the 6th November, during which period Mr. R. T. Dundas officiated. For the rest of the year Mr. Halliday was in charge. Further progress was made with the replacement of Superintendents by officers of the Indian Police. The outstanding political crime of the year, the murder of Khan Bahadur Shamsul Alam on the 24th January, disclosed serious defects in the policing of the High Court; and the Court guards were

accordingly strengthened and placed in charge of an officer of the rank of Superintendent. Mr. Superintendent Bowen was selected for this new post, and was succeeded by a Deputy Commissioner. At the close of the year only two of the local divisions remained in charge of Superintendents. The most important administrative event of the year was the passing of the Calcutta and Suburban Police Amendment-Act, Act III of 1910, the principal features of which were to define more clearly the duties, liabilities, and powers of the Police in their relations with the public, and to confer on the Commissioner, subject to the control of Government, certain much-needed extensions of his powers with regard to the public peace and the regulation of nuisances.

2. *Discipline and Recruitment.*—The discipline of the force remained satisfactory, a small increase in judicial convictions (21 as against 14) being more than balanced by a decrease in dismissals (40 as against 62). There are signs, however, that the conditions of service in the lowest rank are not sufficiently attractive to the right class of men. There were 244 resignations as against 201 in the previous year; and the Commissioner remarks that the number has been steadily increasing, and is now nearly double that of five years ago. Recruiting too was even more unsatisfactory than in 1909; and the failure of the Nathnagar scheme resulted in the postponement of the beat system in the Northern Suburbs until the close of the year. The marked decrease in desertions among recruits in 1909 was attributed by Mr. Dundas to the system of taking three-year agreements on enlistment. Mr. Halliday however is of opinion that this constitutes no real check, since the majority of the desertions take place before the antecedents of the men can be verified. Many of the desertions occur directly the pressure of discipline and physical training is applied nor should undue importance be attached to yearly fluctuations, which must necessarily follow to some extent on the variations in agricultural conditions and the labour market, but the reports for several years past undoubtedly betray a failure to attract and retain suitable men both for the Indian and the European subordinate ranks, and though no difficulty seems to be experienced at present in keeping the number up to sanctioned strength the Lieutenant-Governor in Council will be glad if the Commissioner will continue to give the subject his special attention.

3. *Public Peace.*—The year was free from disturbances of a political complexion; but the Bakr-Id festival in December was attended by a recrudescence of Hindu-Muhammadan rioting, which has unfortunately been followed by similar disturbances elsewhere. The conduct of the Police in dealing with those riots formed the subject of much criticism and of careful enquiry. The considered views of the Lieutenant Governor in Council on the matter have already been made public, and need not here be recapitulated. It will suffice to say that in the opinion of the Government of Bengal the only outstanding defect in police organization disclosed was that the force requires to be put in a position to deal more effectively at the outset with disturbances of this degree without recourse to the assistance of the military. Measures have been taken to strengthen the force to this end, as also to establish a firmer control over the unruly elements in the population.

4. *Crime.*—The volume of cases, both cognizable and non-cognizable, shows a decrease on the heavy figures for 1909; but it is significant that the falling off is most marked in those fields in which the greatest activity was shown last year: there is a decrease of some 2,200 nuisance cases, nearly the whole of which is accountable for by the decline in prosecutions for road obstruction, particularly in Fenwick Bazar and Bara Bazar. The local officers attribute this to an actual decrease of offences owing to the great pressure exercised in those sections, but the Commissioner feels himself unable to claim credit for any considerable measure of amelioration, and suggests that road obstruction in these quarters is inevitable so long as present trade conditions prevail. If criminal prosecutions have failed adequately to deal with the situation, it may be necessary to seek an alternative method; but, until this has been arrived at as the outcome of a deliberate change of policy, it is not apparent why the policy of prosecuting for the offence of obstruction should be relaxed. The Lieutenant-Governor in Council accordingly requests that the Commissioner will submit a special report on the subject.

5. *Offences against Property.*—The Lieutenant-Governor in Council regrets to find no diminution in crime of this description. There was a rise in cases of ordinary theft of some 200 (on a total of 4,000), which is reported to be largely due to thefts in students' messes. The extent of the increase suggests that this form of crime is to some extent systematic, and the matter requires the attention of the Commissioner. More serious at first sight is the renewed increase in the number of burglaries. On examination, however, the figures are not without a satisfactory aspect, as tending to show that the new beat system, in spite of the defects—the remediable defects—to which the Commissioner draws attention, has not been without effect. Thus, there has been no increase in III Division Town and the Southern Division Suburbs, in which the beat system was introduced towards the close of 1909; while on the other hand the largest rise occurs in the Northern Suburbs, where, owing to recruiting difficulties, it was not put into force until the close of the year under report. It is to be hoped, moreover, that the hands of the Police will be considerably strengthened in the campaign against professional crime by the new sections of the Calcutta and Suburban Police Acts (section 54 A, Act IV of 1866, and section 33 A, Act II of 1866), which strike at the root of the matter by strengthening the hands of the Police in dealing with receivers of stolen property—a peculiarly elusive class of criminal. The Lieutenant-Governor in Council is glad to observe that a number of prosecutions under these sections have already been carried to a successful issue, and that the Commissioner of Police is fully alive to the importance of the additional power with which he has been armed.

6. *Police Courts.*—The work of the Courts continued to be heavy, showing an inappreciable reduction on the figures for 1909 and the Lieutenant-Governor in Council is gratified to observe that a substantial share of the burden was borne by the unpaid Magistracy, whose public spirit he desires to acknowledge. At the same time he recognizes that the number of cases disposed of by Honorary Magistrates might have been larger had more Court accommodation been available. Since the close of the year steps have been taken to remedy this defect, and in the plans and estimates for the extension of the Police Courts which are now under preparation provision will be made on this account.

7. *Juvenile Offenders.*—In accordance with the instructions contained in the Resolution on the Report for 1909, the question of the further differentiation of the treatment of juvenile and adult accused has been examined by the Chief Presidency Magistrate, Mr. Thornhill, and by Mr. Halliday, the latter of whom went into the subject with reference to English conditions while on leave. Several of the recommendations of these officers involve fresh legislation, and need to be further considered. They are both of opinion that the volume of juvenile crime in Calcutta would not justify the expense of a separate Children's Court, the institution of which has been advocated; and in this opinion the Lieutenant-Governor in Council concurs. He believes, however, that a valuable advance towards segregation might be made even with the existing Courts, and proposes to issue instructions that all juvenile offenders shall be tried by the Chief Presidency Magistrate in person or by one other Presidency Magistrate to be appointed by him; that during the hearing of such cases the Courts shall as far as possible be cleared of the public; and that the presence of adult prisoners (except where their attendance is required under the law) shall on no account be permitted; and, lastly, that juvenile under-trials shall be confined in special lock-ups, entirely apart from adult prisoners. The Lieutenant-Governor in Council believes that these precautions will effect a distinct diminution in the risk of contamination run by juvenile accused.

8. *Control of Traffic.*—This subject, to which attention was drawn in the Resolution on the Report for 1909, was not neglected, and sets of rules for the regulation of street traffic have been drawn up by the Commissioner of Police and submitted for the approval of Government. The volume of motor traffic again showed a marked increase, attributable in part to the introduction of a taxi-cab service, for the control of which rules were framed during the year. The reorganization of the traffic branch of the force is at present under consideration. There was a slight increase during the year in the number of

persons injured and killed as a result of conveyance accidents. Of the 61 persons killed, horse-drawn vehicles were responsible for 31, tram-cars for 17 and motor-cars for 13. For the 870 persons injured the corresponding figures were 464, 296 and 110. Ninety-two drivers were successfully prosecuted for rash and negligent driving.

9. *Fire Brigade*.—The Nimtolla fire in January 1910, which resulted in a loss of some 7 lakhs of rupees, disclosed serious defects both in the discipline and the equipment of the Brigade. The disciplinary action which the Lieutenant-Governor found it necessary to take has already been made public. The equipment of the force has since been greatly improved by the purchase of a motor fire-engine and a motor-tender carrying an auxiliary pump. A scheme for the reorganization of the Brigade has been considered by a Committee representing the various local authorities concerned, which has now submitted its report to Government. It is trusted that as a result of these measures the Fire Brigade will be established on a footing worthy of the city.

10. *The Refuge*.—This non-official charitable institution for the relief of the incapable destitute is not referred to by the Commissioner in his Report, but it may suitably be noticed here, as it forms a valuable auxiliary to official agencies in dealing with vagrancy, and it is hoped shortly to regularize its position by notifying it under sections 18 and 19 of the Calcutta and Suburban Police (Amendment) Act, 1910, as an institution to which a Magistrate may commit vagrants, instead of to jail. The Lieutenant-Governor in Council acknowledges with pleasure the useful and humanitarian work performed by this institution, the Founder-Superintendent of which, Babu Ananda Mohan Biswas, received during the year the well deserved honour of a Kaiser-i-Hind medal. Its recognition by Government only awaits the carrying out of certain essential sanitary improvements. It is hoped that the funds for these may be readily forthcoming. The institution, which is supported by voluntary contributions, has recently been put on a firmer financial basis by the munificence of Babu Bihari Lal Mitra, who has given a donation of Rs. 25,000 towards the erection of new premises, and has promised two further instalments of the same amount. The Lieutenant-Governor in Council takes this opportunity of acknowledging with gratification this act of public generosity.

11. The Lieutenant-Governor in Council is pleased to observe the Commissioner's commendation of the officers who have done good work during the year, and desires to express his acknowledgments to Mr. Halliday and Mr. Dundas for their successful administration. He notes with pleasure that the King's Police Medal was conferred during the year on three meritorious Inspectors of the force, Mr. Hansen, Rai B. K. Gupta Banadur and Rai Saheb P. C. Lahiri.

By order of the Lieutenant-Governor in Council,

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1911.

(On an average of five years ending 1908-09 the area under jute in the territory to which the Bengal forecast relates has represented 20·5 per cent of the total area under jute in British India).

THE present forecast deals only with the estimated area sown. It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales.

2. *Acres*.—The estimated area sown during the current and four preceding years in round numbers is given below :—

Year	Acres
1907	931,200
1908	548,700
1909	555,100
1910	573,800
1911	576,700

The area under jute this year in Cooch Behar State, which is not included in the above figures, is estimated at 20,000 acres against 14,000 acres in the preceding year.

3. *Weather conditions*.—Purnea is the most important jute-growing district in Bengal. It produces more than one-third of the crop. The other important districts are Hooghly, Howrah, the 24-Parganas, Nadia, Murshidabad and Jessore. During the months of March to May, the rainfall was not far from normal in all the jute districts, except Nadia, Jessore, Khulna and Darjeeling, where it was above normal. Sowings commenced in the normal time in most districts, but were late in parts of Midnapore, Hooghly, Howrah, 24-Parganas, parts of Khulna, Bhagalpur and Purnea and Cuttack owing to want of sufficient moisture. In Darjeeling the seeds were damaged by heavy rain. The rainfall in June was general and above the average in all the jute-growing districts, except in Midnapore, Hooghly, Howrah, the 24-Parganas and Khulna, where it was in slight defect. At the time of the submission of the district reports (which were received between the 4th and 7th July) sowings were reported to be incomplete in parts of Midnapore, Howrah, the 24-Parganas, Murshidabad, Champaran, Bhagalpur and Cuttack.

Below is the usual statement of the rainfall in the seven principal jute-growing districts from March to June for the current and the four preceding years :—

Name of district	1907.	1908.	1909.	1910.	1911.
Purnea ...	16·87	10·97	32·90	31·47	20·29

Murshidabad ..	20·06	16·48	23·26	16·09	26·11

4. *District Returns.*—The total area under jute as reported by the District Officers and by the Superintendent, Cooch Behar, is estimated in round numbers at 596,700 acres as compared with 587,800 acres of last year.

5. *Conditions and prospects.*—The condition of the crop is reported to be good in Burdwan, Nadia, Jessore, Muzaffarpur, Bhagalpur, Balasore and in the Barrackpore and Basirhat subdivisions of the 24-Parganas; fair in Midnapore, Hooghly, Murshidabad, Khulna, Champaran, Purnea, Darjeeling, Cuttack, Cooch Behar, the Ulubaria subdivision of Howrah and the Sadar, Baraset and Diamond Harbour subdivisions of the 24-Parganas. It is reported to be not good in the Sonthal Parganas and poor in the Sadar subdivision of Howrah. The prospects of the crop are reported to be favourable in all districts, except Howrah and the Sonthal Parganas.

6. *General.*—Very little of last year's crop remains in the districts.

Director of Agriculture, Bengal.

NOTIFICATIONS.

No. 2086—The 20th July 1911.—In exercise of the powers conferred by sections 31 and 41 of the Indian Forest Act, 1878 (VII of 1878), and with the previous sanction of the Governor General in Council, the Lieutenant-Governor in Council is pleased to make the following rules for the Protected Forests in the district of the Sonthal Parganas, in supersession of all rules heretofore made under those sections for those Forests.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

1. In these rules—

- (1) "bazaars" means such areas containing shops and homesteads of non-agriculturists as may from time to time be locally notified as such by the Deputy Commissioner;
- (2) "minor forest produce" means forest produce other than trees and timber (including fuel), in respect of the purchase of which a royalty is payable under these rules; and
- (3) "*ghuming*" means the system of cultivation which consists in felling the forest on a selected area, burning the out material, and sowing one or two crops in the ashes and then, after reaping, leaving the area to lie fallow for a number of years before re-cultivation.

2. No person shall cut, fell, convert, collect or remove trees or timber, or collect, introduce, remove, sell, purchase or barter forest produce, or pasture cattle, or clear or break up land for cultivation, or shall cause any of such acts to be done, except as provided by these rules.

3. All occupiers of Government land outside the limits of bazars who are resident within the Damin-i-Koh Government Estate, except such as pay rent for their homestead lands, may fell, convert and remove to their homes, but only for their own private use, and not for sale, gift or barter,—

(a) free of charge, all trees and timber of an unreserved species and all other forest produce whatsoever—

- (i) in Sonthal villages and such Paharia villages as have been settled—within the limits of the village in which they reside; and
- (ii) in other Paharia villages—within the areas from which by custom they are entitled to be supplied.

(b) trees and timber of a reserved species,—on payment of a royalty equivalent to half the royalty prescribed for the time being in respect of the purchase of such trees and timber, and with the written permission of the officer in charge of the Sonthal Parganas Forest Division (hereinafter called "the Forest Officer")—within the areas specified in clause (a).

4. Village artisans, such as potters, blacksmiths, and the like, following, outside the limits of bazars, some trade for which an unusually large supply of fuel is necessary, may be granted an annual license by the Forest Officer to remove fuel of any of the unreserved species from any protected forest within the Estate, on payment of a fee of Re 1 (one rupee), or such other fee as may be fixed from time to time by the Local Government.

5. (1) Occupiers of Government land outside the limits of bazars, except those who pay rent for their homestead lands, may, within the limits of the village within which they occupy land, clear and break up land for the cultivation of *lac* and *tussar*, and may collect and remove for sale or barter all forest produce except trees, timber, and minerals.

(2) Residents in bazars and persons not resident in the Damin-i-Koh may be granted a permit by the Deputy Commissioner to clear and break up land for the cultivation of *lac* and *tussar*, and to cut, collect, and remove for the purpose of sale or barter any specified forest produce other than trees, timber, and minerals. For such permit an annual fee not exceeding Rs. 10 (ten rupees), or such other fee as may be fixed from time to time by the Local Government, may be charged.

6. Paharia raiyats may, within the villages in which they reside, cut, fell, convert, collect, or remove for sale or barter, trees and timber of an unreserved species: provided that green trees which are over two feet in girth at a height of four feet from the ground shall not be cut without the permission of the Forest Officer.

7. Except as provided for in rule 11, all forest produce which under these rules is allowed to be sold or bartered, shall be sold or bartered at an authorized *hat* or at a toll station established by the Forest Officer with the permission of the Deputy Commissioner in connection with such *hat*, and it shall not be removed by the purchasers from such *hat* or toll station except on payment of such royalty as may be prescribed for the time being.

8. (1) Persons desirous of purchasing minor forest produce, for purposes of trade, from forest *hats* or toll stations, and from persons authorized to sell or barter it under these rules, shall be obliged to take out a license from the Forest Officer in the form annexed to these rules.

(2) There shall be a separate license for each class of forest produce and for each *hat*, or toll station, in which the licensee desires to trade. Each license shall be current for one year, unless it be revoked before the expiration of that period, and a fee of Re. 1 (one rupee), or such other sum as may be fixed from time to time by the Local Government, shall be charged on its issue.

(3) The payment of royalty on *sabai* grass shall be regulated by special rules prescribed by the Local Government.

9. RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency town, the Commissioner of Police) or Political Officer, as the case may be.

2. Any powers of the Chairman under these rules can be delegated by him to the Vice-Chairman.

3. It rests with the Chairman to decide in each case whether any certificate is necessary at all.

Height.	4. If a house is situated at the side of a road, no portion of the house shall be higher than the distance from its base to the opposite side of the street. (1) <i>Explanation</i> .—If a house be placed at the edge of a road, its height must not exceed the width of the street; but if the house or one or more of its stories be set back, the height of the house may be increased as much as the basement of the portion set back is distant from the adjoining edge of the road. (2) In the case of any house which is re-erected in a road in existence at the time when these rules come in force which is less than 25 feet wide but more than 20 feet, the proportion of height to width may be as five to four up to a limit of 25 feet. Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented to that Council, and Bills published under Rule 34.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

THE following Bills were introduced in the Bengal Legislative Council on the 22nd July 1911, and are hereby published for information, together with a Statement of Objects and Reasons:—

THE BENGAL LOCAL GOVERNMENT BILL, 1911.

A

BILL

to transfer functions of the Lieutenant-Governor of Bengal to the Lieutenant-Governor in Council.

WHEREAS the Governor General in Council has, with the approval of the Secretary of State in Council, by Proclamation No. 5278, dated the 18th November, 1910, made under section 3 of the Indian Councils Act, 1909, created a Council for the purpose of assisting the Lieutenant-Governor in the executive government of the Province of Bengal;

And whereas it is expedient to direct that the functions of the Lieutenant-Governor under enactments made by authorities in British India shall, with certain exceptions, be discharged by the Lieutenant-Governor in Council;

And whereas the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act;

55 & 56
Vict., c. 14.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Local Government Act, 1911.

Discharge of functions of Lieutenant-Governor by the Lieutenant-Governor in Council.

2 All functions of the Lieutenant-Governor of Bengal under any enactment made by any authority in British India, or under any notification, order, scheme, rule, by-law or form issued, made or prescribed under any such enactment, shall be discharged by the Lieutenant-Governor in Council: [Cf Act VII of 1905, s. 3.]

Provided that the Lieutenant-Governor may, by written order, with the previous sanction of the Governor-General in Council, direct that any such function shall be discharged by the Lieutenant-Governor personally.

Signature of orders and proceedings.

3. (1) Save in cases where an officer is specially empowered by or under any enactment other than this Act to sign an order of the Lieutenant-Governor in Council or the Lieutenant-Governor, every order and proceeding of the Lieutenant-Governor in Council or the Lieutenant-Governor shall be signed by a Secretary, Deputy Secretary, Under-Secretary or Assistant Secretary to the Government of Bengal.

(2) Every order and proceeding so signed shall be presumed to have been issued in conformity with—

(a) section 2, or

(b) the orders made by the Lieutenant-Governor under the proviso to that section, or

(c) the rules and orders made by the Lieutenant-Governor, with the consent of the Governor-General in Council, under section 3, sub-section (3), of the Indian Councils Act, 1909, for the more convenient transaction of business in his Executive Council,

9 Edw. 7, c. 4.

as the case may be.

Validation of past orders and proceedings.

4. All orders and proceedings under any enactment, notification, order, scheme, rule, by-law or form referred to in section 2, which were required by law to be issued by the Lieutenant-Governor of Bengal and have, before the commencement of this Act, been issued in the name of the Lieutenant-Governor of Bengal in Council, shall be deemed to be as valid as if they had been issued in the name of the Lieutenant-Governor.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to give full effect to the establishment of an Executive Council in Bengal by directing that the statutory functions of the Lieutenant-Governor shall be discharged by the Lieutenant-Governor in Council, except any functions which the Lieutenant-Governor may, by written order, reserve to himself. This direction is given by clause 2 of the Bill. The clause is so drawn as (1) to except Acts of Parliament, which sections 42 and 48 of the Indian Councils Act, 1861 (24 & 25 Vict., c. 67), prevent Local Legislatures from affecting, and (2), to extend to rules and orders made under enactments, as well as to the enactments themselves.

2. Clause 3 of the Bill directs that all orders and proceedings of the Lieutenant-Governor in Council or the Lieutenant-Governor shall be signed by a Secretary, Deputy Secretary, Under-Secretary or Assistant Secretary to the Government of Bengal, and shall, when so signed, be presumed to have been issued in conformity with law.

3. Orders of the Government of Bengal are now being issued in the name of the Lieutenant-Governor in Council, and it is proposed, in clause 4 of the Bill, to make a declaration to prevent the validity of these orders being called in question.

- (b) occupancy-raiyats, that is to say, raiyats having a right of occupancy in the land held by them, and
- (c) non-occupancy-raiyats, that is to say, raiyats not having such a right of occupancy.

Meaning of "ten-
ure-holder" and
"raiayat."

5. (1) "Tenure-holder" means primarily a person who has acquired from a proprietor, or from another tenure-holder, a right to hold land for the purpose of collecting rents or bringing it under cultivation by establishing tenants on it, and includes also the successors in interest of persons who have acquired such a right. [1885 s. 5; Notfn.]

(2) "Raiyat" means primarily a person who has acquired a right to hold land for the purpose of cultivating it by himself, or by members of his family, or by hired servants, or with the aid of partners, and includes also the successors in interest of persons who have acquired such a right.

Explanation.—Where a tenant of land has the right to bring it under cultivation, he shall be deemed to have acquired a right to hold it for the purpose of cultivation, notwithstanding that he uses it for the purpose of gathering the produce of it or of grazing cattle on it.

(3) A person shall not be deemed to be a raiyat unless he holds land either immediately under a proprietor or immediately under a tenure-holder.

(4) In determining whether a tenant is a tenure-holder or a raiyat, the Court shall have regard to—

- (a) local custom; and
- (b) the purpose for which the right of tenancy was originally acquired.

(5) Where the area held by a tenant exceeds thirty-three acres, the tenant shall be presumed to be a tenure-holder until the contrary is shown.

ftidars and sub-
proprietors

6. Notwithstanding anything hereinbefore contained,—

- (i) every baji-
ftidar who is recorded, in any record-

- (III) every sub-proprietor shall be deemed to be a tenure-holder for the purposes of sections 13 to 16 and 92.

CHAPTER III.

TENURE-HOLDERS.

Enhancement of rent.

Tenure in a permanently-settled area, held since Permanent Settlement, liable to enhancement only in certain cases.

7. Where a tenure in a permanently-settled area has been held from the time of the Permanent Settlement, its rent shall not be liable to enhancement, except on proof— [1885, s. 7]

- (a) that the landlord under whom it is held is entitled to enhance the rent thereof either by local custom or by the conditions under which the tenure is held, or
- (b) that the tenure-holder, by receiving reductions of his rent, otherwise than on account of a diminution of the area of the tenure, has subjected himself to the payment of the increase demanded, and that the lands are capable of affording it.

Limits of enhancement of rent of tenures.

8. (1) Where the rent of a tenure-holder is liable to enhancement, it may, subject to any contract between the parties, be enhanced up to the limit of the customary rate payable by persons holding similar tenures in the vicinity. [1885, s. 7 Notfn.]

(2) Where no such customary rate exists, it may, subject as aforesaid, be enhanced up to such limit as the Court thinks fair and equitable.

(3) In determining what is fair and equitable, the Court shall not leave to the tenure-holder as profit less than ten per centum of the balance which remains after deducting from the gross rents payable to him the expenses of collecting them, and shall have regard to—

- (a) the circumstances under which the tenure was created, for instance, whether the land comprised in the tenure, or a great portion of it, was first brought under cultivation by the agency or at the expense of the tenure-holder or his predecessors in interest, whether any fine or premium was paid on the creation of the tenure, and whether the tenure was originally created at a specially low rent for the purpose of reclamation; and
- (b) the improvements (if any) made by the tenure-holder or his predecessors in interest.

*Orissa Tenancy.**(Chapter III.—Tenure-holders.—Clauses 9—14.)*

(4) If the tenure-holder himself occupies any portion of the land included in the area of his tenure, or has made a grant of any portion of the land either rent-free or at a beneficial rent, a fair and equitable rent shall be calculated for that portion and included in the gross rents aforesaid.

Power to order gradual enhancement.

9. The Court may, if it thinks that an immediate increase of rent would produce hardship, direct that the enhancement shall be gradual; that is to say, that the rent shall increase yearly by degrees, for any number of years not exceeding five, until the limit of the enhancement allowed has been reached. [1885, s. 8.]

Rent once enhanced may not be altered for fifteen years.

10. When the rent of a tenure-holder has been enhanced by the Court or by contract, it shall not be again enhanced by the Court during the fifteen years next following the date on which it has been so enhanced. [1885, s. 9.]

Other incidents of tenures.

Permanent tenure-holder, in permanently-settled area, not liable to ejectment.

11. A holder of a permanent tenure in a permanently-settled area shall not be ejected by his landlord, except on the ground that he has broken a condition on breach of which he is, under the terms of a contract between him and his landlord, liable to be ejected: [1885, s. 10.]

Provided that, where the contract is made after the commencement of this Act, the condition is consistent with the provisions of this Act.

Transfer and transmission of permanent tenure in permanently-settled area.

12. Every permanent tenure in a permanently-settled area shall, subject to the provisions of this Act, be capable of being transferred and bequeathed in the same manner and to the same extent as other immovable property. [1885, s. 11.]

Consent of landlord required to certain transfers.

13. Every transfer, by sale, gift or exchange, of any tenure or portion of a tenure, except—

(a) land referred to in sub-clause (i) of clause (22) of section 3,

(b) land held by a sub-proprietor who is a sikmi zamindar, a padhan, a mokaddam or a pursethi kharidadar, and

(c) land held by a bajiaftidar,

shall be invalid unless made with the consent of the landlord.

Registration of certain transfers of tenures.

14. (1) When any tenure or portion of a tenure is transferred by succession, [1885, s. 27; 1908, s. 11.]

and when any tenure or portion of a tenure is transferred by sale, gift or exchange (with the consent of the landlord, where such consent is required by section 13),

the transferee or his successor in title shall cause the transfer to be registered in the office of the landlord to whom the rent of the tenure or portion is payable.

(2) The landlord shall, in the absence of sufficient reason to the contrary, allow the registration of all such transfers.

*Oriana Tenancy.**(Chapter III.—Tenure-holders.—Clause 15.)*

(3) Whenever any such transfer is registered in the office of the landlord, he shall be entitled to levy a registration-fee as follows, namely:—

(a) when land referred to in sub-clause (1) of clause (22) of section 3, or land held by a sub-proprietor who is a sikmi zamindar, a padhan, a mokaddam or a pursethi kharidadar, is transferred—

- (i) by succession—a fee of two rupees*, or
- (ii) by sale, gift or exchange—a fee of five rupees*;

(b) when land held by a bajiatidar is transferred—

- (i) by succession—a fee of one rupee*, or
- (ii) by sale, gift or exchange—a fee of two rupees*; and

(c) when land held by any other tenure-holder is transferred—

- (i) by succession—a fee of two rupees*, or
- (ii) by sale—a fee of twenty-five rupees* *per centum* of the consideration-money, or

(iii) by gift or exchange—a fee of twenty-five rupees* *per centum* of the annual rent of the tenure or portion, or, if rent be not payable in respect of the tenure or portion thereof, then a fee of five rupees*;

(4) If, in any case in which the consent of the landlord to a transfer is required by section 13, the landlord accepts the fee authorized by sub-section (3), his consent to the transfer shall be deemed to have been given.

(5) If, in any such case, the landlord refuses to accept the fee, the transferee or his successor in interest may apply to the Collector; and if the Collector, after giving notice to the landlord to appear and be heard, considers the refusal to be unreasonable, he shall, on payment of the fee to him, send the same to the landlord by postal money-order, and shall, by order, declare that the landlord's consent to the transfer shall be deemed to have been given.

(6) If an application for the registration of any transfer of a tenure or portion thereof under sub-section (7) is not made within a period of six months from the date of the transfer, and if the registration-fee authorized by sub-section (3) is not paid or tendered within that period, the transferee or his successor in title shall not be entitled to recover, at any time after the expiry of the said period, by suit or other proceeding, any rent which may have become due to him, as the owner of such tenure or portion, between the date of the transfer and the date of the application for registration.

Procedure on refusal of landlord to allow registration of transfer of tenure.

15. If any landlord refuses to allow the registration of any transfer as required by section 14, sub-section (2), the transferee or his successor in title may make application to the Collector; and the Collector shall thereupon, after causing notice to be served on the landlord, make such inquiry as he

considers necessary; and, if no sufficient grounds are shown for the refusal, shall pass an order declaring that the transfer shall be deemed to be registered.

Distribution of rent of tenure.

16. Notwithstanding anything contained in sections 13 to 15, a distribution of the rent payable in respect of any tenure or portion thereof shall not be binding on the landlord unless it is made with the express consent in writing of the landlord or of his agent if specially authorized in that behalf. [1859, s. 27; 1908, s. 13.]

CHAPTER IV.

RAIYATS HOLDING AT FIXED RATES.

17. A raiyat holding at a rent, or rate of rent, fixed in perpetuity— [1885, s. 18.]

(a) shall be subject to the same provisions with respect to the transfer of, and succession to, his holding as the holder of a permanent tenure, and

(b) shall not be ejected by his landlord, except on the ground that he has broken a condition consistent with this Act, and on breach of which he is, under the terms of a contract between him and his landlord, liable to be ejected.

OCCUPANCY-RAIYATS.

General.

Continuance of existing occupancy-rights.

18. (1) Every raiyat who immediately before the commencement of this Act has, by the operation of any enactment, by custom or otherwise, a right of occupancy in any land, shall, when this Act comes into force, have a right of occupancy in that land. [1885, s. 19; Notfn.]

(2) The exclusion from the operation of this Act, by a notification under sub-section (3) of section 1, of any area or part of an area which is constituted a Municipality under the Bengal Municipal Act, 1884, shall not affect any right, obligation or liability previously acquired, incurred or accrued in reference to such area or part. Ben. Act III of 1884.

§ Definition of "settled raiyat."

19. (1) Every person who, for a period of twelve years, whether wholly or partly before or after the commencement of this Act, has continuously held as a raiyat land situate in any village, whether under a lease or otherwise, shall be deemed to have become, on the expiration of that period, a settled raiyat of that village. [1885, s. 20; Notfn.]

(2) A person shall be deemed, for the purposes of this section, to have continuously held land in a village, notwithstanding that the particular land held by him has been different at different times.

(3) A person shall be deemed, for the purposes of this section, to have held as a raiyat any land held as a raiyat by a person whose heir he is.

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats —Clauses 20, 21.)*

(4) Land held by two or more co-sharers as a raiyat holding shall be deemed, for the purposes of this section, to have been held as a raiyat by each such co-sharer.

(5) A person shall continue to be a settled raiyat of a village as long as he holds any land as a raiyat in that village and for one year thereafter.

(6) If a raiyat recovers possession of land under section 90, he shall be deemed to have continued to be a settled raiyat, notwithstanding his having been out of possession more than a year

(7) If, in any proceeding under this Act, it is proved or admitted that a person holds any land as a raiyat, it shall, as between him and the landlord under whom he holds the land, be presumed, for the purposes of this section, until the contrary is proved or admitted, that he has for twelve years continuously held that land or some part of it as a raiyat.

settled raiyats to
have occupancy-
right. 20. (1) Every person who is a settled raiyat of a village within the meaning of section 19 shall have a right of occupancy in all land for the time being held by him as a raiyat in that village. [1885, s. 21; Notfn.]

(2) Every person who, being a settled raiyat of a village within the meaning of section 19, held land as a raiyat in that village at any time between the tenth day of September, 1891, and the commencement of this Act, shall be deemed to have acquired a right of occupancy in that land under the law then in force; but nothing in this sub-section shall affect any decree or order passed by a Court before the commencement of this Act.

Effect of acquisition
of occupancy-right by
landlord. 21. (1) When the immediate landlord of an occupancy-holding is a proprietor or permanent tenure-holder, and the entire interests of the landlord and the raiyat in the holding become united in the same person by transfer, succession or otherwise, such person shall have no right to hold the land as a tenant, but shall hold it as a proprietor or permanent tenure-holder (as the case may be); but nothing in this sub-section shall prejudicially affect the rights of any third person. [1885, s. 22 Notfn.]

(2) If the occupancy-right in land is transferred to a person jointly interested in the land as proprietor or permanent tenure-holder, he shall be entitled to hold the land subject to the payment to his co-proprietors or joint permanent tenure-holders of the shares of the rent which may be from time to time payable to them; and, if such transferee sub-lets the land to a third person, such third person shall be deemed to be a tenure-holder or a raiyat, as the case may be, in respect of the land.

Illustration—A, a co-sharer landlord, purchases the occupancy-holding of a raiyat X. A is entitled himself to hold the land on payment to his co-sharers of the shares of the rent payable to them in respect of the holding. A sub-lets the land to Y, who takes it for the purpose of establishing tenants on it: Y becomes a tenure-holder in respect of the land. Or A sub-lets it to Z, who takes it for the purpose of cultivating himself: Z becomes a raiyat in respect of the land.

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats.—Clauses 22—28.)*

(c) A person holding land as an *ijáradar* or farmer of rents shall not, while so holding, acquire, by purchase or otherwise, a right of occupancy in any land comprised in his *ijára* or farm.

Explanation.—A person having a right of occupancy in land does not lose it by subsequently becoming jointly interested in the land as proprietor or permanent tenure-holder, or by subsequently holding the land in *ijára* or farm.

Incidents of occupancy-right.

22. When a raiyat has a right of occupancy in respect of any land, he may use the land in any manner which does not materially impair the value of the land or render it unfit for the purposes of the tenancy; but shall not be entitled to cut down trees in contravention of any local custom. [1885, s. 23; Notfn.]

23. An occupancy-raiyat shall pay rent for his holding at fair and equitable rates. [1885, s. 24; Notfn.]

24. An occupancy-raiyat shall not be ejected by his landlord from his holding, except in execution of a decree for ejectment passed on the ground— [1885, s. 25; Notfn.]

(a) that he has used the land comprised in his holding in a manner which renders it unfit for the purposes of the tenancy, or

(b) that he has broken a condition consistent with the provisions of this Act, and on breach of which he is, under the terms of a contract between himself and his landlord, liable to be ejected.

25. If a raiyat dies intestate in respect of a right of occupancy, it shall, subject to any custom to the contrary, descend in the same manner as other immovable property: [1885, s. 26; Notfn.]

Provided that, in any case in which, under the law of inheritance to which the raiyat is subject, his other property goes to the Crown, his right of occupancy shall be extinguished.

Enhancement of rent.

26. The rent for the time being payable by an occupancy raiyat shall be presumed to be fair and equitable until the contrary is proved. [1885, s. 27; Notfn.]

27. Where an occupancy-raiyat pays his rent in money, his rent shall not be enhanced, except as provided by this Act. [1885, s. 28; Notfn.]

28. The money-rent of an occupancy-raiyat may be enhanced by contract, subject to the following conditions:— [1885, s. 29; Notfn.]

(a) the contract must be in writing and registered;

(b) the rent must not be enhanced so as to exceed by more than two annas in the rupee the rent previously payable by the raiyat;

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats.—Clauses 29, 30.)*

- (c) the rent fixed by the contract shall not be liable to enhancement during a term of fifteen years from the date of the contract:

Provided as follows :—

- (i) nothing in clause (a) shall prevent a landlord from recovering rent at the rate at which it has been actually paid for a continuous period of not less than three years immediately preceding the period for which the rent is claimed ;
- (ii) nothing in clause (b) shall apply to a contract by which a raiyat binds himself to pay an enhanced rent in consideration of an improvement which has been or is to be effected in respect of the holding by, or at the expense of, his landlord, and to the benefit of which the raiyat is not otherwise entitled ; but an enhanced rent fixed by such a contract shall be payable only when the improvement has been effected and, except when the raiyat is chargeable with default in respect of the improvement, only so long as the improvement exists and substantially produces its estimated effect in respect of the holding ;
- (iii) when a raiyat has held his land at a specially low rate of rent in consideration of cultivating a particular crop for the convenience of the landlord, nothing in clause (b) shall prevent the raiyat from agreeing, in consideration of his being released from the obligation of cultivating that crop, to pay such rent as he may deem fair and equitable.

Enhancement
rent by suit.

29. The landlord of a holding held at a money-rent by an occupancy-raiyat may, subject to the provisions of this Act, [1885, s. 30 ;
Notfn.] institute a suit to enhance the rent on one or more of the following grounds, namely :—

- (a) that the rate of rent paid by the raiyat is below the prevailing rate paid by occupancy-raiyats for land of a similar description and with similar advantages in the same village or in neighbouring villages, and that there is no sufficient reason for his holding at so low a rate ;
- (b) that there has been a rise in the average local prices of staple food-crops during the currency of the present rent ;
- (c) that the productive powers of the land held by the raiyat have been increased by an improvement effected by, or at the expense of, the landlord during the currency of the present rent ;
- (d) that the productive powers of the land held by the raiyat have been increased by fluvial action.

Explanation.—“ Fluvial action ” includes a change in the course of a river, rendering irrigation from the river practicable when it was not previously practicable.

Rules as to en-
hancement on ground
of prevailing rate.

30. Where an enhancement is claimed on the ground that the rate of rent paid is below the prevailing rate,— [1885, s. 31
Notfn.]

- (a) in determining what is the prevailing rate, the Court shall have regard to the rates generally paid during a period of not less than three years before the institution of the suit, and shall not decree an enhancement unless there is a substantial difference between the rate paid by the raiyat and the prevailing rate found by the Court ;

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats.—Clause 31.)*

- (b) if, in the opinion of the Court, the prevailing rate of rent cannot be satisfactorily ascertained without a local inquiry, the Court may direct that a local inquiry be held under Order XXVI in the first Schedule to the Code of Civil Procedure, 1908, by such Revenue-officer as the Local Government may authorize in that behalf by rule made under rule 9 in the said Order;
- (c) in determining under this section the rate of rent payable by a raiyat, his caste shall not be taken into consideration, unless it is proved that by local custom caste is taken into account in determining the rate; and, whenever it is found that by local custom any description of raiyats hold land at favourable rates of rent, the rate shall be determined in accordance with that custom;
- (d) in ascertaining the prevailing rate of rent, the amount of any enhancement authorized on account of a landlord's improvement shall not be taken into consideration;
- (e) if a favourable rate has been determined under clause (c) for any description of raiyats, such rate may, if the Court thinks fit, be left out of consideration in ascertaining the prevailing rate;
- (f) if the holding is held at a lump rental, the determination of the rent to be paid may be made by ascertaining the different classes of land comprised within the holding, and applying to the area of each class the prevailing rate paid on that class within the village or neighbouring villages.

of 1908.

What may be taken in certain districts to be the "prevailing rate."

31. In any district or part of a district to which this sub-section is extended by the Local Government by notification in the Calcutta Gazette, whenever the prevailing rate for any class of land is to be ascertained under section 29, clause (a), by an examination of the rates at which lands of a similar description and with similar advantages are held within any village or villages, the highest of such rates at which, and at rates higher than which, the larger portion of those lands is held may be taken to be the prevailing rate. [1885, s. 31A (1) Actfn.]

Illustrations.

- (a) The rates at which land of a similar description and with similar advantages is held in a village are as follow —

Bighas.							Rs. A. P.
100	at	1 0 0
200	"	1 8 0
150	"	1 12 0
100	"	2 0 0
150	"	2 4 0
<hr/>							
Total	...	700					

Then Rs. 2-4 is not the prevailing rate, because only 150 bighas, or less than half, are held at that rate. Rs. 2 is not the prevailing rate, because 250 bighas, or less than half, are held at that or a higher rate. Re. 1-12 is the prevailing rate, because 400 bighas, or more than half, are held either at this or a higher rate; and this is the highest rate at which, and at rates higher than which, more than half the land is held.

*Orissa Tenancy.**(Chapter V.—Occupancy-rasyats.—Clauses 32—34.)*

(b) The rates at which land of a similar description and with similar advantages is held in a village are as follow :—

bighas.						Rs. A. P.
100	at 1 0 0
250	„ 1 4 0
150	„ 1 8 0
150	„ 1 12 0
50	„ 2 0 0
<hr/>						
Total	...	700				

Then, for the reasons given in *Illustration (a)*, neither Rs. 2 nor Re. 1-12 is the prevailing rate, nor is Re. 1-8 the prevailing rate, because only 350 bighas (exactly half) are held at Re. 1-8 or at rates higher than Re. 1-8. In this case, Re. 1-4 is the prevailing rate, because more than half the lands are held at Re. 1-4 or higher rates, and this is the highest rate at which, and at rates higher than which, more than half the land is held.

Limit to enhancement of prevailing rate.

32. When the prevailing rate has once been determined [1885, s. 31B; Notfn.] by a Revenue-officer under Chapter XI or by a Revenue Court in any suit under this Act, it shall not be liable to enhancement save on the ground and to the extent specified in section 29, clause (b), and section 33.

Rules as to enhancement on ground of rise in prices.

33. Where an enhancement is claimed on the ground of a [1885, s. 3, Notfn.] rise in prices,—

(a) the Court shall compare the average prices during the decennial period immediately preceding the institution of the suit with the average prices during such other decennial period as it may appear equitable and practicable to take for comparison;

(b) the enhanced rent shall bear to the previous rent the same proportion as the average prices during the last decennial period bear to the average prices during the previous decennial period taken for purposes of comparison:

Provided that, in calculating this proportion, the average prices during the later period shall be reduced by one-third of their excess over the average prices during the earlier period;

(c) if, in the opinion of the Court, it is not practicable to take the decennial periods prescribed in clause (a), the Court may, in its discretion, substitute any shorter periods therefor.

Rules as to enhancement on ground of landlord's improvement.

34. (1) Where an enhancement is claimed on the ground of a landlord's improvement,— [1885, s. 33, Notfn.]

(a) the Court shall not grant an enhancement, unless the improvement has been registered in accordance with this Act;

b. in determining the amount of enhancement, the Court shall have regard to—

(i) the increase in the productive powers of the land caused or likely to be caused by the improvement,

(ii) the cost of the improvement,

(iii) the cost of the cultivation required for utilizing the improvement, and

(iv) the existing rent, and the ability of the land to bear a higher rent.

(2) A decree under this section shall, on the application of the tenant or his successor in interest, be subject to re-consideration

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats.—Clauses 35—40.)*

in the event of the improvement not producing or ceasing to produce the estimated effect.

Rules as to enhancement on ground of increase in productive powers due to fluvial action.

35. Where an enhancement is claimed on the ground of an increase in productive powers due to fluvial action, ^[1885, s. 34 ; Notfn.]

(a) the Court shall not take into account any increase which is merely temporary or casual ;

(b) the Court may enhance the rent to such an amount as it may deem fair and equitable, but not so as to give the landlord more than one-half of the value of the net increase in the produce of the land.

Enhancement by suit to be fair and equitable.

36. Notwithstanding anything in the foregoing sections, the Court shall not in any case decree any enhancement which is under the circumstances of the case unfair or inequitable. ^[1885, s. 35 ; Notfn.]

Power to order progressive enhancement.

37. If the Court passing a decree for enhancement considers that the immediate enforcement of the decree in its full extent will be attended with hardship to the raiyat, it may direct that the enhancement shall be gradual ; that is to say, that the rent shall increase yearly by degrees for any number of years not exceeding five until the limit of the enhancement decreed has been reached. ^[1885, s. 36 ; Notfn.]

Limitation of right to bring successive enhancement suits.

38. (1) A suit instituted for the enhancement of the rent of a holding on the ground that the rate of rent paid is below the prevailing rate, or on the ground of a rise in prices, shall not be entertained if within the fifteen years next preceding its institution the rent of the holding has been enhanced by a contract made after the tenth day of September, 1891, or if within the said period of fifteen years the rent has been commuted under section 41 or a decree has been passed under this Act or any enactment repealed by this Act enhancing the rent on either of the grounds aforesaid or on any ground corresponding thereto or dismissing the suit on the merits. ^[1885, s. 37 ; Notfn.]

(2) Nothing in this section shall affect the provisions of rule 1 in Order XXIII in the first Schedule to the Code of Civil Procedure, 1908.

V of 1908.

Reduction of rent.

Reduction of rent.

39. (1) An occupancy-raiyat holding at a money-rent may institute a suit for the reduction of his rent on the following grounds, and, except as hereinafter provided in the case of a diminution of the area of the holding, not otherwise, namely :— ^[1885, s. 38 ; Notfn.]

(a) on the ground that the soil of the holding has, without the fault of the raiyat, become permanently deteriorated by a deposit of sand or other specific cause, sudden or gradual, or

(b) on the ground that there has been a fall, not due to a temporary cause, in the average local prices of staple food-crops during the currency of the present rent.

(2) In any suit instituted under this section, the Court may direct such reduction of the rent as it thinks fair and equitable.

Price-lists.

Price-lists of staple food-crops.

40. (1) The Collector of every district shall prepare, monthly or at shorter intervals, periodical lists of the market-prices of staple food-crops grown in such local areas as the Local Government may direct, and shall submit them to the Board of Revenue for approval or revision. ^[1885, s. 39 ; Notfn.]

(2) The Collector may, if so directed by the Local Government, prepare for any local area like price-lists relating to such past times as the Local Government thinks fit, and shall submit the lists so prepared to the Board of Revenue, for approval or revision.

*Orissa Tenancy.**(Chapter V.—Occupancy-raiyats.—Clause 41.)*

(3) The Collector shall, one month before submitting a price-list to the Board of Revenue under this section, publish it in the prescribed manner within the local area to which it relates; and if any landlord or tenant of land within the local area, within the said period of one month, presents to him in writing any objection to the list, he shall submit the same to the Board of Revenue with the list.

(4) The price-lists shall, when approved or revised by the Board of Revenue, be published in the Calcutta Gazette; and any manifest error in any such list discovered after its publication may be corrected by the Collector with the sanction of the Board of Revenue.

(5) The Local Government shall cause to be compiled from the periodical lists prepared under this section lists of the average prices prevailing throughout each year, and shall cause them to be published annually in the Calcutta Gazette.

(6) In any proceedings under this Chapter for an enhancement or reduction of rent on the ground of a rise or fall in prices, the Court shall refer to the lists published under this section, and shall presume that the prices shown in the lists prepared for any year subsequent to the commencement of this Act are correct, and may presume that the prices shown in the lists prepared for any year prior to the commencement of this Act are correct, unless and until it is proved that they are incorrect.

(7) The Local Government, subject to the control of the Governor General in Council, shall make rules for determining what are to be deemed staple food-crops in any local area, and for the guidance of officers preparing price-lists under this section.

Commutation.

Commutation of
rent payable in kind.

41. (1) Where an occupancy-raiyat pays for a holding rent ^[1885, s. 40, Notfn.] in kind, or on the estimated value of a portion of the crop, or at rates varying with the crop, or partly in one of those ways and partly in another, or partly in any of those ways and partly in cash, either the raiyat or his landlord may apply to have the rent commuted to a money-rent.

(2) The application may be made to—

- (i) the Collector or Sub-divisional Officer, or
- (ii) a Revenue-officer appointed by the Local Government, under the designation of Settlement-officer or Assistant Settlement-officer, for the purpose of making a survey and record-of-rights under Chapter XI, or
- (iii) any other officer specially authorized in this behalf by the Local Government.

(3) On the receipt of the application, the officer may determine the sum to be paid as money-rent, and may order that the raiyat shall, in lieu of paying his rent in kind or otherwise as aforesaid, pay the sum so determined.

(4) In making the determination, the officer shall have regard to—

- (a) the average money-rent payable by occupancy-raiyats for land of a similar description and with similar advantages in the vicinity;
- (b) the average value of the rent actually received by the landlord during the preceding ten years or during any shorter period for which evidence may be available;
- (c) the charges incurred by the landlord in respect of irrigation under the system of rent in kind, and the arrangements made on commutation for continuing those charges;

Orissa Tenancy.

(Chapter V.—Occupancy-raiyats.—Chapter VI.—Non-occupancy-raiyats.—Clauses 42—45.)

(d) improvements effected by the landlord or by the occupancy-raiyat in respect of the raiyat's holding, and

(e) the rules laid down in section 34 regarding enhancement of rent on the ground of a landlord's improvement.

(5) The order shall be in writing, shall state the grounds on which it is made and the time from which it is to take effect, and shall be subject to appeal in like manner as if it were an order made in an ordinary revenue proceeding.

(6) If the application is opposed, the officer shall consider whether, under all the circumstances of the case, it is reasonable to grant it, and shall (unless the landlord has recovered rent in excess of the rate allowed by section 71) have regard—

(i) to the effect of commutation into a money-rent on the income of the landlord, where the landlord, being a dependent, a widow, a minor, an infirm person, or a person who by the custom of the country cannot personally cultivate, relies for livelihood upon the share of the produce payable as rent, and

(ii) to the question whether the share of the produce payable as rent is applied for religious or charitable purposes.

(7) If the officer refuses the application, he shall record in writing the reasons for the refusal, and the order of refusal shall be subject to appeal in like manner as if it were an order made in an ordinary revenue proceeding.

Period for which
commuted rents are
to remain unaltered.

42. (1) Where the rent of a holding has been commuted under section 41, it shall not, except on the ground of a landlord's improvement or of a subsequent alteration of the area of the holding, be enhanced for fifteen years; nor shall it be reduced for fifteen years, save on the ground of alteration in the area of the holding, or on the ground specified in clause (a) of section 39. [1885, s. 40A, Notfn.]

(2) The said period of fifteen years shall be counted from the date on which the order takes effect under sub-section (5) of section 41.

CHAPTER VI.

NON-OCCUPANCY-RAIYATS.

Application
Chapter.

43. This Chapter shall apply to raiyats not having a right of occupancy, who are in this Act referred to as non-occupancy-raiyats. [1885, s. 41, Notfn.]

Initial rent or non-
occupancy-raiyat.

44. When a non-occupancy-raiyat is admitted to the occupation of land, he shall become liable to pay such rent as may be agreed on between himself and his landlord at the time of his admission. [1885, s. 42, Notfn.]

Conditions of en-
hancement of rent.

45. The rent of a non-occupancy-raiyat shall not be enhanced except by registered agreement or by agreement under section 47: [1885, s. 43, Notfn.]

Provided that nothing in this section shall prevent a landlord from recovering rent at the rate at which it has been actually paid for a continuous period of not less than three years immediately preceding the period for which the rent is claimed.

*Orissa Tenancy**(Chapter VI.—Non-occupancy-raiyats.—Clauses 46, 47.)*

Grounds on which
non-occupancy-raiyat
may be ejected.

46. A non-occupancy-raiyat shall, subject to the provisions of this Act, be liable to ejectment on one or more of the following grounds, and not otherwise, namely:— [1885, s. 44, Notfn.]

- (a) on the ground that he has failed to pay an arrear of rent;
- (b) on the ground that he has used the land in a manner which renders it unfit for the purposes of the tenancy, or that he has broken a condition consistent with this Act and on breach of which he is, under the terms of a contract between himself and his landlord, liable to be ejected;
- (c) where he has been admitted to occupation of the land under a registered lease, on the ground that the term of the lease has expired;
- (d) on the ground that he has refused to agree to pay a fair and equitable rent determined under section 47, or that the term for which he is entitled to hold at such a rent has expired.

Conditions of eject-
ment on ground of
refusal to agree to
enhancement.

47. (1) A suit for ejectment on the ground of refusal to agree to an enhancement of rent shall not be instituted against a non-occupancy-raiyat unless the landlord has tendered to the raiyat an agreement to pay the enhanced rent, and the raiyat has within three months before the institution of the suit refused to execute the agreement. [1885, s. 46; Notfn.]

(2) A landlord desiring to tender an agreement to a raiyat under this section may file it in the office of such Court or officer as the Local Government appoints in this behalf, for service on the raiyat. The Court or officer shall forthwith cause it to be served on the raiyat in the prescribed manner; and, when it has been so served, it shall, for the purposes of this section, be deemed to have been tendered.

(3) If a raiyat on whom an agreement has been served under sub-section (2) executes it, and within one month from the date of service files it in the office from which it issued, it shall take effect from the commencement of the agricultural year next following.

(4) When an agreement has been executed and filed by a raiyat under sub-section (3), the Court or officer in whose office it is so filed shall forthwith cause a notice of its being so executed and filed to be served on the landlord in the prescribed manner.

(5) If the raiyat does not execute the agreement and file it under sub-section (3), he shall be deemed for the purposes of this section to have refused to execute it.

(6) If a raiyat refuses to execute an agreement tendered to him under this section, and the landlord thereupon institutes a suit to eject him, the Court shall determine what rent is fair and equitable for the holding.

(7) If the raiyat agrees to pay the rent so determined, he shall be entitled to remain in occupation of his holding at that rent for a term of five years from the date of the agreement, but on the expiration of that term shall be liable to ejectment under the conditions mentioned in section 46, unless he has acquired a right of occupancy.

(8) If the raiyat does not agree to pay the rent so determined, the Court shall pass a decree for ejectment.

Orissa Tenancy.

(Chapter VI.—Non-occupancy-raiyats.—Chapter VII.—Lands exempted from Chapters V and VI.—Chapter VIII.—Under-raiyats.—Clauses 48—51.)

(9) In determining what rent is fair and equitable, the Court shall have regard to the rents generally paid by raiyats for land of a similar description and with like advantages in the same village.

(10) A decree for ejectment passed under this section shall take effect from the end of the agricultural year in which it is passed.

Explanation of
"admitted to occupation."

48. Where a raiyat has been in occupation of land, and a lease is executed with a view to a continuance of his occupation, he is not to be deemed to be admitted to occupation by that lease for the purposes of this Chapter, notwithstanding that the lease may purport to admit him to occupation. [1885, s. 47; Notfn.]

CHAPTER VII.

LANDS EXEMPTED FROM CHAPTERS V AND VI

Bar to acquisition
of right of occupancy
in, and to application
of Chapter VI to, pro-
prietors' private lands
and certain other
lands.

49. Notwithstanding anything contained in Chapter V, a right of occupancy shall not be acquired in, nor shall anything contained in Chapter VI apply to,— [1885, s. 116; Notfn.; 1908, s. 43.]

(a) a proprietor's private lands when they are held by a tenant on a lease for a term of years or on a lease from year to year, or

(b) land acquired under the Land Acquisition Act, 1894, for the Government or any Local Authority or Railway Company, or land belonging to the Government within a cantonment, while such land remains the property of the Government or of any Local Authority or Railway Company

CHAPTER VIII.

UNDER-RAIYATS.

Limit of rent re-
coverable from under-
raiyats.

50. (1) The landlord of an under-raiyat holding at a money-rent shall not be entitled to recover rent exceeding the rent which he himself pays by more than the following percentage of the same, namely:— [1885, s. 48; Notfn.]

(a) when the rent payable by the under-raiyat is payable under a registered lease or agreement—fifty per cent.; and

(b) in any other case—twenty-five per cent.

(2) Notwithstanding anything contained in sub-section (1), a bajiaftidar landlord of an under-raiyat holding at a money-rent may, until the rent payable by the under-raiyat is settled under section 110, recover rent exceeding the rent which he himself pays by not more than the following percentage of the same, namely:—

(i) when the rent payable by the under-raiyat is payable under a registered lease or agreement—one hundred per cent.; and

(ii) in any other case—fifty per cent.

Restriction on eject-
ment of under-
raiyats.

51. An under-raiyat shall not be liable to be ejected by his landlord, except— [1885, s. 49; Notfn.]

(a) on the expiration of the term of a written lease; or

*Orissa Tenancy.**(Chapter IX.—General Provisions as to Rent.—Clauses 52—54.)*

- (b) when holding otherwise than under a written lease, at the end of the agricultural year next following the year in which a notice to quit is served upon him by his landlord.

CHAPTER IX.

GENERAL PROVISIONS AS TO RENT.

Rules and presumptions as to amount of rent.

Rules and presumptions as to fixing of rent.

52 (1) Where a tenure-holder or raiyat in a permanent-ly-settled area, and his predecessors in interest, have held at a rent or rate of rent which has not been changed from the time of the Permanent Settlement, the rent or rate of rent shall not be liable to be increased except on the ground of an alteration in the area of the tenure or holding. [1859, ss. 4, 15, 16; 1885, s. 50.]

(2) If it is proved in any suit or other proceeding under this Act that either a tenure-holder or raiyat and his predecessors in interest have held land situated in a permanently-settled area at a rent or rate of rent which has not been changed during the twenty years immediately before the institution of the suit or proceeding, it shall be presumed, until the contrary is shown, that they have held at that rent or rate of rent from the time of the Permanent Settlement:

Provided that, if it is required by or under any enactment that in any local area tenancies, or any classes of tenancies, at fixed rents or rates of rent shall be registered as such on or before a date specified by or under the enactment, the foregoing presumption shall not after that date apply to any tenancy or, as the case may be, to any tenancy of that class, in that local area unless the tenancy has been so registered.

(3) The operation of this section, so far as it relates to land held by a raiyat, shall not be affected by the fact of the land having been separated from other land which formed with it a single holding, or amalgamated with other land into one holding.

(4) Nothing in this section shall apply to a tenure held for a term of years or determinable at the will of the landlord.

Presumption as to amount of rent and conditions of holding

53. If a question arises as to the amount of a tenant's rent or the conditions under which he holds in any agricultural year, he shall be presumed, until the contrary is shown, to hold at the same rent and under the same conditions as in the last preceding agricultural year. [1859, s. 13; 1885, s. 51.]

Alteration of rent on alteration of area.

Alteration of rent in respect of alteration in area.

54. (1) Every tenant shall—

- (a) be liable to pay additional rent for all land proved by measurement to be in excess of the area for which rent has been previously paid by him, unless it is proved that the excess is due to the addition to the tenure or holding of land which, having previously belonged to the tenure or holding, was lost by diluvion or otherwise without any reduction of the rent being made; and

[1885, s. 2 Notfn.]

*Orissa Tenancy.**(Chapter IX.—General Provisions as to Rent.—Clause 55.)*

(1) be entitled to a reduction of rent in respect of any deficiency proved by measurement to exist in the area of his tenure or holding as compared with the area for which rent has been previously paid by him, unless it is proved that the deficiency is due to the loss of land which was added to the area of the tenure or holding by alluvion or otherwise, and that an addition has not been made to the rent in respect of the addition to the area.

(2) In determining the area for which rent has been previously paid, the Court shall, if so required by any party to the suit, have regard to—

- (a) the origin and conditions of the tenancy, for instance whether the rent was a consolidated rent for the entire tenure or holding;
- (b) whether the tenant has been allowed to hold additional land in consideration of an addition to his total rent or otherwise with the knowledge and consent of the landlord;
- (c) the length of time during which the tenancy has lasted without dispute as to rent or area; and
- (d) the length of the measure used or in local use at the time of the origin of the tenancy as compared with that used or in local use at the time of the institution of the suit.

(3) In determining the amount to be added to the rent, the Court shall have regard to the rates payable by tenants of the same class for lands of a similar description and with similar advantages in the vicinity, and, in the case of a tenure-holder, to the profits to which he is entitled in respect of the rent of his tenure; and shall not in any case fix any rent which, under the circumstances of the case, is unfair or inequitable.

(4) The amount abated from the rent shall bear the same proportion to the rent previously payable as the diminution of the total yearly value of the tenure or holding bears to the previous total yearly value thereof; or, in default of satisfactory proof of the yearly value of the land lost, shall bear to the rent previously payable the same proportion as the diminution of area bears to the previous area of the tenure or holding.

(5) When in a suit under this section the landlord or tenant is unable to indicate any particular land as held in excess, the rent to be added on account of the excess area may be calculated at the average rate of rent paid on all the lands of the holding, exclusive of such excess area.

(6) When in a suit under this section the landlord or tenant proves that, at the time the measurement on which the claim is based was made, there existed, in respect of the estate or permanent tenure or part thereof in which the tenure or holding is situate, a practice of settlement being made after measurement of the land assessed with rent, it may be presumed that the area of the tenure or holding specified in any lease or counterpart engagement, or (where there is an entry of area in a counterfoil receipt corresponding to the entry in the rent-roll) in any rent-roll relating to it, has been entered in such lease, counterpart engagement or rent-roll after measurement.

Payment of Rent.

Instalments of rent:

55. Subject to agreement or established usage, a money-rent payable by a tenant shall be paid in four equal instalments falling due on the last day of each quarter of the agricultural year. [1885, s. 53; Notn.]

*Orissa Tenancy.**(Chapter IX.—General Provisions as to Rent.—Clauses 56—60.)*

Time and place for
payment of rent.

56. (1) Every tenant shall pay each instalment of rent before sunset of the day on which it falls due [1885, a. 54 ; Notfn.]

(2) The payment shall, except in cases where a tenant is allowed under this Act to deposit his rent, be made at the landlord's village-office, or at such other convenient place as may be appointed in that behalf by the landlord :

Provided that the Local Government may make rules, either generally or for any specified local area, authorizing a tenant to pay his rent by postal money-order

(3) Any instalment or part of an instalment of rent not duly paid at or before the time when it falls due shall be deemed an arrear.

Appropriation of
payments.

57 (1) When a tenant makes a payment on account of rent, he may declare the year or the year and instalment to which he wishes the payment to be credited, and the payment shall be credited accordingly. [1885, a. 55 ; Notfn.]

(2) If he does not make any such declaration, the payment may be credited to the account of such year and instalment as the landlord thinks fit.

Receipts and Accounts.

Tenant making pay-
ment to his landlord
entitled to a receipt

58. (1) Every tenant who makes a payment on account of rent to his landlord shall be entitled to obtain forthwith from the landlord a written receipt for the amount paid by him, signed by the landlord. [1885, a. 56 ; Notfn.]

(2) The landlord shall prepare and retain a counterfoil of the receipt.

(2) A receipt given under this section shall operate as an acquittance for the amount of the rent payable by the tenant and deposited as aforesaid, in the same manner and to the same extent as if that amount of rent had been received—

in cases (a) and (b) of section 63, by the person specified in the application as the person to whose credit the deposit was to be entered;

in cases (a) and (b) of section 63, cause a notice of the receipt of the deposit to be served, free of charge, on the person specified in the application as the person to whose credit the deposit was to be entered;

in case (c) of that section, cause a notice of the receipt of the deposit to be posted at the landlord's village-office or in some conspicuous place in the village in which the holding is situate; and

(4) No suit or other proceeding shall be instituted against the Secretary of State for India in Council, or against any officer of the Government, in respect of anything done by a Court receiving a deposit under the foregoing sections; but nothing in this section shall prevent any person entitled to receive the amount of any such deposit from recovering the same from a person to whom it has been paid under this section.

[1885, s. 65; Notfn.]

Ejectment for
arrears in other cases.

68. (1) When an arrear of rent remains due at the end of the agricultural year from a tenant not being a permanent tenure-holder, a bajiaftidar, a raiya holding at fixed rates or an occupancy-raiya, the landlord may, whether he has obtained a decree for the recovery of the arrear or not, and whether he is entitled by the terms of any contract to eject the tenant for arrears or not, institute a suit to eject the tenant. [1885, s. 66; Notfn.]

(2) In a suit for ejectment for an arrear of rent, a decree passed in favour of the plaintiff shall specify the amount of the arrear and of the interest (if any) due thereon; and the decree shall not be executed if that amount and the costs of the suit are paid into Court within fifteen days from the date of the decree, or, when the Court is closed on the fifteenth day, on the day upon which the Court re-opens.

(3) The Court may, for special reasons, extend the period of fifteen days mentioned in this section.

Interest on arrears
of money-rent.

69. An arrear of money-rent shall bear simple interest, at the rate of twelve and-a-half *per centum per annum*, from the expiration of that quarter of the agricultural year in which the instalment falls due to the date of payment or of the institution of the suit, whichever date is earlier. [1885, s. 67; Notfn.]

Power to award
damages on rent with-
held without reason-
able cause, or to

sued for rent.

70. (1) If, in any suit brought for the recovery of arrears of rent, it appears to the Court that the defendant has, without reasonable or probable cause, neglected or refused to pay the amount of rent due by him, the Court may award to the plaintiff, in addition to the amount decreed for rent and costs, such damages, not exceeding twenty-five *per centum* on the amount of rent decreed, as it thinks fit. duce-rent.

71. Where the rent of any land is taken by appraisement or division of the produce, the landlord shall not be entitled to recover rent for that land in excess of half the gross produce of the land, or any interest on such rent, or to recover an arrear of such rent by suit unless the suit is instituted before the end of the agricultural year next following that for which the rent is claimed to be due.

- (b) if there is a dispute about the quantity, value or division of the produce,

the Collector may, on the application of either party, and on his depositing such sum on account of expenses as the Collector may require, make an order appointing such officer as he thinks fit to appraise or divide the produce.

(2) The Collector may, without such an application, make the like order in any case where, in the opinion of the District or Sub-divisional Magistrate, the making of the order would be likely to prevent a breach of the peace.

(3) Where a Collector makes an order under this section, he may, by order, prohibit the removal of the produce until the appraisement or division has been effected; but an order made by the Collector under this sub-section shall not prevent the execution of any order passed by the Court for the distraint of the tenant's crops.

(4) Every officer appointed by the Collector under sub-section (1) to appraise or divide the produce shall, for the purposes of the Indian Penal Code, be deemed to be a public servant. XLV of 1860.

(2) The officer shall, before making an appraisement or division, give notice to the landlord and tenant of the time and place at which the appraisement or division will be made; but if either the landlord or the tenant fails to attend, either personally or by agent, he may proceed *ex parte*.

(3) When the officer has made the appraisement or division, he shall submit a report of his proceedings to the Collector.

(4) The Collector shall consider the report, and, after giving the parties an opportunity of being heard, and making such inquiry (if any) as he may think necessary, shall pass such order thereon as he thinks just.

(5) The Collector may, if he thinks fit, refer any question in dispute between the parties for the decision of a Revenue Court; but, subject as aforesaid, his order shall be final and shall, on application to a Revenue Court by the landlord or the tenant, be enforceable as a decree.

74. (1) Where rent is taken by appraisalment of the produce, the tenant shall be entitled to the exclusive possession of the produce. [1885, s. 71 Notfn.]

(2) Where rent is taken by division of the produce, the tenant shall be entitled to the exclusive possession of the whole produce until it is divided, but shall not be entitled to remove any portion of the produce from the threshing-floor at such a time or in such a manner as to prevent the due division thereof at the proper time.

(3) In either case the tenant shall be entitled to cut and harvest the produce in due course of husbandry without any interference on the part of the landlord.

(4) If the tenant removes any portion of the produce at such a time or in such a manner as to prevent the due appraisalment or division thereof at the proper time, the produce shall be deemed to have been as full as the fullest crop of the same description appraised in the neighbourhood on similar land for that harvest.

[1885, s. 72 Notfn.]

(2) Where there is more than one tenant paying rent to the landlord whose interest is transferred, a general notice from the transferee to the tenants, published in the prescribed manner, shall be a sufficient notice for the purposes of this section.

Liability for rent after transfer of occupancy-holding.

76 When an occupancy-raiyat transfers his holding without the consent of the landlord, the transferor and transferee shall be jointly and severally liable to the landlord for arrears of rent accruing due after the transfer, unless and until notice of the transfer is given to the landlord in the prescribed manner. [1885, s. 73 Notfn.]

CHAPTER X.

MISCELLANEOUS PROVISIONS AS TO LANDLORDS AND TENANTS

Improvements.

Definition of "improvement."

79. (1) For the purposes of this Act, the term "improvement," used with reference to a raiyat's holding, shall mean any work which adds to the value of the holding, [1885, s. 76]

*Orissa Tenancy.**(Chapter X.—Miscellaneous Provisions as to Landlords and Tenants.—Clauses 80—82.)*

which is suitable to the holding and consistent with the purpose for which it was let, and which, if not executed on the holding, is either executed directly for its benefit or is, after execution, made directly beneficial to it.

(2) Until the contrary is shown, the following shall be presumed to be improvements within the meaning of this section:—

- (a) the construction of wells, tanks, water-channels and other works for the storage, supply or distribution of water for the purposes of agriculture, or for the use of men and cattle employed in agriculture;
- (b) the preparation of land for irrigation;
- (c) the drainage, reclamation from rivers or other waters, or protection from floods, or from erosion or other damage by water, of land used for agricultural purposes, or waste land which is culturable;
- (d) the reclamation, clearance, enclosure or permanent improvement of land for agricultural purposes;
- (e) the renewal or re-construction of any of the foregoing works, or alterations therein or additions thereto; and
- (f) the erection of a suitable dwelling-house for the raiyat and his family, together with all necessary out-offices.

(5) But no work executed by the raiyat of a holding shall be deemed to be an improvement for the purposes of this Act if it substantially diminishes the value of his landlord's property.

Right to make improvements in case of holding at fixed rates or occupancy holding.

80. (1) Where a raiyat holds at fixed rates or has an occupancy-right in his holding, neither the raiyat nor his landlord shall, as such, be entitled to prevent the other from making an improvement in respect of the holding, except on the ground that he is willing to make it himself. [1885, s. 77.]

(2) If both the raiyat and his landlord wish to make the same improvement, the raiyat shall have the prior right to make it, unless it affects another holding or other holdings under the same landlord.

Collector to decide question as to right to make improvement, &c.

81. If a question arises between the raiyat and his landlord— [1885, s. 78.]

(a) as to the right to make an improvement, or

(b) as to whether a particular work is an improvement,

the Collector may, on the application of either party, decide the question; and his decision shall be final.

Right to make improvements in case of non-occupancy-holding.

82. (1) A non-occupancy-raiyat shall be entitled to construct, maintain and repair a well for the irrigation of his holding, with all works incidental thereto, and to erect a suitable dwelling-house for himself and his family, with all necessary out-offices; but shall not, except as aforesaid and as next hereinafter provided, be entitled to make any other improvement in respect of his holding without his landlord's permission. [1885, s. 79.]

*Orissa Tenancy.**(Chapter X.—Miscellaneous Provisions as to Landlords and Tenants —Clauses 83—85.)*

(2) A non-occupancy-raiyat who would, but for the want of his landlord's permission, be entitled to make an improvement in respect of his holding, may, if he desires that the improvement be made, deliver, or cause to be delivered, to his landlord a request in writing calling upon him to make the improvement within a reasonable time; and, if the landlord is unable or neglects to comply with that request, may make the improvement himself.

Registration of
landlord's improve-
ments.

83. (1) A landlord may, by application to such Revenue-officer as the Local Government may appoint, register any improvement which he has lawfully made, or which has been lawfully made at his expense, or which he has assisted a tenant in making. [1885, s. 80; Notfn. 1]

(2) The application shall be in such form, shall contain such information, and shall be verified in such manner, by local inquiry or otherwise, as the Local Government may, by rule, direct.

(3) The officer receiving the application may reject it if it has not been made within twelve months—

(a) in the case of improvements made before the commencement of this Act—from the commencement of this Act;

(b) in the case of improvements made after the commencement of this Act—from the date of the completion of the work.

Application
record evidence as to
improvement.

84. (1) If any landlord or tenant of a holding desires that evidence relating to any improvement made in respect thereof be recorded, he may apply to a Revenue-officer, who shall thereupon, at a time and place of which notice shall be given to the parties, record the evidence, unless he considers that there are no reasonable grounds for making the application, or it is made to appear that the subject-matter thereof is under inquiry in a Revenue Court. [1885, s. 81.]

(2) When any matter has been recorded under this section, the record thereof shall be admissible in evidence in every subsequent proceeding between the landlord and tenant or any persons claiming under them.

Compensation for
raiyat's improvements.

85. (1) Every raiyat who is ejected from his holding shall be entitled to compensation for improvements which have been made in respect thereof in accordance with this Act by him, or by his predecessor in interest, and for which compensation has not already been paid. [1885, s. 82.]

(2) Whenever a Court makes a decree or order for the ejectment of a raiyat, it shall determine the amount of compensation (if any) due under this section to the raiyat for improvements, and shall make the decree or order of ejectment conditional on the payment of that amount to the raiyat.

(3) No compensation under this section for an improvement shall be claimable where the raiyat has made the improvement in pursuance of a contract or under a lease binding him, in consideration of some substantial advantage to be obtained by him, to make the improvement without compensation, and he has obtained that advantage.

(4) Improvements made by a raiyat between the twenty-seventh day of June, 1892. and the commencement of this Act shall be deemed to have been made in accordance with this Act.

*Orissa Tenancy.**(Chapter X. — Miscellaneous Provisions as to Landlords and Tenants.—Clauses 86—88.)*

(5) The Local Government may, by notification in the Calcutta Gazette, make rules requiring the Court to associate with itself, for the purpose of estimating the compensation to be awarded under this section for an improvement, such number of assessors as the Local Government thinks fit, and determining the qualifications of those assessors and the mode of selecting them.

Principle on which compensation is to be estimated.

86. (1) In estimating the compensation to be awarded under section 85 for an improvement, regard shall be had— [1885, s. 83.]

- (a) to the amount by which the value, or the produce, of the holding, or the value of that produce, is increased by the improvement;
- (b) to the condition of the improvement, and the probable duration of its effects;
- (c) to the labour and capital required for the making of such an improvement;
- (d) to any reduction or remission of rent or any other advantage given by the landlord to the raiyat in consideration of the improvement; and
- (e) in the case of a reclamation or of the conversion of unirrigated into irrigated land, to the length of time during which the raiyat has had the benefit of the improvement at an unenhanced rent.

(2) When the amount of the compensation has been assessed, the Court may, if the landlord and raiyat agree, direct that, instead of being paid wholly in money, it shall be made wholly or partly in some other way.

Acquisition of land for building and other purposes.

Acquisition of land for building and other purposes.

87. The Collector may, on the application of the landlord of a holding, [1885, s. 84; 1908, s. 50.]

and on being satisfied that he is desirous of acquiring the holding or part thereof for some reasonable and sufficient purpose having relation to the good of the holding or of the tenure or estate in which it is comprised, such as the use of the land for any charitable, religious or educational purpose, or for the purpose of mining, manufacture or irrigation, or as building ground for any such purpose or for access to land used or required for any such purpose,

authorize the acquisition thereof by the landlord upon such conditions as the Collector may think fit, and require the tenant to sell his interest in the holding or part to the landlord upon such terms as may be approved by the Collector, including full compensation to the tenant.

Sub-letting.

Restrictions on sub-letting.

88. (1) If a raiyat, who is not a bajiaftidar, sub-lets otherwise than by a registered instrument, the sub-lease shall not be valid against his landlord unless made with the landlord's consent [1885, s. 85.]

Orissa Tenancy.

(Chapter X.—Miscellaneous Provisions as to Landlords and Tenants.—Clauses 89, 90.)

(2) A sub-lease by a raiyat shall not be valid if it purports to create a term exceeding nine years.

(3) Where a raiyat has, without the consent of his landlord, granted a sub-lease by an instrument registered before the commencement of this Act, the sub-lease shall not be valid for more than nine years from the commencement of this Act.

*Surrender and Abandonment.***Surrender.**

89. (1) A raiyat not bound by a lease or other agreement for a fixed period may at the end of any agricultural year, surrender his holding. [1859, s. 19;
1885, s. 86.]

(2) But, notwithstanding the surrender, the raiyat shall be liable to indemnify the landlord against any loss of the rent of the holding for the agricultural year next following the date of the surrender, unless he gives to his landlord, at least three months before he surrenders, notice of his intention to surrender.

(3) When a raiyat has surrendered his holding, the Court shall in the following cases, for the purposes of sub-section (2), presume, until the contrary is shown, that such notice was so given, namely:—

(a) if the raiyat takes a new holding in the same village from the same landlord during the agricultural year next following the surrender;

(b) if the raiyat ceases, at least three months before the end of the agricultural year at the end of which the surrender is made, to reside in the village in which the surrendered holding is situate.

(4) The raiyat may, if he thinks fit, cause the notice to be served through the Revenue Court within the jurisdiction of which the holding or any portion of it is situate.

(5) When a raiyat has surrendered his holding, the landlord may enter on the holding and either let it to another tenant or take it into cultivation himself.

(6) When a holding is subject to an incumbrance secured by a registered instrument, the surrender of the holding shall not be valid unless it is made with the consent of the landlord and the incumbrancer.

(7) Save as provided in sub-section (6), nothing in this section shall affect any arrangement by which a raiyat and his landlord may arrange for a surrender of the whole or a part of the holding.

Abandonment.

90. (1) If a raiyat voluntarily abandons his residence without notice to his landlord and without arranging for payment of his rent as it falls due, and ceases to cultivate his holding either by himself or by some other person, the landlord may, at any time after the expiration of the agricultural year in which the raiyat so abandons and ceases to cultivate, enter on the holding and let it to another tenant or take it into cultivation himself. [1885, s. 87.]

(2) Before a landlord enters under this section, he shall file a notice in the prescribed form in the Collector's office stating that he has treated the holding as abandoned and is about to enter on it accordingly; and the Collector shall cause a notice to be published in such manner as the Local Government may, by rule, direct.

Orissa Tenancy.

(Chapter X.—*Miscellaneous Provisions as to Landlords and Tenants.*—*Clauses 91–93.*)

(3) When a landlord enters under this section, the raiyat shall be entitled to institute a suit for recovery of possession of the land at any time not later than the expiration of two years, or, in the case of a non-occupancy-raiyat, six months, from the date of the publication of the notice; and thereupon the Court may, on being satisfied that the raiyat did not voluntarily abandon his holding, order recovery of possession on such terms (if any) with respect to compensation to persons injured and payment of arrears of rent as to the Court may seem just.

(4) Where the whole or part of a holding has been sub-let by a registered instrument, the landlord shall, before entering under this section, on the holding, offer the whole holding to the sub-lessee for the remainder of the term of the sub-lease at the rent paid by the raiyat who has ceased to cultivate the holding, and on condition of the sub-lessee paying up all arrears due from that raiyat. If the sub-lessee refuses or neglects within a reasonable time to accept the offer, the landlord may avoid the sub-lease and may enter on the holding and let it to another tenant or cultivate it himself as provided in sub-sections (1) and (2).

Sub-division of tenancy.

Division of tenancy not binding on landlord without his consent.

91. A division of a tenure or holding [except a transfer of land referred to in clause (a), clause (b) or clause (c) of section, 13], or a distribution of the rent payable in respect of a tenure or holding, shall not be binding on the landlord unless it is made with his express consent in writing, or with that of his agent duly authorized in that behalf: [1885, s. 88.]

Provided that, if there is proved to have been made in any landlord's rent-roll any entry showing that any tenure or holding has been divided, or that the rent payable in respect thereof has been distributed, such landlord may be presumed to have given his express consent in writing to such division or distribution.

Ejectment.

No ejectment except in execution of decree.

92. No tenant shall be ejected from his tenure or holding except in execution of a decree. [1889, s. 21, prov., s. 22, prov. 1885, s. 89.]

Measurements.

Landlord's right to measure land.

93. (1) Subject to the provisions of this section and any contract, a landlord may, by himself or by any person authorized by him in this behalf, enter on and measure all land comprised in his estate, sub-proprietary interest or tenure other than land exempt from the payment of revenue. [Ben. Act VI of 1862, s. 9, 1885, s. 90.]

(2) A landlord shall not, without the consent of the tenant, or the written permission of the Collector, be entitled to measure land more than once in ten years, except in the following cases, namely:—

- (a) where the area of the sub-proprietary interest, tenure or holding is liable, by reason of alluvion or diluvion, to vary from year to year, and the rent payable depends on the area;
- (b) where the area under cultivation is liable to vary from year to year and the rent payable depends on the area under cultivation;
- (c) where the landlord is a purchaser otherwise than by voluntary transfer and not more than two years have elapsed since the date of his entry under the purchase.

*Oriana Tenancy.**(Chapter X.—Miscellaneous Provisions as to Landlords and Tenants.—Clauses 94—98.)*

(3) The ten years shall be computed from the date of the last measurement, whether made before or after the commencement of this Act.

Power for Court to order tenant to attend and point out boundaries.

94. (1) Where a landlord desires to measure any land which he is entitled to measure under section 93, the Revenue Court may, on the application of the landlord, make an order requiring the tenant to attend and point out the boundaries of the land. [Ben. Act VI of 1882, s. 9, 1885, s. 91.]

(2) If the tenant refuses or neglects to comply with the order, a map or other record of the boundaries and measurements of the land, prepared under the direction of the landlord at the time when the tenant was directed to attend, shall be presumed to be correct until the contrary is shown.

Standard of measurement.

95. (1) Every measurement of land made by order of a Revenue Court or of a Revenue-officer in any suit or proceeding under this Act shall be made by the acre, unless the Court or Revenue-officer directs that it be made by any other specified standard. [Ben. Act VI of 1882, s. 11, 1885, s. 92.]

(2) If the rights of the parties are regulated by any local measure other than the acre, the acre shall be converted into the local measure for the purposes of the suit or proceeding.

(3) The Local Government may, after local inquiry, make rules declaring for any local area the standard or standards of measurement locally in use in that area; and every declaration so made shall be presumed to be correct until the contrary is shown.

Managers.

Power to call upon co-owners to show cause why they should not appoint a common manager.

96. When any dispute exists between co-owners of an estate, sub-proprietary interest or tenure as to the management thereof, and in consequence there has ensued, or is likely to ensue, [1885, s. 93; Notfn.]

(a) inconvenience to the public, or

(b) injury to private rights,

the Collector may, of his own motion, or on the application of any person having an interest in the estate, sub-proprietary interest or tenure, direct a notice to be served on all the co-owners, calling on them to show cause why they should not appoint a common manager.

Provided that a co-owner of an estate, sub-proprietary interest or tenure shall not be entitled to apply under this section unless he is actually in possession of the interest he claims, and, if he is a co-owner of an estate, unless his name and the extent of his interest are registered under the Land Registration Act, 1876, and, if he is a co-owner of a sub-proprietary interest, unless he is registered or recorded as a sub-proprietor in the manner indicated in clause (a), clause (b) or clause (c) of section 62. [Ben. Act VII of 1876.]

Power to order them to appoint a manager if cause is not shown.

97. If the co-owners fail to show cause as aforesaid within one month after service of a notice under section 96, the Collector may make an order directing them to appoint a common manager; and a copy of the order shall be served on any co-owner who did not appear before it was made. [1885, s. 94; Notfn.]

Power to appoint manager if order is not obeyed.

98. If the co-owners do not, within such period, not being less than one month after the making of an order under section 97, as the Collector may fix in this behalf, or, where the order has been served as directed by that section, within a like period after such service, appoint a common manager and report the appointment for the information of the Collector, the Collector [1885, s. 95; Notfn.]

- (b) in any case appoint a manager.

Power to nominate person to act in all cases under clause (b) of last section.

99. The Local Government may nominate a person for any local area to manage all estates, sub-proprietary interests and tenures within that local area for which it may be necessary to appoint a manager under clause (b) of section 98; and, when any person has been so nominated, no other person shall be appointed manager under that clause by the Collector, unless in the case of any estate the Collector thinks fit to appoint one of the co-owners themselves as manager. [1885, s. 96; Notfn.]

Application of the Court of Wards Act, 1879, to management by Court of Wards.

100. In any case in which the Court of Wards undertakes under section 98 the management of an estate, sub-proprietary interest or tenure, so much of the provisions of the Court of Wards Act, 1879, as relates to the management of immovable property shall apply to the management. (2) He shall give such security for the proper discharge of his duties as the Collector directs.

(3) He shall, subject to the control of the Collector, provide for the management and cultivation of the estate, sub-proprietary interest or tenure, collect the rents, discharge the public revenue and pay the rent and cesses; and the co-owners shall not exercise any such function, nor shall they by mortgage or otherwise assign their share of the property. 107. On the application of one or more of the proprietors or tenure-holders, or of a large proportion of the raiyats, of an estate or tenure, and on the applicant or applicants depositing or giving security for the required amount for expenses, a Revenue-officer may, subject to, and in accordance with, rules made in this behalf by the Local Government, ascertain and record all or any of the particulars specified in section 105 with respect to the estate or tenure or any part thereof. [1885, s. 103; Notfn.]

Preliminary publication, amendment, and final publication of record-of-rights.

108. (1) When a draft record-of-rights has been prepared, the Revenue-officer shall publish the draft in the prescribed manner and for the prescribed period, and shall receive and consider any objections which may be made to any entry therein, or to any omission therefrom, during the period of publication. [1885, s. 103A; Notfn.]

(2) When such objections have been considered and disposed of according to such rules as the Local Government may prescribe, and (if a settlement of land-revenue is being or is about to be made) the Settlement Rent Roll has been incorporated with the record under section 116, sub-section (3), the Revenue-officer shall finally frame the record, and shall cause it to be finally published in the prescribed manner; and the publication shall be conclusive evidence that the record has been duly made under this Chapter.

(3) Separate draft or final records may be published under sub-section (1) or sub-section (2) for different local areas, estates, tenures or parts thereof.

Presumption as to final publication and correctness of record-of-rights.

109. (1) In any suit or other proceeding in which a record-of-rights published under this Chapter, or a duly certified copy thereof or extract therefrom, is produced, such record-of-rights shall be presumed to have been finally published, unless such publication is expressly denied; and a certificate signed by the Revenue-officer, or by the Collector of any district in which the local area, estate or tenure or part thereof to which the record-of-rights relates is wholly or partly situate, stating that a record-of-rights has been finally published under this Chapter, shall be conclusive evidence of such publication. [1885, s. 103P; Notfn.]

(2) The Local Government may, by notification, declare, with regard to any specified area, that a record-of-rights has been finally published for every village included in such area; and such notification shall be conclusive evidence of such publication.

(3) Every entry in a record-of-rights so published shall be evidence of the matter referred to in such entry, and shall be presumed to be correct until—

- (a) it is proved by evidence to be incorrect, or
- (b) such record is superseded by a fresh record-of-rights finally published under this Chapter, or by Land Records published and finally framed under Chapter XII.

Part II.—Settlement of Rents, Preparation of Settlement Rent Roll, and Disposal of Objections, in cases where a settlement of land-revenue is being or is about to be made.

Settlement of rents and preparation of Settlement Rent Roll when to be undertaken by Revenue-officer.

110. In every case in which a settlement of land-revenue is being or is about to be made, the Revenue-officer shall, after publication of the draft of the record-of-rights under section 108, sub-section (1),— [1885, s. 104; Notfn.]

- (a) settle fair and equitable rents for tenants of every class,

*Original Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—
Clauses 111—118.)*

(b) notwithstanding anything contained in section 257, settle a fair and equitable rent for any land in respect of which he has recorded, in pursuance of clause (m) of section 105, that the occupant is not entitled to hold it without payment of rent, and

(c) prepare a Settlement Rent Roll;

Provided that the Revenue-officer shall not settle the rents of tenants of every class in an estate or tenure belonging to the Government, if it does not appear to the Local Government to be expedient that he should do so.

Procedure for
Settlement of rents
and preparation of
Settlement Rent Roll
under this Part.

111. (1) For the purposes of settling rents under this Part and preparing a Settlement Rent Roll, the Revenue-officer may proceed in any one or more of the following ways, or partly in one of those ways and partly in another, that is to say—

[1885, s. 104
Notfn.]

- (a) if in any case the landlord and tenant agree between themselves as to the amount of the rent fairly and equitably payable; the Revenue-officer shall satisfy himself that the rent so agreed upon is fair and equitable; and if he is so satisfied, but not otherwise, it may be settled and recorded as the fair and equitable rent;
- (b) the Revenue-officer may himself propose what he deems to be the fair and equitable rent; and if the amount so proposed is accepted, either orally or in writing, by the tenant, and if the landlord, after notice to attend, raises no objection, the rent so proposed may be settled and recorded as the fair and equitable rent;
- (c) if the circumstances are, in the opinion of the Revenue-officer, such as to make it practicable to prepare a Table of Rates showing for any local area, estate, tenure or village or part thereof, or for each class of land in any local area, estate, tenure or village or part thereof, the rate or rates of rent fairly and equitably payable by tenure-holders and raiyats and under-raiyats of each class, he may frame a Table of Rates and settle and record all or any of the rents on the basis of such rates in the manner hereinafter described;
- (d) the Revenue-officer may settle all or any of the rents by maintaining the existing rentals recorded in the record-of-rights as published under section 108, sub-section (1), or by enhancing or reducing such rentals:

Provided that, in making any such settlement, regard shall be had to the principles laid down in sections 7 to 10, 26 to 37, 39, 40, 45, 52 to 54, 243 and 256.

(2) The Settlement Rent Roll shall show the name of each landlord and of each tenant whose rent has been settled, and the amount of each such tenant's rent payable for the area shown against his name.

Contents of Table
of Rates.

112. (1) If a Table of Rates is prepared, it shall specify—

[1885, s. 104B;
Notfn.]

- (a) the class or several classes of land for which, having regard to the nature of the soil, situation, means of irrigation, and other like considerations, it is in the opinion of the Revenue-officer necessary or practicable to fix a rate or different rates of rent; and

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—Clauses 113—115.)*

(b) the rate or rates of rent fairly and equitably payable by tenants holding land of each such class whose rent is liable to alteration.

Local publication of Table.

(2) When the Revenue-officer has prepared the Table of Rates, he shall publish it in the local area, estate, tenure or village to which it relates, in the vernacular language prevailing in the district, and in the prescribed manner

Revenue officer to deal with objections.

(3) Any person objecting to any entry in the Table of Rates may present a petition to the Revenue-officer within a period of one month after such publication, and the Revenue-officer shall consider any such objection and may alter or amend the Table.

Table to be submitted to superior Revenue authority.

(4) If no objection is made within the said period of one month, or, where objections are made, after they have been disposed of, the Revenue-officer shall submit his proceedings to the Revenue authority empowered by rule made by the Local Government to confirm the Tables and Rent Rolls prepared under this Part (hereinafter called the "confirming authority"), with a full statement of the grounds of his proposals, and shall forward any petitions of objection which he may have received.

Proceedings of confirming authority.

(5) The confirming authority may confirm a Table submitted under sub-section (4), or may disallow the same, or may amend the same in any manner which appears to it proper, and may allow in whole or in part any objection forwarded therewith or subsequently made, or may return the case for further inquiry.

Effect of Table.

(6) When a Table of Rates has been confirmed by the confirming authority, the order confirming it shall be conclusive evidence that the proceedings for the preparation of the Table have been duly conducted in accordance with this Act; and it may be presumed that the rates shown in the Table for tenants of each class, for each class of land, are the fair and equitable rates payable for land of that class within the area to which the Table applies

Application of Table of Rates.

113. When a Table of Rates has been confirmed under section 112, sub-section (5), the Revenue-officer may settle all or any of the rents, and prepare the Settlement Rent Roll, on the basis of the rates shown in the Table, by calculating the rental of each tenure or each holding of a raiyat or under-raiyat on the area of such tenure or holding at the said rates : [1885, s. 104C Notfn.]

Provided that the Revenue-officer shall not be bound to apply the said rates in any particular case in which he may consider it unfair or inequitable to do so.

Rules and principles to be followed in framing Table of Rates, and settling rents in accordance therewith.

114. In framing a Table of Rates under section 112, and in settling rents under section 113, the Revenue-officer shall be guided by such rules as the Local Government may make in this behalf, and shall, so far as may be, and subject to the proviso to the said section 113, have regard to the general principles of this Act regulating the enhancement or reduction of rents. [1885, s. 104D; Notfn.]

Preliminary publication and amendment of Settlement Rent Roll.

115. (1) When a Settlement Rent Roll for a local area, estate, tenure or village or part thereof has been prepared, the Revenue-officer shall cause a draft of it to be published in the prescribed manner and for the prescribed period, and shall receive and consider any objections made to any entry therein, or omission therefrom, during the period of publication, and shall dispose of such objections according to such rules as the Local Government may prescribe. [1885, s. 104E; Notfn.]

(2) The Revenue-officer may, of his own motion or on the application of any party aggrieved, at any time before a Settlement Rent Roll is submitted to the confirming authority under section 116, revise any rent entered therein :

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—Clauses 116—118.)*

Provided that no such entry shall be revised until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Final revision of Settlement Rent Roll, and incorporation of the same in the record-of-rights. 116. (1) When all objections have been disposed of under section 115, the Revenue-officer shall submit the Settlement Rent Roll to the confirming authority, with a full statement of the grounds of his proposals and a summary of the objections (if any) which he has received. [1885, s. 104F; Notfn.]

(2) The confirming authority may sanction the Settlement Rent Roll, with or without amendment, or may return it for revision :

Provided that no entry shall be amended, or omission supplied, until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

(3) After sanction by the confirming authority, the Revenue-officer shall finally frame the Settlement Rent Roll, and shall incorporate it with the record-of-rights published in draft under section 108.

Appeal to, and revision by, superior Revenue authorities. 117. (1) An appeal, if presented within two months from the date of the order appealed against, shall lie from every order passed by a Revenue-officer, prior to the final publication of the record-of-rights, on any objection made under section 112, subsection (5), or section 115 ; and such appeal shall lie to such superior Revenue authority as the Local Government may, by rule, prescribe. [1885, s. 104G; Notfn.]

(2) The Board of Revenue may, in any case under this Part, on application or of its own motion, direct the revision of any record-of-rights, or any portion of a record-of-rights, at any time within two years from the date of the certificate of final publication, but not so as to affect any order passed by a Civil Court under section 118 :

Provided that no such direction shall be made until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Jurisdiction of Civil Courts in matters relating to rent. 118. (1) Any person aggrieved by an entry of a rent settled in a Settlement Rent Roll prepared under sections 111 to 116 and incorporated in a record-of-rights finally published under section 108, or by an omission to settle a rent for entry in such Settlement Rent Roll, may institute a suit in the Civil Court which would have jurisdiction to entertain a suit for the possession of the land to which the entry relates or in respect of which the omission was made. [1885, s. 104H ; Notfn.]

(2) Such suit must be instituted within six months from the date of the certificate of final publication of the record-of-rights, or, if an appeal has been presented to a Revenue authority under section 117, then within six months from the date of the disposal of such appeal.

(3) Such suit may be instituted on any of the following grounds, and on no others, namely :—

- (a) that the land is not liable to the payment of rent ;
- (b) that the land, although entered in the record-of-rights as being held rent-free, is liable to the payment of rent ;
- (c) that the relation of landlord and tenant does not exist ;
- (d) that land has been wrongly recorded as part of a particular estate, sub-proprietary interest or tenancy, or wrongly omitted from the lands of an estate, sub-proprietary interest or tenancy ;
- (e) that the tenant belongs to a class different from that to which he is shown in the record-of-rights as belonging ;

*Orissa Tenancy.**(Chapter XI—Record-of-rights and Settlement of Rents.—Clauses 119, 120.)*

- (f) that the Revenue-officer has not postponed the operation of the settled rent under the provisions of section 131, clause (a), or has wrongly fixed the date from which it is to take effect under that clause;
- (g) that the special conditions and incidents of the tenancy, or any right of way or other easement attaching to the land which is the subject of the tenancy, have not, or has not, been recorded, or have, or has, been wrongly recorded.

The Secretary of State for India in Council shall not be made a defendant in any such suit, unless the Government is landlord or tenant of the land to which the aforesaid entry relates or in respect of which the aforesaid omission was made.

(4) If it appears to the Court that the entry of rent settled is incorrect, it shall, in case (a) or case (c) mentioned in sub-section (3), declare that no rent is payable, and shall in any other case settle a fair rent;

and, in any case referred to in clause (f) or clause (g) of the said sub-section (3), the Court may declare the date from which the rent settled is to take effect, or pass such order relating to the entry as it may think fit.

(5) When the Court has declared under sub-section (4) that no rent is payable, the entry to the contrary effect in the record-of-rights shall be deemed to be cancelled.

(6) In settling a fair rent under sub-section (4), the Court shall be guided by the rents of the other tenures or holdings of the same class comprised in the same Settlement Rent Roll, as settled under sections 111 to 116.

(7) Any rent settled by the Court under sub-section (4) shall be deemed to have been duly settled in place of the rent entered in the Settlement Rent Roll.

(8) Save as provided in this section no suit shall be brought in any Civil Court in respect of the settlement of any rent or the omission to settle any rent under sections 111 to 116.

(9) When a Civil Court has passed final orders or a decree under this section, it shall notify the same to the Collector of the district.

Presumptions as to rents settled under sections 111 to 117.

119. Subject to the provisions of section 118, all rents settled under sections 111 to 116 and entered in a record-of-rights finally published under section 108, or settled under section 117, shall be deemed to have been correctly settled and to be fair and equitable rents within the meaning of this Act. [1885, s. 104; Notfn.]

Part III.—Settlement of Rents and Decision of Disputes in cases where a settlement of land-revenue is not being or is not about to be made.

Settlement of rents by Revenue-officer in cases where a settlement of land-revenue is not being or is not about to be made.

120. (1) When, in any case in which a settlement of land-revenue is not being made or is not about to be made, either the landlord or the tenant applies, within two months from the date of the certificate of the final publication of the record-of-rights under section 108, sub-section (2), for a settlement of rent, the Revenue-officer shall settle a fair and equitable rent in respect of the land held by the tenant. [1885, s. 105; Notfn.]

Explanation.—A superior landlord may apply for a settlement of rent, notwithstanding that his estate or tenure or part thereof has been temporarily leased.

(2) When, in any case in which a settlement of land-revenue is not being made or is not about to be made, the Revenue-officer has recorded, in pursuance of clause (m) of section 105, that the occupant of any land claimed to be held rent-free is not entitled

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—Clauses 121, 122.)*

to hold it without payment of rent, and either the landlord or the occupant applies, within two months from the date of the certificate of the final publication of the record-of-rights under section 108, sub-section (2), for a settlement of rent, the Revenue-officer shall settle a fair and equitable rent for the land.

(3) Every application under sub-section (1) or sub-section (2) shall, notwithstanding anything contained in the Court-fees Act, 1870, bear such stamp as the Governor General in Council VII of 1870. may prescribe by notification in the Gazette of India.

(4) In settling rents under this section, the Revenue-officer shall presume, until the contrary is proved, that the existing rent is fair and equitable, and shall have regard to the rules laid down in this Act for the guidance of the Revenue Courts in increasing or reducing rents, as the case may be.

(5) The Revenue-officer may in any case under this section propose to the parties such rents as he considers fair and equitable; and the rents so proposed, if accepted orally or in writing by the parties, may be recorded as the fair rents, and shall be deemed to have been duly settled under this Act.

(6) Where the parties agree among themselves, by compromise or otherwise, as to the amount of the fair rent, the Revenue-officer shall satisfy himself that the amount agreed upon is fair and equitable, and if so satisfied, but not otherwise, he shall record the amount so agreed upon as the fair and equitable rent. If not so satisfied, he shall himself settle a fair and equitable rent as provided in sub-sections (4) and (5).

Decision of questions arising during the course of settlement of rents under this Part.

121. Where, in any proceedings for the settlement of rents under this Part, any of the following issues arise:— [1885, s. 103A, Notfn.]

- (a) whether the land is, or is not, liable to the payment of rent;
- (b) whether the land, although entered in the record-of-rights as being held rent-free, is liable to the payment of rent;
- (c) whether the relation of landlord and tenant exists;
- (d) whether the land has been wrongly recorded as part of a particular estate, sub-proprietary interest or tenancy, or wrongly omitted from the lands of an estate, sub-proprietary interest or tenancy;
- (e) whether the tenant belongs to a class different from that to which he is shown in the record-of-rights as belonging;
- (f) whether the special conditions and incidents of the tenancy, or any right of way or other easement attaching to the land, have not, or has not, been recorded, or have, or has, been wrongly recorded;

the Revenue-officer shall try and decide such issue and settle the rent under section 120 accordingly:

Provided that the Revenue-officer shall not try any issue under this section which has been, or is already, directly and substantially in issue between the same parties, or between parties under whom they or any of them claim, and has been tried and decided, or is already being tried, by a Revenue-officer in a suit instituted before him under section 122.

Institution of suit before a Revenue-officer.

122 In proceedings under this Part, a suit may be instituted before a Revenue-officer at any time within three months from the date of the certificate of the final publication of the record-of-rights under sub-section (2) of section 108, by presenting a plaint on stamped paper for the decision of any dispute regarding any [1885, s. 106, Notfn.]

Provided that the Revenue-officer may, subject to such rules as the Local Government may prescribe in this behalf, transfer any particular case or class of cases to a competent Civil Court for trial:

Provided also that in any suit under this section the Revenue-officer shall not try any issue which has been, or is already, directly and substantially in issue between the same parties, or between parties under whom they or any of them claim, in proceedings for the settlement of rents under this Part, where such issue has been tried and decided, or is already being tried, by a Revenue-officer under section 121.

Procedure to be
adopted by Revenue-
officer.

123. (1) In all proceedings under section 120, section 121 [1885, s. 107 ;
Notfn.] and section 122, the Revenue-officer shall, subject to rules made by the Local Government under this Act, adopt the procedure laid down in the Code of Civil Procedure, 1908, for the trial of suits; and his decision in every such proceeding shall have the force and effect of a decree of a Civil Court in a suit between the parties, and, subject to the provisions of sections 124 and 127, shall be final. v of 1908.

(2) A note of all rents settled under section 120 and of all decisions of issues or disputes under section 121 or section 122, and of all rents commuted under section 41 by a Revenue-officer appointed by the designation of Settlement-officer or Assistant Settlement-officer, shall be made in the record-of-rights finally published under sub-section (2) of section 108, and such note shall be considered as part of the record.

by Revenue-officer.

124. Any Revenue-officer specially empowered by the Local [1885, s. 107
Notfn.] Government in this behalf may, on application or of his own motion, within twelve months from the making of any order or decision under section 120, section 121, section 122 or section 123, revise the same, whether it was made by himself or by any other Revenue-officer, but not so as to affect any order passed or decree made under section 127:

Provided that no such order or decision shall be so revised if an appeal from it is pending under section 127, or until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Correction
by Revenue-officer
of mistakes in record-of-
rights.

125. Any Revenue-officer specially empowered by the [1885, s. 108A
Notfn.] Local Government in this behalf may, on application or of his own motion, within twelve months from the date of the certificate of the final publication of the record-of-rights under sub-section (2) of section 108, correct any entry in such record-of-rights which he is satisfied has been made owing to a *bonâ fide* mistake:

Provided that no such correction shall be made if an appeal affecting such entry is pending under section 127, or until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Appeals from
decisions of Revenue-
officers.

127. (1) The Local Government shall appoint one or more persons to be a Special Judge or Special Judges for the purpose of hearing appeals from the decisions of Revenue-officers under sections 120 to 125. [1885, s. 109A Notfn.]

(2) An appeal shall lie to the Special Judge from the decisions of a Revenue-officer under sections 120 to 125; and the provisions of the Code of Civil Procedure, 1908, relating to appeals shall, as nearly as may be, apply to all such appeals.

(3) Subject to the provisions of sections 103, 104 and 107 of the Code of Civil Procedure, 1908, an appeal shall lie to the High Court from the decision of a Special Judge in any case under this section (not being a decision settling a rent), as if he were a Court subordinate to the High Court within the meaning of the said section 103. V of 1908.

Provided that, if in a second appeal the High Court alters the decision of the Special Judge in respect of any of the particulars with reference to which the rent of any tenure or holding has been settled, the Court may settle a new rent for the tenure or holding, but in so doing shall be guided by the rents of the other tenures or holdings of the same class comprised in the same record as ascertained under section 105 or settled under section 120 or section 124 of this Act.

Part IV.—Supplemental Provisions.

Power of Revenue-
officer to give effect
to agreement or com-
promise.

128. (1) In framing a record-of-rights, and in deciding disputes, under this Chapter, the Revenue-officer shall give effect to any lawful agreement or compromise made or entered into by any landlord and his tenant, [1885, s. 109B, Notfn.]

but he shall not give effect to any agreement or compromise the terms of which, if they were embodied in a contract, could not be enforced under this Act.

(2) Where any agreement or compromise has been made for the purpose of settling a dispute as to the rent payable, the Revenue-officer shall, in order to ascertain whether the effect of such agreement or compromise would be to enhance the rent in a manner, or to an extent, not allowed by section 28 in the case of a contract, record evidence as to the rent which was legally payable immediately before the period in respect of which the dispute arose.

(3) Where the terms of any agreement or compromise are such as might unfairly or inequitably affect the rights of third parties, the Revenue-officer shall not give effect to such agreement or compromise unless and until he is satisfied by evidence that the statements made by the parties thereto are correct.

Illustration.—A, a proprietor, agrees that B, his tenant, shall be recorded as an occupancy raiyat: this affects the rights of the tenants of B. The Revenue-officer must, under sub-section (3), inquire whether B is a tenure-holder or a raiyat, as defined in Chapter II. If he finds on the evidence that B is a raiyat, he may give effect to the agreement, but shall not do so if he finds that B is a tenure-holder.

Power of Revenue-
officer to settle rents
on agreement.

129. (1) Notwithstanding anything contained in section 128, if, in any case, while the record is being prepared, the landlord and tenant agree as to the rent which shall be recorded as payable for the tenure or holding, a Revenue-officer specially empowered in this behalf by the Local Government may, if he is satisfied that the rent agreed upon is fair and equitable, but not otherwise, settle such rent as a fair and equitable rent, although the terms of the agreement are such that, if they were embodied in a contract, they could not be enforced under this Act; and the provisions of section 136 shall apply to a rent so settled. [1885, s. 109C, Notfn.]

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents —Clauses 130—133.)*

(2) A landlord or tenant may appeal to the Special Judge appointed under section 127 on the ground that the rent settled by the Revenue-officer, under sub-section (1), as a fair and equitable rent, was not agreed to by such landlord or tenant, and on no other ground.

(3) The Board of Revenue may, on application made, or of its own motion in proceedings undertaken, within one year from the date of the order, under sub-section (1), settling a rent as a fair and equitable rent, direct the revision of the rent so settled :

Provided that no such direction shall be made until reasonable notice has been given to the parties concerned to appear and be heard in the matter.

Note of decisions
in record.

130. A note of all rents settled and of all decisions of disputes, on revision or appeal under section 124, section 127, or sub-section (2) or sub-section (3) of section 129, shall be made in the record-of-rights finally published under sub-section (2) of section 108; and such note shall be considered as part of the record. [1885, s. 109D; Notfn.]

Date from which
settled rent takes
effect.

131. When a rent is settled by a Revenue-officer under this Chapter, it shall take effect from the beginning of the agricultural year next after the date of the decision fixing the rent or (if a settlement of land-revenue is being or is about to be made) the date of final publication of the Settlement Rent Roll: [1885, s. 110; Notfn.]

Provided as follows :—

(a) if the land is comprised in an area, estate or tenure in respect of which a settlement of land-revenue is being or is about to be made, the rent settled shall, subject to the provisions of sections 256 and 257, take effect from the expiration of the period of the current settlement, or from such other date after the expiration of that period as may be fixed by the Revenue-officer;

(b) if the land is not comprised in an area, estate or tenure as aforesaid, and if the existing rent has been fixed by a contract binding between the parties for an unexpired term of years, the rent settled shall take effect from the expiration of that term, or from such other date after the expiration of that term as may be fixed by the Revenue-officer.

Stay of proceedings
in Revenue Court
during preparation of
record-of-rights.

132. When an order has been made under section 104, directing the preparation of a record-of-rights, a Revenue Court shall not,— [1885, s. 111; Notfn.]

(a) where a settlement of land-revenue is being or is about to be made—until after the final publication of the record-of-rights, and

(b) where a settlement of land-revenue is not being made or is not about to be made—until three months after the final publication of the record-of-rights,

Limitation of juris-
diction of Civil Courts
in matters, other than
rent, relating to
record-of-rights.

133. No suit shall be brought in any Civil Court in respect of any order directing the preparation of a record-of-rights under this Chapter, or in respect of the framing, publication, signing or attestation of such a record or of any part of it, or, as provided in section 118, for the alteration of any entry in such a record of a rent settled under sections 111 to 116: [1885, s. 111A; Notfn.]

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—
Clauses 134, 135.)*

Provided that any person who is dissatisfied with any entry in, or omission from, a record-of-rights framed in pursuance of an order made under section 104, clause (d), which concerns a right of which he is in possession, may institute a suit for declaration of his right under Chapter VI of the Specific Relief Act, 1877. I of 1877.

Stay of suits in which certain issues arise. 134. (1) Where a record-of-rights has been finally published in respect of the land in any area in which a settlement of land-revenue is not being made, or is not about to be made, no application or suit affecting such land or any tenant thereof shall, within three months from the date of the certificate of final publication of such record-of-rights, be made or instituted in any Civil Court for the decision of any of the following issues, namely:—

- (a) whether the land is or is not liable to the payment of rent;
- (b) whether the relation of landlord and tenant exists;
- (c) whether the land is part of a particular estate or tenancy; or
- (d) whether there is any special condition or incident of the tenancy, or whether any right of way or other easement attaches to the land.

(2) If, before the final publication of the record-of-rights in such area, a suit involving the decision of any of the issues mentioned in sub-section (1) has been instituted in a Civil Court, the Revenue-officer shall not entertain any suit under section 122 involving the decision of the same issue.

(3) Where, in the course of settling fair rents under section 120, the Revenue-officer finds that, by reason of a suit involving the decision of any of the issues mentioned in sub-section (1) having been instituted in a Civil Court before the final publication of the record-of-rights, or before a Revenue-officer under section 122, he is unable to settle a fair rent until such issue is decided, the Revenue-officer shall stay the proceedings for the settlement of a fair rent, pending a final decision on the issue.

And, after the issue has been finally decided, he shall settle a fair rent, as if the record-of-rights had been framed in accordance with such decision.

(4) Where the making of an application or institution of a suit has been delayed owing to the operation of sub-section (1), the period of three months therein mentioned shall be excluded in computing the period of limitation prescribed for such suit or application.

Power to authorise special settlement in special cases. 135. (1) The Local Government, with the previous sanction of the Governor General in Council, may, on being satisfied that the exercise of the powers hereinafter mentioned is necessary in the interests of public order or of the local welfare, or that any landlord is demanding rents which have been illegally enhanced above those entered as payable in a record-of-rights finally published under this Chapter, invest a Revenue-officer with the following powers or either of them, namely:—

- (a) power to settle all rents;
- (b) power, when settling rents, to reduce rents if, in the opinion of the officer, the maintenance of existing rents would, on any ground, whether specified in this Act or not, be unfair or inequitable.

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—
Clauses 186, 137.)*

(2) The powers given under this section may be made exercisable within a specified area either generally or with reference to specified cases or classes of cases.

(3) A settlement of rents under this section shall be made in the manner provided by sections 110 to 119.

(4) When the Local Government takes any action under this section, the settlement-record prepared by the Revenue-officer shall not take effect until it has been finally confirmed by the Governor General in Council, and the revision, by direction of the Board of Revenue under sub-section (2) of section 117, of a record-of-rights, or any portion of a record-of-rights, prepared under this section, shall be subject to like confirmation by the Governor General in Council.

Period for which
rents as settled are
to remain unaltered.

136. (1) When the rent of a tenure or holding is settled under this Chapter, it shall not, except on the ground of a landlord's improvement or of a subsequent alteration in the area of the tenure or holding, be enhanced in the case of a tenure or an occupancy-holding or the holding of an under-raiyat having occupancy rights, for fifteen years, and, in the case of a non-occupancy-holding or the holding of an under-raiyat not having occupancy rights, for five years; and no such rent shall be reduced within the periods aforesaid, save on the ground of alteration in the area of the holding or on the ground specified in section 39, clause (a). [1885, s. 113; Notfn.]

(2) The said periods of fifteen years and five years shall be counted from the date on which the rent settled takes effect under this Chapter.

Expenses of pro-
ceedings under
Chapter.

137. (1) When the preparation of a record-of-rights has been directed or undertaken under this Chapter, in any case except where a settlement of land-revenue is being or is about to be made, the expenses incurred in carrying out the provisions of this Chapter in any local area, estate, tenure or part thereof (including expenses that may be incurred at any time, whether before or after the preparation of the record-of-rights, in the maintenance, repair or restoration of boundary marks and other survey marks erected for the purpose of carrying out the provisions of this Chapter), or such part of those expenses as the Local Government may direct, shall be defrayed by the landlords, tenants and occupants of land in that local area, estate, tenure or part, in such proportions, and in such instalments (if any), as the Local Government, having regard to all the circumstances, may determine. [1885, s. 114 Notfn.]

(2) The estimated amount of the expenses likely to be incurred for the maintenance, repair or restoration of boundary marks for a period not exceeding fifteen years, or such part of such amount as the Local Government may direct, may be recovered in advance in the same manner as if such expenses had been already incurred.

(3) The portion of the aforesaid expenses which any person is liable to pay shall be recoverable by the Government as if it were an arrear of land-revenue due in respect of the said local area, estate, tenure or part.

(4) The cost of preparing copies of survey maps and records-of-rights under this Chapter for distribution to landlords and tenants shall be deemed to be part of the expenses incurred in carrying out the provisions of this Chapter.

Explanation.—The word "tenure" in this section includes all revenue-free and rent-free tenures and holdings within a local area, estate or tenure.

*Orissa Tenancy.**(Chapter XI.—Record-of-rights and Settlement of Rents.—Chapter XI.—Land Records.—Clauses 138—144.)*

Presumption as to fixity of rent not to apply where record-of-rights has been prepared. 138. When the particulars mentioned in section 105, clause (b), have been recorded under this Chapter in respect of any tenancy, the presumption under section 52 shall not thereafter apply to that tenancy. [1885, s. 115 Notfn.]

Demarcation of village boundaries. 139. In the demarcation of village boundaries for the purpose of making a survey and preparing a record-of-rights under this Chapter, a Revenue-officer shall, so far as is possible, and subject to the provisions of the Bengal Survey Act, 1875, preserve, as the unit of survey and record, the area contained within the exterior boundaries of the village maps of the revenue survey (if any), [1885, s. 115A; Notfn.] Ben. Act V of 1875.

and, where village maps prepared at a previous revenue survey exist, he shall not, without the sanction of the Board of Revenue, adopt any other area as such unit.

[Cf. 1885, s. 109B (1).]

Alteration of rent when area of tenancy is altered.

148. (1) Notwithstanding any entry in any record-of-rights or in any Land Records, when the area of a tenancy, the rent of which is payable in money, is increased by reclamation or otherwise or diminished by fluvial action or otherwise, any officer appointed to frame Land Records may, by order, on the application of the landlord or of the tenant, determine the amount to be added to, or deducted from, the rent payable by the tenant, with reference to that increase or diminution; and section 54 shall apply as if such officer were a Court:

152. (1) At any time after an addition or reduction of rent determined under section 148 has been in force for five years, the landlord or the tenant may apply to a Revenue-officer to alter the rent on the ground of an increase or diminution in the productive powers of the land; and the Revenue-officer may after the rent accordingly, and section 54, so far as it is applicable, shall apply as if such officer were a Court.

In all areas for which Land Records have been published and finally framed under this Chapter, every Court shall, in all suits under this Act, have regard to the entries in such Records relating to the subject-matter in dispute which may be produced before it, unless such entries have been proved by evidence to be incorrect; and, when a Court passes a decree at variance with such entries, it shall record its reasons for so doing. [Cf. 1885, s. 147B.]

(2) In all cases in which the Court admits a plaint which does not contain such list or statement, the Court shall, and in any other case in which it sees fit the Court may, require the Collector to supply, without payment of fee, a verified or certified copy of, or extract from, the Land Records relating to the tenancy.

CHAPTER XIV.

DISTRRAINT.

Cases in which distraint may be made.

164. Where an arrear of rent is due to the landlord of a raiyat or under-raiyat, and has not been due for more than a year, and no security has been accepted therefor by the landlord, the landlord may, in addition to any other remedy to which he is entitled by law, recover the arrear under the provisions of this Chapter, by distraining, while in the possession of the cultivator,—

[1859, ss. 112 to 115; 1885, s. 121.]

- (1) any crops or other products of the earth standing or ungathered on the holding; and
- (2) any crops or other products of the earth which have been grown on the holding and have been reaped or gathered and are deposited on the holding or on a threshing-floor or place for treading out grain, or the like, whether in the fields or within a homestead:

Provided that no distraint shall be made—

- (i) by a proprietor or manager, as defined in the Land Registration Act, 1876, or a mortgagee of such a proprietor or manager, unless his name and the extent of his interest in the land in respect of which the arrear is due have been registered under that Act; or Ben. Act VII of 1876.
- (ii) by a sub-proprietor or bajiastidar, unless his name and the extent of his interest in the land in respect of which the arrear is due have been—
 - (a) registered under section 14, or
 - (b) recorded in a record-of-rights finally published under Chapter XI or under some other law for the time being in force, or
 - (c) recorded in Land Records published and finally framed under Chapter XII; or
- (iii) by an agent employed in the collection of rent, unless he is expressly authorized by power of attorney in that behalf; or [1859, s. 120.]
- (iv) for the recovery of any sum in excess of the rent payable for the holding in the preceding agricultural year, unless that sum is payable under a written contract or in consequence of a proceeding under this Act or an enactment hereby repealed; or
- (v) where the holding or any part of the holding of a raiyat other than a bajiastidar has been sublet with the written consent of the landlord—in respect of the produce of such holding or part.

Service of demand and notice.

165. (1) The distrainer shall, at the time of making the distraint, serve on the defaulter a written demand for the arrear due and the costs incurred in making the distraint, with a notice stating the grounds on which the distraint is made and containing also the following particulars, namely:—

[1859, s. 116; 1885, ss. 122; 125.]

- (a) the holding in respect of which the arrear is claimed, and the boundaries thereof, or such other particulars as may suffice for its identification;
- (b) the name of the tenant;
- (c) the period in respect of which the arrear is claimed;
- (d) the amount of the arrear, with the interest, if any, claimed thereon, and, when an amount in excess of the rent payable by the tenant in the last preceding agricultural year is claimed, the contract or proceedings as the case may be, under which that amount is payable;

*Orissa Tenancy**(Chapter XIV.--Distrainment.—Clauses 166—169.)*

- (e) the nature and approximate value of the produce to be distrained;
- (f) the place where it is to be found, or such other particulars as may suffice for its identification; and
- (g) if it is standing or ungathered, the time at which it is likely to be cut or gathered.

(2) The said notice shall be signed and verified in the manner provided in sub-rules (2) and (3) of rule 15 in Order VI in the first Schedule to the Code of Civil Procedure, 1908. v of 1908.

(3) Where the distrainer has reason to believe that a person other than the defaulter is the owner of the property distrained, he shall serve copies of the demand and notice on that person likewise.

(4) The demand and notice shall, if practicable, be served personally; but if a person on whom they are to be served absconds or conceals himself, or cannot otherwise be found, the distrainer shall affix copies of the demand and notice on a conspicuous part of the outside of the house in which he usually resides.

Right to distrain,
after delivering a list
of property to owner.

166. (1) Unless the demand, with all costs of the distraint, be immediately paid or tendered, the distrainer may distrain property referred to in section 164 to such value as may be expected to meet such demand and costs. [1859, s. 117;
1880, s. 127
(1).]

(2) Before seizing any property, the distrainer shall prepare a list or description thereof, and shall deliver a copy of the list to the owner of the property, or, if he is absent, shall affix it at his usual place of residence.

Right to reap, etc.,
produce.

167. (1) A distraint under this Chapter shall not prevent any person from reaping, gathering or storing any produce or doing any other act necessary for its due preservation. [1859, s. 118;
1885, s. 126.]

(2) If the person entitled to do so fails to do so at the proper time, the distrainer shall cause any standing crops or ungathered products distrained to be reaped or gathered when ripe, and stored in such granaries or other places as are commonly used for the purpose, or in some other convenient place in the neighbourhood, or shall do whatever else may be necessary for the due preservation of the same.

(3) In either case the distrained property shall remain in the charge of the distrainer or of some other person appointed by him in this behalf.

Assistance of public
officer in making
distrainment.

168. If a distrainer is opposed, or apprehends resistance, and desires to obtain the assistance of a public officer, he may apply to the Collector; and the Collector may, if he thinks it necessary to do so, depute an officer to support the distrainer in making the distraint. [1880, s. 119.]

Application to public
officer for sale.

169. (1) Within five days from the time of the storing of any distrained crops or products, or, if the crops or products do not, from their nature, admit of being stored, then within five days from the time of making the distraint, the distrainer shall apply for sale of the same to such officer, not below the rank of Kanungo or Inspector of Mutations, as the local Government may prescribe. [1869, s. 122.]

(2) The said application shall be in writing, shall contain an inventory or description of the property distrained, and shall state—

- (a) name of the defaulter, and his place of residence;

*Orissa Tenancy.**(Chapter XIV.—Distrain.—Clauses 170—172.)*

(b) the amount due ;

(c) the date of the distraint ; and

(d) the place in which the distrained property is deposited ;

and shall be accompanied by the sum required for the service of a notice upon the defaulter under section 170, clause (b).

Procedure on receipt of such application.

170. (1) When any officer referred to in section 169, sub-section (1), receives an application under that section, he shall forthwith— [1859, s. 124, 1885, s. 127(1).]

(a) send a copy of the application to the Collector ;

(b) serve a notice, in the prescribed form, on the person whose property has been distrained, requiring him either to pay the amount demanded or to institute a suit to contest the demand of the distrainer before the Collector within the period of fifteen days from the receipt of the notice ;

(c) send to the Collector, for the purpose of being put up in his office, a proclamation fixing a day for the sale of the distrained property, which shall not be less than twenty days from the date of the application ; and

(d) deliver a copy of the said proclamation to the peon charged with the service of the said notice, to be put up by him in the place where the distrained property is deposited.

(2) The said proclamation shall contain a description of the distrained property, and shall state the demand for which the property is to be sold and the place where the sale is to be held.

Suspension of sale when suit instituted.

171. (1) If a suit is instituted before the Collector in pursuance of the notice referred to in clause (b) of section 170, the Collector shall send to the officer referred to in section 169, or, if so requested, shall deliver to the owner of the distrained property, a certificate of the institution of the suit. [1859, s. 125, 1885, s. 126.]

(2) A person whose property has been distrained under this Chapter may, immediately after the distraint and before an application is made under section 169, institute a suit to contest the demand of the distrainer ; and the Collector shall thereupon proceed as provided in sub-section (1).

(3) When a certificate under sub-section (1) or sub-section (2) is received by or presented to an officer referred to in section 169, sub-section (1), he shall suspend further proceedings in regard to the sale of the distrained property, pending the decision of the suit.

Withdrawal of distraint when security given for payment of any sum that may be decreed.

172 (1) When any person whose property has been distrained has instituted a suit to contest the demand of the distrainer, he may, at any time, execute a bond with security binding himself to pay whatever sum may be adjudged in the suit to be due from him, with interest and costs. [1859, s. 127.]

(2) When such a bond is executed, the Collector shall give to the said person a certificate to that effect, or, if so requested, shall serve the distrainer with notice that such a certificate has been given ; and upon such certificate being presented to the distrainer by the said person, or served on the distrainer by the Collector, the property shall be released from distraint.

*Orissa Tenancy**(Chapter XIV.—Distrain.—Clauses 173—180.)*

- Sale when to be made.** 173. On the expiration of the period fixed in the proclamation [1859, s. 128.] of sale, the officer referred to in section 169, sub-section (1); shall—
- (a) if a certificate under section 171 of the institution of a suit to contest the demand of the distrainer has not been received by or presented to him, and
 - (b) if a certificate has not been given under section 172, and
 - (c) if the said demand, with such costs of the distraint as are allowed by him, be not paid in full,
- proceed to sell the property, or such part thereof as it may be necessary to sell in order to realise the said demand and costs.
- Place of sale.** 174. The sale shall be held at the place where the distrained [1859, s. 129 ;
1885, s. 123.] property is, or at the nearest place of public resort if the officer holding the sale is of opinion that it is likely to sell there to better advantage.
- When produce may be sold standing.** 175. (1) Crops or products which from their nature [1859, s. 118 ;
1885, s. 129.] admit of being stored shall not be sold before they are reaped or gathered and are ready for storing.
- (2) Crops or products which from their nature do not admit of being stored may be sold before they are reaped or gathered, and the purchaser shall be entitled to enter on the land, by himself or by any person appointed by him in this behalf, and do all that is necessary for the purpose of tending and reaping or gathering them.
- (3) In every case referred to in sub-section (2), the distraint shall be made at least twenty days before the time when the crops or products or any part thereof would be fit for reaping or gathering.
- Manner of sale.** 176. The property shall be sold by public auction, in one or [1859, s. 129 ;
1885, s. 130.] more lots as the officer holding the sale may think advisable; and if the demand, with the costs of distraint and sale, is satisfied by the sale of a portion of the property, the distraint shall be immediately withdrawn with respect to the remainder.
- Postponement of sale.** 177. If, on the property being put up for sale a fair price (in [1859, s. 130 ;
1885, s. 131.] the estimation of the officer holding the sale) is not offered for it, and if the owner of the property, or a person authorized to act on his behalf, applies to have the sale postponed till the next day, or (if a market is held at the place of sale) the next market-day, the sale shall be postponed until that day, and shall be then completed, whatever price may be offered for the property.
- Payment of purchase-money.** 178. The price of every lot shall be paid at the time of sale [1859, s. 131 ;
1885, s. 132.] or as soon thereafter as the officer holding the sale directs, and in default of such payment the property shall be put up again and sold.
- Certificate to be given to purchaser.** 179. When the purchase-money has been paid in full, the [1859, s. 131 ;
1885, s. 133.] officer holding the sale shall give the purchaser a certificate describing the property purchased by him and stating the price paid.
- Application of proceeds of sale.** 180. (1) From the proceeds of every sale of distrained [1859, s. 132 ;
1885, s. 134.] property the officer holding the sale shall make a deduction at the rate of one anna in the rupee as a charge for the expenses of the sale, and shall send the amount to the Collector for credit to the Government.
- (2) He shall then pay to the distrainer the expenses incurred by the distrainer on account of the distraint and

*Orissa Tenancy.**(Chapter XIV.—Distraint.—Clauses 181—186.)*

of the issue of the notice and proclamation of sale required by section 170, to such amount as, after examination of the statement of expenses furnished by the distrainer, he may think proper to allow.

(5) The remainder shall be applied to the discharge of the arrear for which the distraint was made, with interest thereon up to the day of sale; and the surplus (if any) shall be paid to the person whose property has been sold.

Certain persons may not purchase.

181 Officers holding sales of property under this Act, and all persons employed by, or subordinate to, such officers, are prohibited from purchasing, either directly or indirectly, any property sold by such officers. [1859, s. 133; 1885, s. 135.]

[1859, s. 121; 1885, s. 136 (2).]

(2) A receipt granted under this section to an owner of distrained property not being the defaulter shall afford a full protection to him against any subsequent claim for the arrears of rent on account of which the distraint was made

Amount paid by under-tenant for his lessor may be deducted from rent.

183. (1) When an inferior tenant, on his property being lawfully distrained under this Chapter for the default of a superior tenant, makes any payment under section 182, he shall be entitled to deduct the amount of that payment from any rent payable by him to his immediate landlord, and that landlord, if he is not the defaulter, shall in like manner be entitled to deduct the amount so deducted from any rent payable by him to his immediate landlord, and so on, until the defaulter is reached. [1885, s. 137.]

(2) Nothing in this section shall affect the right of an inferior tenant making a payment under section 182 to institute a suit for the recovery from the defaulter of any portion of the amount paid which he has not deducted under this section.

Conflict between rights of superior and inferior landlords.

184. When land is sub-let, and any conflict arises under this Chapter between the rights of a superior landlord and an inferior landlord who distraint the same property, the right of the superior landlord shall prevail. [1885, s. 138.]

Provided that such charge shall in no case exceed ten rupees.

(2) If the demand or any part thereof is found to be due, the Collector shall make a decree for the amount in favour of the distrainer.

Sale of distrained
property in execution
of decree.

191. (1) If, in any suit to contest the demand of a [1859, s. 137.] distrainer, the demand or any portion thereof is adjudged to be due, and if a bond has not been executed under section 172, the Collector shall send an order to the officer referred to in section 169, sub-section (1), authorizing the sale of the distrained property.

(2) If the distrainer applies to the said officer, within five days from the receipt of such order, for the sale of the said property, such officer shall—

(b) any order issued by any Court for the attachment or sale of such property:

Provided that, when any such property is sold under this Chapter after an order for the attachment or sale thereof has been issued by any Court, the surplus proceeds of the sale shall not be paid under section 180 to the owner of the property without the sanction of the Court by which the order of attachment or sale was issued.

*Orissa Tenancy.**(Chapter XIV.—Distrain.—Clauses 197—200.)*

Provided that the decision of the Collector shall not affect the right of either party who may have a legal title to the rent of the land, to establish his title by suit instituted within one year from the date of that decision.

Suit for damages by person prevented from suing in time to save his property from sale.

197. If any person, whose property has been distrained for the recovery of a demand not justly due, or of a demand due or alleged to be due from some other person, is prevented by any sufficient cause from instituting a suit to contest the demand or to try the right to the property, as the case may be, within the period allowed by section 170 or section 196, as the case may be, and if his property is in consequence brought to sale, he may institute a suit before the Collector, within three months from the date of the occurrence of the cause of action, to recover damages for the illegal distrain and sale of his property. - (b) if any distrained property is lost, damaged, or destroyed by reason of the distrainer not having taken proper precaution for the due keeping and preservation thereof, or
- (c) if a distrain is not immediately withdrawn as required by any provision of this Chapter,

the owner of the property may institute a suit before the Collector, within three months from the date of the occurrence of the cause of action, to recover damages for any injury which he may have thereby sustained.

(2) If any illegal act is committed by any agent under colour of the exercise of the powers of distrain conferred by this Chapter, the person employing such agent shall be liable, as well as the agent himself, for any damages accruing by reason of such act. [1859, s. 114.]

Suit for damages for distrain by unauthorized person.

CHAPTER XV.

JUDICIAL PROCEDURE.

Power to modify Code of Civil Procedure in its application to landlord and tenant suits.

201. The Local Government, with the previous sanction of the Governor-General in Council, may, by notification in the Calcutta Gazette, declare that any portions of the Code of Civil Procedure, 1908, which are not expressly made applicable by this Act shall not apply to suits and other proceedings in Revenue Courts, or shall apply to them with such modifications as the Local Government, with the like sanction, may prescribe. [1885, s. 143; Act V of 1908, s. 5 (1).] V of 1908,

(2) Subject to any notifications so issued, and subject also to the other provisions of this Act, the Code of Civil Procedure, 1908, shall apply to all such suits and other proceedings V of 1908.

Certain suits and applications cognizable only by the Collector.

202. The following suits and applications shall be cognizable by the Collector, and shall be instituted and tried or heard under the provisions of this Act, and shall not be cognizable in any other Court except as provided in this Act, namely — [1885, ss. 23, 24; 1908, s. 139.]

(a) all suits and applications under any portion of this Act other than Chapter XI and Chapter XII, and

(b) all suits, by landlords and others in receipt of the rent of land, against any agents employed by them in the management of land or the collection of rents, or against sureties of such agents, for money received or accounts kept by such agents in the course of such employment, or for papers in their possession.

Special register of suits.

203. The Local Government may direct that all suits, or any specified class of suits, under this Act shall be registered, not in the register of Civil Suits kept under the Code of Civil Procedure, 1908, but in such other registers as it may prescribe. [1885, s. 74; of 1885, s. 146.] V of 1908.

Successive rent suits.

204. Subject to the provisions of rule 1 in Order XXIII in the first Schedule to the Code of Civil Procedure, 1908, where a landlord has instituted a suit against a raiyat for the recovery of any rent of his holding, the landlord shall not institute another suit against him for the recovery of any rent of that holding until after three months from the date of the institution of the previous suit. [1885 s. 147.] V of 1908.

Agreements and compromises

205. (1) The provisions of rule 3 in Order XXIII in the first Schedule to the Code of Civil Procedure, 1908, shall not apply to any suit under this Act. [1885, s. 147A; Notfn.] V of 1908.

(2) If any suit under this Act is adjusted wholly or in part by any lawful agreement or compromise, or if the defendant satisfies the plaintiff in respect to the whole or any part of the matter of the suit, the Court shall pass a decree in accordance with such agreement, compromise or satisfaction, so far as it relates to the suit :

Provided that no decree shall be passed in accordance with any agreement or compromise the terms of which, if they were embodied in a contract, could not be enforced under this Act.

(3) Where any agreement or compromise has been made for the purpose of settling a dispute as to the rent payable, the Court shall, in order to ascertain whether the effect of such agreement or compromise would be to enhance the rent in a manner, or to an extent, not allowed by section 28 in the case of a contract, record evidence as to the rent which was legally payable immediately before the period in respect of which the dispute arose.

Orissa Tenancy.

(Chapter XV.—Judicial Procedure.—Clauses 206, 207.)

(4) Where the terms of any agreement or compromise are such as might unfairly or inequitably affect the rights of third parties, the Court shall not pass a decree in accordance with such agreement or compromise unless and until it is satisfied by evidence that the statements made by the parties thereto are correct.

Illustration.—A, a proprietor, agrees that B, his tenant, shall be recorded as an occupancy-ryyat. This affects the rights of the tenants of B. The Court must, under sub-section (4), inquire whether B is a tenure-holder or a riyat as defined in Chapter II. If the Court finds on the evidence that B is a riyat, it may pass a decree in accordance with the agreement, but shall not do so if it finds that B is a tenure-holder.

(5) A decree passed in accordance with any lawful agreement, compromise or satisfaction shall be final so far as it relates to so much of the subject-matter of the suit as is dealt with by such agreement, compromise or satisfaction.

Regard to be had by
Courts to entries in
record-of-rights and
Land Records.

206. In all areas for which a record-of-rights has been finally published under Chapter XI or under any other law for the time being in force, or for which Land Records have been published and finally framed under Chapter XII., a Revenue Court shall, in all suits under this Act, have regard to the entries in such record-of-rights or Land Records relating to the subject-matter in dispute which may be produced before it, unless such entries have been proved by evidence to be incorrect; and, when a Revenue Court passes a decree at variance with such entries, it shall record its reasons for so doing. [1885, s. 147B, Notfn.]

Procedure in rent-
suits.

207. The following rules shall apply to suits for the recovery of rent:— [1885, s. 148.]

- (a) sections 68 to 72 of, and rules 1 to 12 in Order XI and rule 83 in Order XXI in the first Schedule to, the Code of Civil Procedure, 1908, shall not apply to any such suit; V of 1908.
- (b) the plaint shall contain, in addition to the particulars specified in rules 1 to 6 in Order VII in the said Schedule, a statement of the situation, designation, extent and boundaries of the land held by the tenant; or, where the plaintiff is unable to give the extent or boundaries, in lieu thereof, a description sufficient for identification; [1850, s. 41, Ben. Act VI of 1862, s. 12.]
- (c) where the suit is for the rent of land situated within an area for which a record-of-rights has been finally published under Chapter XI or under any other law for the time being in force, the plaint shall further contain a list of the survey plots comprised in the tenancy and a statement of the rental of the tenancy according to the record-of-rights, unless the Court is satisfied, for reasons to be recorded in writing, that the plaintiff was prevented by any sufficient cause from furnishing such list or statement;

Provided that, in all cases in which the Court admits a plaint which does not contain such statement, the Court shall, and in any other case in which it sees fit the Court may, require the Collector to supply, without payment of fee, a verified or certified copy of, or extract from, the record-of-rights relating to the tenancy;

- (d) where an alteration has been made in the area of the tenancy since the record-of-rights was finally published, the plaint shall further contain a statement of the rental of the original tenancy according to the record-of-rights, together

*Orissa Tenancy.**(Chapter XV.—Judicial Procedure.—Clause 208.)*

with a statement showing how the amount of rent claimed in the suit has been computed;

- (e) notwithstanding anything contained in clauses (c) and (d), the Local Government may prescribe that all or any of the statements, copies and extracts referred to in those clauses may be made from Land Records published and finally framed under Chapter XII, instead of from records-of-rights;
 - (f) the summons shall be for the final disposal of the suit, unless the Court is of opinion that the summons should be for the settlement of issues only;
 - (g) the service of the summons may, if the Local Government, by rule, either generally, or specially for any local area, so directs, be effected by post, either in addition to, or in substitution for, any other mode of service;
 - (h) a written statement shall not be filed without the leave of the Court;
 - (i) the rules in rule 13 in Order XVIII in the first Schedule to the Code of Civil Procedure, 1908, ^{v of 1908.} for recording the evidence of witnesses shall apply, whether an appeal is allowed or not;
 - (j) when any account-books, rent-rolls, collection-papers, measurement papers or maps have been produced by the landlord before any Court, and have been admitted in evidence in a suit pending therein, copies of, or extracts from, such documents, certified by a duly authorized officer of such Court to be true copies or extracts, may, with the permission of the Court, be substituted on the record for the originals, which may then be returned to the landlord;
- and thereafter copies and extracts, so certified, may be admitted in evidence in any other suit instituted in the same or any other Court, unless the Court before which they are produced sees fit to require the production of the originals;
- (k) the Court may, when passing the decree, order, on the oral application of the decree-holder, the execution thereof, unless it is a decree for ejectment for arrears;
 - (l) notwithstanding anything contained in rule 16 in Order XXI in the first Schedule to the Code of Civil Procedure, 1908, ^{v of 1908.} an application for the execution of a decree for arrears obtained by a landlord shall not be made by an assignee of the decree, unless the landlord's interest in the land has become and is vested in him.

Suit by co-sharer
andlord for arrears
of rent.

208. Where a co-sharer landlord, who has instituted a ^[1885, s. 148A.] suit to recover the rent due to all the co-sharer landlords in respect of an entire tenure or holding, and has made all the remaining co-sharers parties defendant to the suit, is unable to ascertain what rent is due for the whole tenure or holding, or whether the rent due to the other co-sharer landlords has been paid or not, owing to the refusal or neglect of the tenant, or of the co-sharer landlords defendant to the suit, to furnish him with correct information on these points, or on either of them,

*Oriassa Tenancy.**(Chapter XV.—Judicial Procedure.—Clauses 209—213.)*

such plaintiff co sharer landlord shall be entitled to proceed with the suit for his share only of the rent ;

and a decree obtained by him in a suit so framed shall, as regards the remedies for enforcing the same, be as effectual as a decree obtained by a sole landlord or an entire body of landlords in a suit brought for the rent due to all the co-sharers.

Payment into Court of rent admitted to be due to third person.

209. (1) When a defendant admits that money is due from him on account of rent, but pleads that it is due not to the plaintiff but to a third person, the Court shall refuse to take cognizance of the plea unless the defendant pays into Court the amount so admitted to be due. [1859, s. 77, 1885, s. 149.]

(2) Where such a payment is made, the Court shall forthwith cause notice of the payment to be served on the third person, and shall by the notice require him to appear before it on a specified date, and, after taking evidence (if necessary) shall pass orders.

(3) If the plea is allowed, an order shall be made for payment to the third party, and, if it is not allowed, an order shall be made for payment to the plaintiff.

(4) Nothing in this section shall affect the right of any person to recover from the plaintiff money paid to him under sub-section (3), or to present an appeal under section 213.

Payment into Court of rent admitted to be due to landlord.

210. When a defendant admits that money is due from him to the plaintiff on account of rent, but pleads that the amount claimed is in excess of the amount due, the Court shall refuse to take cognizance of the plea unless the defendant pays into Court the amount so admitted to be due. [1885, s. 150.]

Provisions as to payment of portion of money.

211. When a defendant is liable to pay money into Court under section 209 or section 210, if the Court thinks that there are sufficient reasons for so ordering, it may take cognizance of the defendant's plea on his paying into Court such reasonable portion of the money as the Court directs. [1885, s. 151.]

Court to grant receipt.

212. When a defendant pays money into Court under section 209 or section 210, the Court shall give the defendant a receipt; and the receipt so given shall operate as an acquittance in the same manner and to the same extent as if it had been given by the plaintiff or the third person, as the case may be. [1885, s. 152.]

Appeals.

213. (1) Except as provided in sub-section (2), an appeal shall lie to the Collector from every order or decree passed by a Deputy Collector or Assistant Collector or Sub-Deputy Collector or Revenue officer in any suit or application under any portion of this Act other than Chapter XI and Chapter XII. [1859, ss. 151 to 153, 1880 Ben. Act VI of 1882, s. 13; 1885, s. 153.]

(2) An appeal shall not lie from any decree or order passed, whether in the first instance or on appeal, where—

(a) the decree or order is passed by a Collector, and the subject-matter in dispute does not exceed five hundred rupees in value, or

(b) the decree or order is passed by any other officer specially empowered by the Local Government to exercise final jurisdiction under this section,

*Orissa Tenancy**(Chapter XV.--Judicial Procedure —Clauses 214, 215.)*

and the subject-matter in dispute does not exceed fifty rupees in value ;

unless in either case the decree or order has decided—

- (i) a question whether rent is payable for land or, not or a question relating to title to land or to some interest in land as between parties having conflicting claims thereto, or
- (ii) a question of a right to enhance or vary the rent of a tenant, or a question of the amount of rent annually payable by a tenant.

(3) In any case referred to in clause (i), a second appeal shall lie to the District Judge, and, if the subject-matter in dispute exceeds Rs. 5,000 in value, a further appeal shall lie to the High Court from the decision of the District Judge.

(4) In any case referred to in clause (ii), a second appeal shall lie to the Commissioner, and, if the subject-matter in dispute exceeds Rs. 5,000 in value, a further appeal shall lie to the Board of Revenue from the decision of the Commissioner, and the order of the Board of Revenue shall be final.

(5) Notwithstanding anything hereinbefore contained, the Collector may call for the record of any case in which any officer referred to in sub-section (1) or in clause (b) of sub-section (2) has passed a decree or order to which this section applies, if it appears that the officer has exercised a jurisdiction not vested in him by law, or has failed to exercise a jurisdiction so vested, or has acted in the exercise of his jurisdiction illegally or with material irregularity; and the Collector may pass such order as he thinks fit.

Explanation.—A question as to the regularity of the proceedings in publishing or conducting a sale in execution of a decree for arrears of rent is not a question relating to title to land or to some interest in land as between parties having conflicting claims thereto

Deposit on application to set aside *ex-parte* decree, or for review of judgment

214. Every application for an order under rule 13 in Order IX in the first Schedule to the Code of Civil Procedure, 1908, to set aside a decree passed *ex-parte*, or for a review of judgment, under section 114 of the said Code, in a suit under this Act, shall contain a statement of the injury sustained by the applicant by reason of the decree or judgment; [1885, c. 153A.]
v of 1908.

and no such application shall be admitted—

- (a) unless the applicant has, at or before the time when the application is admitted, deposited in the Court to which the application is presented the amount, if any, which he admits to be due from him to the decree-holder, or such amount as the Court may, for reasons to be recorded by it in writing, direct ; or
- (b) unless the Court, after considering the statement of injury, is satisfied, for reasons to be recorded by it in writing, that no such deposit is necessary.

Date from which decree for enhancement takes effect.

215. A decree for enhancement of rent under this Act, if : 1885, c. 154,] passed in a suit instituted in the first eight months of an agricultural year, shall ordinarily take effect on the commencement of the agricultural year next following ; and, if passed in a suit instituted in the last four months of the

Relief against
forfeitures.

216. (1) A suit for the ejectment of a tenant, on the [1885, s. 155.] ground—

- (a) that he has used the land in a manner which renders it unfit for the purposes of the tenancy, or
- (b) that he has broken a condition on breach of which he is, under the terms of a contract between him and the landlord, liable to ejectment,

shall not be entertained unless the landlord has served, in the prescribed manner, a notice on the tenant specifying the particular misuse or breach complained of, and, where the misuse or breach is capable of remedy, requiring the tenant to remedy the same, and, in any case, to pay reasonable compensation for the misuse or breach, and the tenant has failed to comply within a reasonable time with that request.

(2) A decree passed in favour of a landlord in any such suit shall declare the amount of compensation which would reasonably be payable to the plaintiff for the misuse or breach, and whether, in the opinion of the Court the misuse or breach is capable of remedy, and shall fix a period during which it shall be open to the defendant to pay that amount to the plaintiff, and, where the misuse or breach is declared to be capable of remedy, to remedy the same.

(3) The Court may, from time to time, for special reasons, extend a period fixed by it under sub-section (2).

(4) If the defendant, within the period or extended period (as the case may be) fixed by the Court under this section, pays the compensation mentioned in the decree, and, where the misuse or breach is declared by the Court to be capable of remedy, remedies the misuse or breach to the satisfaction of the Court, the decree shall not be executed.

217. The following rules shall apply in the case of every [1885, s. 156.] raiyat ejected from a holding:—

- (a) when the raiyat has, before the date of his ejectment, sown or planted crops in any land comprised in the holding, he shall be entitled, at the option of the landlord, either to retain possession of that land and to use it for the purpose of tending and gathering in the crops, or to receive from the landlord the value of the crops as estimated by the Court executing the decree for ejectment;
- (b) when the raiyat has, before the date of his ejectment, prepared for sowing any land comprised in his holding, but has not sown or planted crops in that land, he shall be entitled to receive from the landlord the value of the labour and capital expended by him in so preparing the land, as estimated by the Court executing the decree for ejectment, together with reasonable interest on that value;

- (c) but a raiyat shall not be entitled to retain possession of any land or receive any sum in respect thereof under this section where, after the commencement of proceedings by the landlord for his ejectment, he has cultivated or prepared the land contrary to local usage;
- d) if the landlord elects under this section to allow a raiyat to retain possession of the land, the raiyat shall pay to the landlord, for the use and occupation of the land during the period for which he is allowed to retain possession of the same, such rent as the Court executing the decree for ejectment may deem reasonable.

Power for Court to fix fair rent as alternative to ejectment.

218. When a plaintiff institutes a suit for the ejectment of a trespasser, he may, if he thinks fit, claim as alternative relief that the defendant be declared liable to pay for the land in his possession a fair and equitable rent, to be determined by the Court; and the Court may grant such relief accordingly. [1885, s. 157.]

Application to determine incidents of tenancy.

219. (1) Subject to the provisions of section 132, the Court having jurisdiction to determine a suit for the possession of land may, on the application of either the landlord or the tenant of the land, determine all or any of the following matters, namely:— [1885, s. 158.]

- (b) the name and description of the tenant thereof (if any);
- (c) the class to which he belongs, that is to say, whether he is a tenure-holder, bajiaftidar, raiyat holding at fixed rates, occupancy-raiyat, non-occupancy-raiyat, or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure; and
- (d) the rent payable by him at the time of the application.

(2) If, in the opinion of the Court, any of these matters cannot be satisfactorily determined without a local inquiry, the Court may direct that a local inquiry be held under Order XXVI in the first Schedule to the Code of Civil Procedure, 1908, by such Revenue-officer as the Local Government may authorize in that behalf by rule made under rule 9 in the said Order.

[1908.]

(3) The order on any application under this section shall have the effect of, and be subject to the like appeal as, a decree.

(4) When a tenure or holding is sold in execution of a decree for arrears due in respect thereof, and there is on the tenure or holding a protected interest of the kind specified in section 223, clause (c), the purchaser may, if he has power under this Chapter to avoid all incumbrances, sue to enhance the rent of the land which is the subject of the protected interest. On proof that the land is held at a rent which was not at the time the lease was granted a fair rent, the Court may enhance the rent to such amount as appears to be fair and equitable.

This sub-section shall not apply to land which has been held for a term exceeding twelve years at a fixed rent equal to the rent of good arable land.

Power to direct that occupancy-holdings be dealt with under foregoing sections as tenures.

231. (1) The Local Government may, by notification in the Calcutta Gazette, direct that occupancy-holdings or any specified class of occupancy-holdings, in any local area, which are put up for sale in execution of a decree for an arrear of rent due on them, shall, before being put up with power to avoid all incumbrances, be put up subject to registered and notified incumbrances. 232. (1) In disposing of the proceeds of a sale under this Chapter, the following rules, instead of those prescribed by section 73 of the Code of Civil Procedure, 1908, shall be observed, that is to say— [1885, s. 169 ;
Notfn.]

(a) there shall first be paid to the decree-holder the costs incurred by him in bringing the tenure or holding to sale ;

*Orissa Tenancy.**(Chapter XVII.—Sale for Arrears under Decree.—Clause 233.)*

(b) there shall, in the next place, be paid to the decree-holder the amount due to him under the decree in execution of which the sale was made ;

(c) if there remains a balance after these sums have been paid, there shall be paid to the decree-holder therefrom any rent which may have fallen due to him in respect of the tenure or holding between the institution of the suit and the date of the sale ;

(d) the balance (if any) remaining after the payment of the rent mentioned in clause (c) shall, upon the expiration of two months from the confirmation of the sale, be paid to the judgment-debtor upon his application.

Provided that, where a tenure or holding has been sold in execution of a decree obtained by one or more co-sharer landlords in a suit framed under section 208 or a decree referred to in sub-section (1) of section 221,—

(i) payment of the amount due under such decree shall, notwithstanding anything contained in clause (b), be made to the decree-holder and to the other co-sharer landlords in proportion to the amount found to be due to each, and

(ii) if there remains a balance, payment of any rent which may have fallen due in respect of the tenure or holding between the institution of the suit and the date of the sale shall, notwithstanding anything contained in clause (c), but subject to the determination, in the manner and with the effect mentioned in sub-section (2), of any dispute as to their respective rights to receive such rent, be made to the said decree-holder and the other co-sharer landlords in proportion to their respective shares in the tenure or holding.

(2) If the judgment-debtor disputes the decree-holder's right to receive any sum on account of rent under clause (c), the Court shall determine the dispute, and the determination shall have the force of a decree.

Tenure or holding to be released from attachment only on payment into Court of amount of decree with costs or on confession of satisfaction by decree-holder.

233. (1) Rules 58 to 63 and 89 in Order XXI in the first Schedule to the Code of Civil Procedure, 1908, shall not apply to a tenure or holding attached in execution of a decree for arrears due thereon. [1885, s. 170, Notfn. V of 1908.]

(2) When an order for the sale of a tenure or holding in execution of such a decree has been made, the tenure or holding shall not be released from attachment unless, before it is knocked down to the auction-purchaser, the amount of the decree, including the costs decreed, together with the costs incurred in order to the sale, is paid into Court, or the decree-holder makes an application for the release of the tenure or holding on the ground that the decree has been satisfied out of Court.

(3) The judgment-debtor, or any person having in the tenure or holding any interest voidable on the sale, may pay moneys into Court under this section.

*Orissa Tenancy.**(Chapter XVII.—Sale for Arrears under Decree.—Clauses 234—237.)*

234. (1) When any person having, in a tenure or holding advertised for sale under this Chapter, an interest which would be voidable upon the sale, pays into Court the amount requisite to prevent the sale,—

[1885, s. 171, Notfn.]

- (a) the amount so paid by him shall be deemed to be a debt bearing interest at twelve and-a-half *per centum per annum* and secured by a mortgage of the tenure or holding to him;
- (b) his mortgage shall take priority of every other charge on the tenure or holding other than a charge for arrear of rent; and
- (c) he shall be entitled to possession of the tenure or holding as mortgagee of the tenant, and to retain possession of it as such until the debt, with the interest due thereon, has been discharged.

(2) Nothing in this section shall affect any other remedy to which any such person would be entitled.

Inferior tenant paying into Court may deduct from rent.

235. When a tenure or holding is advertised for sale under this Chapter in execution of a decree against a superior tenant defaulting, and an inferior tenant, whose interest would be voidable upon the sale, pays money into Court in order to prevent the sale, he may, in addition to any other remedy provided for him by law, deduct the whole or any portion of the amount so paid from any rent payable by him to his immediate landlord; and that landlord, if he is not the defaulter, may in like manner deduct the amount so deducted from any rent payable by him to his immediate landlord, and so on until the defaulter is reached.

[1885, s. 172; Notfn.]

Decree-holder may bid at sale; judgment-debtor may not.

236. (1) Notwithstanding anything contained in rule 72 in Order XXI in the first Schedule to the Code of Civil Procedure, 1908, the holder of a decree in execution of which a tenure or holding is sold under this Chapter may, without the permission of the Court, bid for or purchase the tenure or holding.

[1885, s. 173; Notfn.]
V of 1908.

(2) The judgment-debtor shall not bid for or purchase a tenure or holding so sold.

(3) When a judgment-debtor purchases by himself or through another person a tenure or holding so sold, the Court may, if it thinks fit, on the application of the decree-holder or any other person interested in the sale, by order set aside the sale; and the costs of the application and order, and any deficiency of price which may happen on the re-sale, and all expenses attending it, shall be paid by the judgment-debtor.

Application by judgment-debtor to set aside sale.

237. (1) Where a tenure or holding is sold for an arrear of rent due thereon, then, at any time within thirty days from the date of sale, the judgment-debtor may apply to have the sale set aside, on his depositing in Court, for payment to the decree-holder, the amount recoverable under the decree, with costs, and, for payment to the purchaser, a sum equal to five *per centum* of the purchase-money.

[1885, s. 174; Notfn.]

(2) If such deposit is made within the thirty days, the Court shall pass an order setting aside the sale, and the provisions of rule 93 in Order XXI in the first Schedule to the Code of Civil Procedure, 1908, shall apply in the case of a sale so set aside :

V of 1908.

Provided that, if a judgment-debtor applies under rule 90 in the said Order to set aside the sale of his tenure or holding, he shall not be entitled to make an application under this section, and if he applies under this section he shall not be entitled to make an application under the said rule 90.

THE ORISSA TENANCY BILL, 1911.

STATEMENT OF OBJECTS AND REASONS.

The objects of this Bill are—

- (1) to consolidate, simplify and rearrange the greater part of the Statute law relating to landlord and tenant in the districts of Cuttack, Puri and Balasore, with an area of rather more than 8,000 square miles, of which 6,000 square miles are temporarily settled and 2,000 square miles are permanently settled;
- (2) to restore to holders of sub-proprietary interests and of resumed (*bajiafti* revenue free lands the position which they held for nearly a century before the extension of certain provisions of the Bengal Tenancy Act, 1885, to the said districts in 1891 and later years;
- (3) to secure raiyats in these districts in the enjoyment of their existing rights, both statutory and customary;
- (4) to make a definite extension of the area held as private lands by proprietors and sub-proprietors, in consideration for the security of tenure to be afforded to their tenants in lands reclaimed from waste;
- (5) to improve the procedure for the recovery of rents due to proprietors and sub-proprietors;
- (6) to remove, so far as possible, ambiguities, defects and anomalies which are known to exist in the present law; and
- (7) to provide for the maintenance of land records.

II. The landlord and tenant law in these districts consists of the sections of the Bengal

Chapter of the Bengal Tenancy Act, 1885.	Portion extended.
I ...	Section 3.
II ...	Sections 4 and 5.
III ...	Section 7.
V, VI and VII ...	The whole.
VIII ...	Sections 52 to 75 (both inclusive).
IX ...	Section 80 and sections 93 to 100 (both inclusive).
X ...	The whole.
XI ...	Sections 116 to 120 (both inclusive).
XIII ...	Sections 147A and 147B.
XIII A ...	Section 158A.
XIV ...	The whole.
XVII ...	Section 189 (1), (2) and (3), and sections 190 to 192 (both inclusive).

Tenancy Act, 1885, noted in the margin and of certain local Regulations and Acts. The former Act repeals so much of the local Regulations and Acts (Act X of 1859 and Bengal Acts VI of 1862, IV of 1867 and VIII of 1879) as is inconsistent with the portions of the Act of 1885 which have been extended to these districts, and thus considerable difficulty has been created in ascertaining the particular provisions of law applicable to a very large number of rights and interests.

III. During the course of the revisional settlement, now in progress in these districts, landlords have been found to be claiming a record in their own names of lands alleged to be in their cultivating possession, and disputes on this subject between them and their tenants have been particularly acute. Agreements were being exacted from tenants, the effect of which was to prevent the accrual of occupancy rights in the lands comprising their tenancies, and there was no provision in the law to prohibit them from contracting themselves out of these rights. A large majority of landlords were also opposing the reclamation of waste lands by resident and non-resident cultivators, and where such reclamations had been made, were endeavouring to deprive the cultivators of the fruits of their labour.

IV. Further inquiries showed that the sections of the Bengal Tenancy Act already introduced were, in certain important respects, ill-adapted to local conditions. Apart from the very important difference between the temporary character of the land-revenue in these districts and the conditions which must necessarily attach to the permanently-settled estates in Bengal, certain classes of tenancies in these districts, namely, the holders of *bajiafti* (or resumed revenue-free) lands and the sub-proprietors were found to require exceptional treatment. In Act X of 1859 and the connected Acts a very large number of defects and omissions were also brought to notice. More especially, the provisions relating to the sale of tenancies were found to be inadequate, and the attempt to supplement them with the provisions of the Code of Civil Procedure was found to involve decisions of doubtful legality and practices discrepant in various Courts. Provisions of law on the following important subjects either do not exist or are ineffective.—

- (a) the making of improvements;
- (b) the acquisition by a landlord of portion of a holding for building or other purposes;
- (c) the surrender and abandonment of holdings; and
- (d) contract and custom.

Provisions on all these subjects are of practical importance to the welfare of both landlords and tenants.

V. In fact, the collection of provisions constituting the landlord and tenant law in these districts of Orissa possesses none of the virtues which should be found in an agrarian law; while some of the provisions overlap each other, others are obscure, and on many points there are serious omissions. Apart from these objections, the failure to provide an efficient machinery for the sale of agrarian property, and the failure to facilitate the acquisition of occupancy rights, are in themselves defects sufficient to condemn the existing Code and to render alterations unavoidable.

VI. The obvious remedy, at first sight, is the extension of the Bengal Tenancy Act, 1885, as it stands, to these districts. It must, however, be conceded that the Government has since 1885 acquired a considerable experience of the drawbacks involved in the application of uniform agrarian laws to the various races and physical conditions existing in this Province. The difficulty was found in the districts of the Chota Nagpur Division in regard to the administration of Bengal Act I of 1879 (the Chota Nagpur Landlord and Tenant Procedure Act). In the districts of that Division the aboriginal element was strong, and the provisions of the Bengal Tenancy Act were found to be unsuitable to the ancestral and historical claims of the people. To remedy these defects an entirely new Act was passed (the Chota Nagpur Tenancy Act, 1908).

VII. The state of things in these districts of Orissa is equally deplorable, and the opportunity has now been taken to frame a self-contained Code of provisions adapted to the local conditions. This Code (the present Bill) incorporates the procedure still in force, under enactments prior to the Bengal Tenancy Act, relating to distraint and to the trial of rent suit by Deputy Collectors. The rights of certain important classes have been expressly preserved. Necessary provisions have been brought in from the Bengal Tenancy Act, the Central Provinces Tenancy Act (XI of 1898) and the Chota Nagpur Tenancy Act (Bengal Act VI of 1908), and modifications of sections of the Bengal Tenancy Act which are already in force have also been made.

In order to attain more effectively the first and sixth objects of the Bill, as stated in paragraph I, *ante*, the Bill has been arranged in the manner adopted in the Bengal Tenancy Act; and it is hoped that this rearrangement of clauses and the division of the Act into Chapters, dealing with separate subjects, will render the law more readily intelligible and easy of reference.

VIII. The important provisions of the Bill in regard to its second object, namely, the restoration of the position of sub-proprietors and *bajiaftidars*, are the following:—

Sub-proprietors.—The sub-proprietors who have been recognized as such in the proceedings for settlement of land-revenue are now excluded for most purposes from the category of tenants, and are placed on the same footing as proprietors in respect of their private lands, while they are protected from ejection in terms of section 89 of the Bengal Tenancy Act [clauses 3 (21) and (22) and 6 (iii) of the Bill].

Clause 62 of the Bill (as to receipts for rent) recognizes the registration of a sub-proprietor under clause 14, or the recording of his name in a record-of-rights or in Land Records, as sufficient.

The sums which sub-proprietors pay through the proprietor for their interests will continue to be recoverable by the same procedure as arrears of agricultural rents [clause 259 of the Bill].

The privileges which it is proposed to give to sub-proprietors, with the single exception of the right to hold private lands, are extended to holders of *tanki bahat*, i.e., lands confirmed by the Government at a quit-rent in perpetuity, under Bengal Regulation XII of 1805 [clauses 3 (15) and 3 (22) (i) of the Bill].

These proposals, it will be observed, are intended to restore the status of a numerous and influential class of persons who are already proprietors, except in name, and who rank on an equality with proprietors in the matter of prestige and local respect. Such a restoration goes a long way to remove the reproach in the matter of neglect of history from which the Government has suffered since the piecemeal introduction of the Bengal Tenancy Act into these districts.

Bajiaftidars.—The measures designed for the benefit of *bajiaftidars* are:—

- (i) to preserve their freedom of transfer [clauses 13(c) and 14 (b)],
- (ii) to preserve their right to sublet without the consent of their landlord [clause 88],
- (iii) to establish a recognition of their rights in the eyes of the Courts by lifting them out of the category of ordinary tenure-holders and raiyats [clauses 3 (2), 5 (1), 5 (2), 6 (i) and (ii), 13 (c) and 14 (b)], and
- (iv) to widen the limit by which they may recover rent, in excess of the amount which they themselves pay, for the term of a current settlement [clause 50 (2)].

IX. The third and fourth objects of the Bill, as stated in paragraph I, *ante*, are complementary, *i.e.*, raiyats will henceforth be secured in the enjoyment of their rights in all lands except those which will be reserved to landlords as private lands. For the benefit of the raiyats the very important set of provisions, originally contained in Chapter XV of the Bengal Tenancy Act, relating to contract and custom, have been introduced (clauses 241 to 246). For the benefit of proprietors and sub-proprietors an increase in privileged lands is provided by Chapter XIII (clauses 159 to 163), but it is also provided (clauses 162 and 163) that the area so held shall be incapable of any increase whatever in future. A further provision to secure to raiyats a fair rent for waste lands reclaimed by themselves, in cases where the landlord has not sued within two years to eject them, has been inserted (clause 148). Certain restrictions have been made in favour of landlords who may oppose applications for commutation of produce-rents (clause 41), and protection has been afforded to raiyats paying such rents by provisions for deposit (clause 63), by forbidding interest (clauses 69 and 71), and by prohibiting suits for arrears for more than one year (clause 71).

X. The fifth object of the Bill is to improve the procedure for recovery of rents by proprietors and sub-proprietors. The jurisdiction of the Revenue Courts has been retained, but the procedure has been simplified (Chapter XV). Rents due for pasturage, etc., and rents of *chandwadars* (shop-keepers recorded in the course of a settlement of land-revenue as tenants in the temporarily-settled estates), as well as the amounts payable by sub-proprietors for their interests and by co-sharer proprietors and sub-proprietors in respect of their private lands, are made recoverable in the same manner as agricultural rents (clause 259).

XI. The seventh object of the Bill is to secure the maintenance of land records. For this purpose a separate Chapter (XII) is inserted. Power has been taken (clause 143) for the Local Government to prescribe the preparation of an edition of the record-of-rights yearly or at any other intervals of time, and to prescribe the agency by which it is to be prepared and the procedure to be followed. The work will be carried out by officers specially appointed, but the subordinate agency will be recruited locally. The superior officers will be empowered to call for information and summon witnesses (clause 144) in the manner in which officers in the Central Provinces are empowered by sections 18A and 128 of the Central Provinces Land-revenue Act, 1881. In framing an edition of the record-of-rights, to be known as the land records and to rank as public documents (clause 145), regard will be had to the correctness of the entries (a) in the record-of-rights, where a first edition is being prepared, and (b) in the next proceeding edition, where a later edition is being prepared (clause 146); and compromises will not be given effect to (clause 147) other than those permitted by the provisions relating to the record-of-rights, which are inserted in the Bill from sections 109B and 109C(1) of the Bengal Tenancy Act. The officer framing the records will be empowered to adjust rents for alterations in area (clause 148), and to decide disputes and to correct mistakes, subject to the provisions, relating to mistakes, inserted in the Bill from section 108A of the Bengal Tenancy Act (Clause 149). When publication is made (clause 150) the certificate will be conclusive proof of such publication, and every entry will be deemed to be correct until the contrary is proved by evidence (clause 151). Provision is made for the filing and disposal of objections (clause 150) and the incorporation of final orders in the land records (clause 155). Provision is also made for an appeal against orders settling a rent (clause 153) and for revision of orders relating to entries (clause 154). It is also provided that the Courts shall have regard to the entries in the land records (clause 157), and that plaints in suits shall contain information taken from the land records relating to matters in dispute (clause 158).

These provisions are designed (a) to protect the rights of those who possess interests in land; (b) to furnish information which will form the basis of assessments of land-revenue; (c) to furnish information, when required, for administrative purposes; and (d) to furnish up-to-date agricultural statistics.

When the system for maintenance of land records comes into force a local agency for keeping the District Officer in touch with the people will be introduced, and it will no longer be necessary for him to employ the police on duties unconnected with their proper functions.

XII. All amendments of any importance which it is proposed by the Bill to make in the existing law are mentioned in the subjoined notes on Clauses.

NOTES ON CLAUSES.

1. *Clause 1.*—The Bill will extend only to the districts of Cuttack, Puri and Balasore, excluding municipal areas. The other districts of the Orissa Division have effective Codes of their own, Sambalpur being governed by laws imported from the Central Provinces and Angul by its own Regulation (the Angul District Regulation, I of 1894).

2. *Clause 2.*—The table annexed to the Bill shows how each of the enactments which it is proposed to repeal has been dealt with.

3. *Clause 3 (1).*—A Committee in Orissa have recommended that the agricultural year should begin on the 1st *Bysakh*, corresponding to the 15th April, i.e., a date on which there are practically no crops in the ground. This has been accepted, and, to avoid confusion in accounts, it is proposed to start a new serial number of years from the 1st of *Bysakh* next after the date on which the new law comes into force.

4. *Clause 3 (2).*—In paragraph VIII of the foregoing Statement of Objects and Reasons the proposed legislation relating to *bajiaftidars* has been explained. The *bajiaftidars* are not *tenants* by origin, because their lands were resumed and settled to revenue under Bengal Regulation XII of 1805.

5. *Clause 3 (3) and (24).*—*Chandnaders* are not agricultural *tenants*, but their assets are included in the amounts which proprietors have to collect and on which their revenue is calculated. Their rents will now be recoverable in the same way as the rent of tenants (see clause 259), though hitherto they were only recoverable through the Civil Courts.

6. *Clause 3 (4), (5) and (6).*—The jurisdiction of the Revenue Courts has been retained and these definitions have been adopted from the corresponding provisions of the Chota Nagpur Tenancy Act, 1908.

7. *Clause 3 (11).*—Orissa was not wholly taken over till the beginning of the 19th century. The date, 1793, if left standing alone, would therefore not be accurate.

8. *Clauses 3 (5), (21) and (22).*—The references to sub-proprietors are new. By origin the sub-proprietors in Orissa are the same as proprietors, and their privileged lands have been recorded in the settlement papers of 1837 as well as in those of 1897-1900.

9. *Clause 3 (18).*—This definition of "Revenue Court" is new. It is based on section 5 (2) of the Code of Civil Procedure (Act V of 1908).

10. *Clause 3 (21) and (22).*—See paragraph 8, *ante*.

11. *Clause 3 (24).*—See paragraph 5, *ante*.

12. *Clause 5 (5).*—The final record in the districts of Cuttack, Puri and Balasore expresses all areas in acres and decimals. Thirty-three acres are therefore taken, as being the equivalent of 100 bighas.

13. *Clause 6* is new. It has been impossible to restore *bajiaftidars* to their position as proprietors, but the benefits they will now obtain have been stated in paragraph VIII of the foregoing Statement of Objects and Reasons. Sub-clauses (i) and (ii) of clause 6 will protect their right to transfer, and will also protect the status of their under-tenants.

14. Sub-clause (iii) of clause 6 will protect sub-proprietors in respect of transfers and ejectment.

15. *Clause 7* is new. It is confined to permanently-settled areas. In the temporarily-settled areas the clause is not required, the amount payable to the proprietor by the sub-proprietor having been fixed for the term of the settlement. The clause has been inserted in the Bill, for the benefit of permanently-settled areas, as amplifying section 15 of Act X of 1859, which was founded on clause *First* of section 51 of Bengal Regulation VIII of 1793.

16. *Clauses 9 and 10* are introduced from the Bengal Tenancy Act. They have no counterpart in the existing law, but merely supplement the provisions which have already been introduced from the Bengal Tenancy Act on the subject of the enhancement of rents of tenure-holders.

17. *Clauses 11 and 12* are also introduced from the Bengal Tenancy Act, but can only apply to permanently-settled areas, the sub-proprietary tenure-holders being now classed as sub-proprietors. Clause 12, read with the new provision as to custom (clause 246), continues a right recognized by section 27 of Act X of 1859, and will, it is intended, make a permanent tenure transferable whether the landlord consents or not.

18. *Clauses 13 to 16.*—The persistent refusal by landlords to recognize transfers is a real grievance. There is great uncertainty and contention as to the extent to which *samindars* might restrict the transfers of tenures and *raiya* holdings, and as to the proportion of the proceeds which they might exact for themselves. The working of section 27 of Act X of 1859 has proved to be very unsatisfactory in these two respects. As regards *raiya*s, it is now proposed to decide the question on the basis of custom (clause 246), and thus to follow the provisions of section 183 of the Bengal Tenancy Act. As regards tenures, the general effect of the proposals which have been embodied in clauses 13 to 16 of the Bill is that, where the tenure-holder is a sub-proprietor or has a proprietary right, the landlord must register the transfer in consideration of a definitely fixed and moderate fee, but in the case of ordinary tenures, to the transfer of which the landlord's consent is necessary, the landlord may exact a substantial portion of the proceeds of sale. This is the principle laid down in recent legislation, viz., the Chota Nagpur Tenancy Act, 1908, and it has been accepted by the majority of members of the Orissa Committee. The question of the proportion of purchase-money to be exacted by the landlord is important, and will be finally decided after discussion in Select

Committee. Meantime the amounts of the fees agreed upon by the Orissa Committee have been retained in clause 14 (3) of the Bill.

19. *Clause 17* is new. It has been adopted from the Bengal Tenancy Act, but can only apply to permanently-settled areas.

20. *Chapters V, VI, VII, VIII and IX* contain the main provisions of the Bengal Tenancy Act as to the occupancy raiyat, the settled raiyat, the non-occupancy raiyat and the under-raiyat. Most of these provisions were extended in 1891 to the districts of Cuttack, Puri and Balasore, and they have been retained in the Bill with the amendments noted in paragraphs 21 to 39, below.

21. *Clauses 20 and 38*.—The date of the extension of the corresponding sections of the Bengal Tenancy Act to Orissa has been substituted for “the second day of March, 1883.”

22. *Clause 21 (2)*.—The Orissa Committee suggested an amendment to the effect that, if a sole proprietor or sub-proprietor or a sharer purchased an occupancy-right, and if the property was subsequently sold for its own arrears of revenue or rent, the purchaser of the occupancy-right should still be allowed to continue in possession, as a raiyat, from the date of the sale, and that he should pay a fair and equitable rent to the new purchaser. This point will be specially considered in Select Committee; as will also other points bearing on clause 21 (2), for instance, whether, if the original purchaser lets out to tenants, he becomes a tenure-holder; and whether, if he gets enhancements from his tenants, his co-sharer proprietors should be entitled to get a share of the increase, and, if so, in what proportions.

23. *Clause 21 (3)*.—The question whether the words “whether solely or jointly” should be inserted in this clause, following section 20 (3) of the Chota Nagpur Tenancy Act, 1908, so as to prevent a joint *waradar* from acquiring occupancy-rights, will be specially considered in Select Committee.

24. *Clause 24*.—The question whether the denial by a tenant of his landlord's title should be a ground for forfeiture of his tenancy will be specially considered in Select Committee.

25. *Clause 41—Commutation of produce-rents*.—Experience has shown that on account of the rise in prices the cash value of a produce-rent tends to increase by far more than two annas in the rupee at intervals of fifteen years, the rate prescribed by law for enhancement of cash rents. The consequence is that where commutation has been made and where cash rents are paid, landlords have to purchase their food-stuffs out of their income from cash rents, and are unable to obtain the same quantity as would have been at their disposal from the proceeds of their produce-rents. In Orissa the number of petty landlords, and the number of small religious and charitable endowments which require food-grains for the purposes of offerings or doles, as the case may be, is very considerable. On the one hand, it is a matter of public policy to afford facilities for commutation into cash rent; on the other hand, the fact must not be overlooked that the produce is of great importance to all landlords living in primitive conditions, and the poorer classes of them could hardly subsist without it. While all impediments to commutation are objectionable, the question of the income of small landlords must have consideration. It is proposed, therefore, to empower the Courts, in the case of (i) widows and other persons unable to labour or to cultivate land themselves, and (ii) religious and charitable endowments, to have regard to the effect of commutation on the income of the landlord, and, at their discretion, to disallow an application or commutation.

26. At present there is no appeal from an order refusing to commute a produce-rent although under section 40 (5) of the Bengal Tenancy Act an appeal lies where an order for commutation has been made. A similar right of appeal is now proposed [clause 41 (6) of the Bill], where an application has been refused.

27. *Clause 50 (2)*.—An ordinary raiyat cannot recover from his under-raiyat as rent more than 25 per cent. in excess of what he himself pays, except under a registered agreement, in which case he may recover 50 per cent. more. In the case of *bajiaftidars*, the incidence of rents now payable by them varies from one rupee to one rupee five annas per acre, as compared with the raiyati incidence varying from two rupees one anna to two rupees five annas; many of them belong to the castes which cannot cultivate by their own hands, and most of them have no other sources of livelihood. In their case, therefore, the limits of 25 and 50 per cent. are unnecessarily small, but nevertheless some limit must be imposed, in the interests of the lower grades of the agricultural community, as to the rent to be exacted and the period for which it may be realized. Clause 50 (2), accordingly, enables the *bajiaftidar* to exact from a tenant (a) by a registered agreement, terminable on expiry of a revenue settlement, a rent exceeding by 100 per cent. the amount which he himself pays, and (b) by any other kind of agreement, similarly terminable on expiry of settlement, a rent exceeding his own rent by 50 per cent. The effect of the reference to section 110 in clause 50 (2) is that on the conclusion of every settlement of land revenue, the question whether the rent of a *bajiaftidar's* tenant is fair or equitable shall come up for examination by a Revenue-officer, and that the question shall be decided with due regard to the rent payable by the *bajiaftidar* to his own landlord.

28. *Clause 52* is largely new, and follows section 50 of the Bengal Tenancy Act. Its provisions can only apply in permanently-settled areas, and it has been so limited on the recommendation of the Orissa Committee. It re-enacts the provisions of sections 4, 15 and 16 of Act X of 1859. The proviso to sub-clause (2) is, however, new, and is introduced in consonance with section 12 (1) of the Bengal Tenancy Act. Although it is not proposed to introduce the latter section, the proviso in question has been inserted in case at any time hereafter a registration of tenures before the Collector is deemed necessary.

29. The provisions of clause 52 will, in any case, be read subject to the provisions of clause 138, *i.e.*, the presumption as to fixity of rent will not apply when the class of tenure and the question whether the rent is liable to enhancement during the continuance of the tenure have already been determined and recorded in a record-of-rights under clause 10 (b). Such a record has already been made in the temporarily-settled area and in a considerable proportion of the permanently-settled area in Orissa. Clause 52 will, therefore, now apply only to the areas for which no record has been prepared.

30. There is also a further limitation to the application of clause 52, *viz.*, the presumption under sub-clause (2) will only arise where it is shown that the land has been held by a tenure-holder, or a raiyat, and his predecessors in interest: this excludes cases where it may have been held by strangers.

31. *Clause 53* introduces section 51 of the Bengal Tenancy Act. The provisions of the existing law on this subject are contained in section 13 of Act X of 1859. The rulings under the latter Act show that the tenant, who "holds over" after the expiration of his lease, without a fresh lease but by sufferance, is not a trespasser [*Sadhoo Jha v. Bhupwan Oopadhyu and others*, (1866) 5 W R., Act X, 17], but that he does so on the terms of his lease, on the same rent and on the same stipulations as are mentioned in the lease, until the parties come to a fresh settlement [*Kishore Lal Ley and others v. The Administrator-General of Bengal*, (1898) 2 C. W N., 303]. The provisions of clause 53 make no substantive change but merely raise the presumption that the conditions have not been changed since the preceding agricultural year. They are equitable, and their introduction is accordingly proposed.

32. *Clause 60 (4)*.—This sub-clause has been introduced from section 54 (4) of the Chota Nagpur Tenancy Act, 1908. Its object is to keep the head of the district informed as to oppressions of tenants by landlords.

33. *Clause 62*—The reference to sub-proprietors is new. It is merely consequential on other amendments either already discussed or to be discussed.

34. *Clauses 63 to 66 (Deposit of rent)*.—The following questions will be specially considered in Select Committee:—

- (1) whether the right to make a deposit should be confined to tenants who are recorded in their landlords' books,
- (2) whether no deposit should be received until the rent is in arrear, and
- (3) whether a suit for rent which accrued due prior to the date of a deposit should, as in section 57 of the Chota Nagpur Tenancy Act, 1908, be barred if not instituted within six months of the deposit.

35. *Clauses 63, 69 and 71*.—The following very important limitations of the power to recover produce rent are proposed, *viz.*, that it should only be recoverable for the year immediately preceding that in which the suit is brought, and that the amount recoverable should not carry interest at all and should not in any case exceed half the gross annual produce. The amendments proposed in these clauses were accepted by the Orissa Committee, and appear to be equitable and essential. There is no more dishonest means of completely ruining a raiyat than to sue him for three years' produce-rent, nor is there any real excuse for waiting three years to sue. The landlord lets the lean years pass and waits for a fat one; he can easily prove the condition of the crop just reaped, while evidence as to the previous crops is necessarily weaker, and he expects to induce the Court to decree the rent of all three years at the same rate. The case of a suit for arrears of three years' money-rent is quite different. The landlord knows his raiyat is hard pressed and dunned by mahajans; he believes he will pay when he can, and he waits until it is no longer safe to wait; but with a produce-rent he ought to make the attempt to take his half-share at the proper time, and, if the raiyat will not pay, the refusal affords immediate notice of recalcitrance upon which the landlord can and ought to act. For these reasons, and as an additional safeguard for the payers of produce-rents, a penalty is imposed to the effect that if the landlord exacts such rents in excess of half the gross produce, he will be liable to have the rents commuted regardless of the considerations mentioned in sub-clauses (i) and (ii) of clause 41 (6) of the Bill.

36. The opportunity has also been taken of giving to the payers of produce-rents the same facilities for depositing their rents as are open to the payers of cash rents (clause 63).

It would obviously be inconvenient for the Courts to receive the rent in kind. For calculation of the amount of cash to be deposited an alternative method is proposed,—either the depositor shall be entitled to calculate the value of the produce-rent at the rate specified by the landlord in any road-cess return submitted by him within the preceding five years, or he may make the calculation at the price recorded for the local area and published in the price-lists prescribed in clause 40 of the Bill. The first of these alternatives will, it is also hoped, provide a useful stimulus to the honest preparation by landlords of road-cess returns.

37. *Clause 69.*—The question whether an arrear of rent should only be liable to interest (as in section 58 of the Chota Nagpur Tenancy Act, 1908), or whether it shall bear interest, will be specially considered in Select Committee.

38. *Clause 75 (1).*—The question whether the payment of rent to a landlord whose interest has been transferred should be declared to be a payment in good faith (as in section 51 of the Chota Nagpur Tenancy Act, 1908) will be specially considered in Select Committee.

39. *Clause 77.*—The question whether it should be specifically declared that this clause does not control clause 242 will be specially considered in Select Committee.

40. *Chapter X—Clauses 79 to 86.*—These are all connected with the subject of the improvement of holdings, and, with the exception of clause 83 (previously introduced), are included in the Bill as new provisions, though strictly speaking they are the scientific developments of the second sub-clause of section 17 of Act X of 1859. Provisions connected with that sub-clause, namely, sections 30 and 33 of the Bengal Tenancy Act, relating to enhancements on the ground of improvements, have been already extended to the districts of Cuttack, Puri and Balasore. The principles have been explained at length in correspondence with the Government of India, and have been approved.

41. Certain minor amendments, approved by the Government of India for consideration when legislation might be undertaken, will be considered in Select Committee. They are the following:—

(1) *Improvements by under-raiyats.*—The law at present contains no provision in regard to improvements made by under-raiyats. They are a very unimportant class in Orissa and, except in a very few cases where occupancy-rights have been recorded in their favour, are practically tenants-at-will. The Government of India have suggested that it might be advisable in some provinces to lay down distinctly “that in the case of an unprotected tenant the landlord may forbid the execution of an improvement by the tenant, and that the tenant on quitting his holding shall not be entitled to any compensation for an improvement which the landlord has definitely forbidden him to make, the burden of proving the prohibition being placed on the landlord.” It will, however, be observed that under the terms of section 79 of the Bengal Tenancy Act non-occupancy raiyats were already in a stronger position and could not be deprived of the rights they already possessed, but possibly some such restriction might be imposed in the case of under-raiyats, for example, that they should not be entitled to compensation for an improvement which the landlord had forbidden, leaving it to their landlord to prove the prohibition. To carry this suggestion into effect, the word “tenant” might be substituted for “raiyat” and “tenancy” for “holding,” wherever those words occur in clauses 79, 81, 85 and 86; a clause might be enacted, to declare that an under-raiyat shall not be entitled to make any improvement without the consent of his landlord in writing; and a sub-clause might be inserted between sub-clauses (3) and (4) of clause 85 to the effect that nothing in sub-clauses (2) and (3) shall entitle an under-raiyat to obtain compensation for an improvement which his landlord has forbidden him to make, the onus of proof of such prohibition being on the landlord.

(2) *Enhancements of rents of tenure-holders.*—Clause 8 might be amended so as to include landlord's improvements as a ground for enhancement of the rents of tenure-holders, and so as to provide that regard should be had, not so much to the cost of the improvement, as to the increase in the productive powers of the land and the extra cost incurred by the tenant in utilizing the improvement. Clause 10 might also be amended, so as to contain a proviso allowing the landlord's improvement to be an exceptional ground for the alteration of the rent within 15 years.

(3) *Abolition of limitation of claims.*—A proviso might be added to clause 85, to the effect that there should be no fixed period after which a tenant cannot claim compensation, and that, so long as the net produce of the land benefited by the improvement remains higher than it was before, the tenant, on quitting his holding, shall be entitled to compensation in consideration of that increase in the net produce, the benefit of which is retained by the landlord.

(4) *Avoidance of claims.*—In sub-clause (3) of clause 85 the word “tenant” might be substituted for “raiyat,” so that landlords might be able to avoid claims for compensation from both tenure-holders and under-raiyats (as well as raiyats) in cases where, by the terms of their lease or by contract, such tenants are bound to make the improvement without compensation.

42 For the present, sections 76 to 83 of the Bengal Tenancy Act have been inserted in the Bill with the following alterations only :—

- (a) the date inserted in clause 85(4) is the date of the extension of section 80 of the Act to the districts of Cuttack, Puri and Balasore, and
- (b) alterations required to bring the procedure under the Revenue Courts.

43. *Clause 87.*—This provision has been introduced from the Bengal Tenancy Act, at the request of the Orissa Committee. The reasons for which a landlord may acquire part of his tenant's holding have been amplified so as to include, for instance, irrigation, on the lines of section 50 of the Chota Nagpur Tenancy Act, 1908.

44. *Clause 88.*—Section 85 of the Bengal Tenancy Act has been introduced, with the amendment in favour of *bajastidars* which is mentioned in paragraph VIII (ii) of the Statement of Objects and Reasons. Clause 88 will be read subject to clause 246, relating to custom.

45. *Clauses 89 and 90.*—Under section 19 of Act X of 1859, a notice of relinquishment *in writing* is required to be served in *Jeth*, i.e., four months before the end of the agricultural year. Thus, under the law in force in the districts of Cuttack, Puri and Balasore, when a raiyat, without giving notice, abandons his land and neither cultivates it nor pays rent, the landlord is justified in assuming that he has relinquished it, and the raiyat has no right to ask to be reinstated on the ground that he had never formally relinquished it. On the other hand, the provisions of the Bengal Tenancy Act on the subject (section 86) allow a raiyat to surrender his holding at the end of the agricultural year, where there is no agreement or where the term has expired, without notice, but prescribe that unless the raiyat has served a notice three months before the end of the year, he shall be liable to indemnify his landlord against loss. In the case of abandonment also, the Bengal Tenancy Act (section 87) prescribes a notice to be served through the Collector and allows a suit within two years for recovery. In Chota Nagpur the new Act (Bengal Act VI of 1908, section 73) allows three years for such a suit, but in the districts of Cuttack, Puri and Balasore, where communications are good and raiyats do not emigrate to the distant tea districts, probably two years are sufficient. Section 87 of the Bengal Tenancy Act also prescribes that where the whole or a part of a tenancy has been sublet by a registered instrument, the sub-lessee may have the first refusal of the tenancy on the same terms as the previous tenant. It is proposed, by clauses 89 and 90 of the Bill, to introduce sections 86 and 87 of the Bengal Tenancy Act. Their introduction is desirable, especially as the Orissa Committee have asked for them; but it has been provided that the notice referred to in sub-clause (4) of clause 89 shall be served through the Collector, instead of the Civil Court.

46. The question whether the raiyat should not have more than two years to recover his holding by suit [clause 90(3)], in view of the fact that the zamindar gets 12 years to evict him as a trespasser, will be specially considered in Select Committee.

47. *Clause 91.*—The present law, contained in the proviso to section 27 of Act X of 1859, is that “no zamindar or superior tenant shall be required to admit to registry or give effect to any division or distribution of the rent payable, nor shall any such division or distribution of rent be valid and binding, without the consent in writing of the zamindar or superior tenant.” Clause 91, introduced from the Bengal Tenancy Act, re-enacts these provisions. It is proposed to introduce section 183 of the Bengal Tenancy Act, relating to custom, and clause 91 will then be all the more necessary not only because it exists in the present law but because it contains a provision of law expressly abolishing a particular custom as to the division of tenancies.

48. *Clause 92.*—This clause declares that no *tenant* [as defined in clause 3 (24) of the Bill] shall be ejected from his tenure or holding except in execution of a decree. Under section 21 of Act X of 1859 every *raiya* in arrears of rent at the end of the year is liable to be ejected, with this exception that an occupancy-raiyat, or a raiyat holding under a *patta* (lease) the term of which has not expired, can only be ejected in execution of a decree or order under the provisions of that Act. Section 22 of Act X provides that a leaseholder also may be ejected. Already, the following provisions of the Bengal Tenancy Act regarding ejectment have been extended to the districts of Cuttack, Puri and Balasore, namely, section 25 (as to occupancy-raiyats), section 44 (as to non-occupancy-raiyats), section 49 (as to under-raiyats) and section 66 (as to tenants of certain classes). The other provisions of the Bengal Tenancy Act relating to ejectment, namely, section 10 (as to permanent tenure-holders) and section 18 (as to raiyats at fixed rates), are now to be introduced (see clauses 11 and 17 of the Bill), and it is declared in clause 6 (iii) that sub-proprietors are to have the benefit of clause 92 of the Bill.

49. Owing to the extension of the connected provisions above stated, it is necessary to introduce section 89 from the Bengal Tenancy Act as well as the provisions of section 178 (1) (c), to the effect that nothing in any contract made before or after the commencement of the new law shall entitle a landlord to eject a tenant otherwise than in accordance with its provisions.

50 *Clauses 93 to 95.*—The existing law on the subject of measurements in the districts of Cuttack, Puri and Balasore is contained in sections 9 and 10 of Bengal Act VI of 1862. The law in force in other parts of Bengal is contained in sections 90 to 92 of the Bengal Tenancy Act. It will be seen that though under section 90, Bengal Tenancy Act, the landlord has to obtain the Collector's permission to measure more than once in ten years, he has to apply under section 91 (1) to the Civil Court to enforce the attendance of the tenant, and that section 92 gives a discretion as to the standard where measurement is made by the order either of the Civil Court, or of a Revenue officer, in any suit or proceeding between landlord and tenant. Under section 9, Bengal Act VI of 1862, if a tenant cannot attend, he cannot afterwards contest the correctness of the measurements, whereas section 91 of the Bengal Tenancy Act only creates a presumption in favour of their correctness.

51. It is considered desirable to introduce sections 90 to 92 of the Bengal Tenancy Act, as being more convenient and equitable than sections 9 and 10 of Bengal Act VI of 1862. It having been decided to retain the jurisdiction of the Revenue-officers in suits between landlords and tenants as such, alterations have been made, in adapting sections 90 to 92, so as to make all proceedings under these provisions cognizable by Revenue-officers only.

52. In connection with clauses 93 and 94, reference may be made to clause 25² of the Bill, which authorizes joint-landlords to act collectively or by common agent.

53 *Clauses 96 to 103*, as to Managers, reproduce, with modifications, sections 93 to 100 of the Bengal Tenancy Act, which were extended to the districts of Cuttack, Puri and Balasore in 1906. Those sections were based on Bengal Regulations V of 1812 and V of 1827, and, like them, give jurisdiction to the Civil Courts. Many complaints as to the working of the sections have been received from time to time. All the members of the Orissa Committee, except one common manager, who is also a pleader, and one *mukhtar* and one zamindar, were strongly in favour of transferring the jurisdiction of the Judge to the Collector, not only because the Collector is familiar with the agricultural conditions of the district and controls all revenue matters (the area for the most part being temporarily settled), but also because he is more likely to appoint competent persons as managers and to supervise their work effectively. It is accordingly proposed to place the appointment and control of common managers in the hands of Collectors, and the opportunity is taken to revise the law as to managers in other respects also. Thus—

- (i) in *Amar Chandra Kuntia v. Shoshi Bhushan Ray*, (1903) I L R., 31 Cal., 395, it was held that the restraint put upon co-owners of an estate under management by section 98 (3) of the Bengal Tenancy Act was co-extensive with the powers conferred on the manager, and did not extend to the exercise of individual rights. Consequently, when one co-owner of an estate under management mortgaged his share, which, in execution of a decree on the mortgage, was purchased by the mortgagee, it was held that the mortgagee became a co-owner under the manager and, as such, was entitled to a decree for redemption in a suit on a mortgage of the estate executed by the manager. The powers of co-owners should, therefore, be curtailed;
- (ii) when a manager is removed under section 98 (8) there is no provision, as in section 3 of Bengal Regulation V of 1827, for making a new appointment;
- (iii) the duties of the manager are not clearly defined. He should be authorized, somewhat in terms of section 26 of Bengal Regulation V of 1812, to manage the estate, collect the rents and discharge the public revenue, and pay the rents and cesses;
- (iv) the provisions should be applied to sub-proprietary interests as well as estates and tenures;
- (v) the general complaint as to section 93 is that no application is made till the estate or tenure is ruined past redemption. In order to avoid delay, the Collector should be authorized to step in and appoint a manager of his own motion;
- (vi) where there has been a survey and record-of-rights, the power to apply for utilizing the provisions of section 158A, relating to realization of rents by the certificate procedure, should be placed within the reach of the common manager.

54. The amendments indicated in clauses (i) to (vi) above, and the transfer of jurisdiction from the District Judge to the Collector, are proposed in clauses 96 to 102 and 220 of the Bill; and, in view of the latter amendment, it is further proposed that the Local Government, instead of the High Court, should have the power to make rules under clause 103. As these amendments are numerous and important, they will be considered in detail in Select Committee.

55. *Chapter XI—Record-of-rights and Settlement of Rents—Clauses 104-141.*—These provisions have recently been amended by Bengal Act I of 1907, and already form part of the existing law in Cuttack, Puri and Balasore. No further amendments are proposed, except such as are of a formal nature or are required to meet the case of sub-proprietors and *bajastidars*.

56. *Chapter XII—Land Records—Clauses 142-158.*—The provisions of this Chapter have been fully discussed in paragraph XI of the Statement of Objects and Reasons, and need no further explanation here.

57. *Chapter XIII—Privileged or Private lands—Clauses 159-163.*—In connection with the Notes on this Chapter, the Notes on Chapter XVIII (*post*, paragraphs 74 to 79) should be read. On the subject of landlords' privileged lands there has been and is at the present time much strife and bitterness in Orissa. The facts that the districts under consideration are temporarily settled and that the recent increase in revenue strains the resources of the zamindars have added bitterness to the struggle for land between the parties, and this bitterness has been further accentuated by the transfer of estates from old Uriya families to Bengalis and by the phenomenal rise in prices of food-stuffs during the last few years. It is obvious, however, that an indefinite extension of the area held as privileged lands would be a serious evil, and the necessity for a definite identification of such lands is equally obvious. When the question was under consideration in connection with the framing of the Bengal Tenancy Act, the final decision took the shape of a compromise in which the concession of the principle of privileged lands to the landlords was counterbalanced by the acceptance on their part of provisions designed for the protection of the cultivators of raiyati lands. Similarly, in the present case, it is proposed to make substantial concessions in this matter to the landlords in return for their acceptance of principles of great importance to the cultivators. The question in these districts of Orissa is distinguished from that which had presented itself in Bengal by the fact that in the temporarily-settled areas there have been two successive records-of-rights in which privileged lands have been definitely recorded, under the designation of *nij-jot* or *khudkast*, in the names of proprietors and sub-proprietors. The first set of records were prepared in 1837, when the privileged area was 88,700 acres; but a very large area indeed, namely, the whole of the cultivated lands, other than the *nij-jot* lands and those held by privileged tenants entitled to freedom from enhancement for the term of settlement, was recorded without specification of the interests of tenants, i.e., 571,000 acres out of 1,225,000, or nearly 47 per cent. of the assessed area, was left in the hands of zamindars ("pahi jume zamindar"). In this area leases were deliberately withheld from tenants, because such a proceeding would necessarily create a false and mischievous impression of a right of occupancy. It was not until Act X of 1859 was brought into force that the tenants in this area were recognized to have occupancy rights, and it was not until the record-of-rights was prepared in 1890-1900, after the introduction of portions of the Bengal Tenancy Act, that a tenant who had no lands for which he paid rent in cash was considered to have any occupancy rights at all. In the settlement of 1890-1900 only the area recorded as *nij-jot* in 1837 was so designated, but a large area, amounting to 84,000 acres, was separately recorded as being in the cultivating possession of the same classes of landlords, over and above the *nij-jot* area of 88,700 acres, under the designation of *nij-chas*.

58. It is in respect of the so-called *nij-chas* area, or area in cultivating possession of the proprietors, that it is proposed to make the first of the two concessions to the landlords. It is proposed [clause 163 (b) of the Bill] to give up to them as an addition to their privileged lands so much of the area, originally amounting to 84,000 acres, as is proved to have been and still to be in their cultivating possession during the ten years prior to the introduction of the legislation now contemplated. There is no desire to minimize the magnitude and the importance of this concession. It will possibly result in a total area of 172,700 acres being held as privileged lands, and this amounts to nearly nine per cent. of the existing cultivated area. It is admitted that so large an area is the utmost that can be allowed with safety. The proportion is more than double that of any permanently-settled district in the province which has been cadastrally surveyed, and no further extension in these temporarily-settled estates can, under any circumstances, be permitted. In granting recognition to the *nij-chas* as privileged lands for the considerations to be mentioned, it is to be remembered that prior to 1890 local custom regarded all produce-rent-paying lands of tenants in the same light as *nij-jot* lands, in spite of the provisions of Act X of 1859, and that in letting out *nij-chas* lands landlords had usually reserved the right of immediate resumption; and had exacted a produce and not a cash rent.

59. The second concession which is proposed is the continuation of these privileges to the various classes of sub-proprietors, excepting those defined in clause 3 (22) (i) of the Bill [see clause 3 (15)]. The reasons for this concession are as follows:—At every successive settlement the assets of their interests have been dealt with, for the purpose of fixing land-revenue, in exactly the same manner as the assets of proprietors of estates, and instances are on record where even the right to a proprietary allowance (*malikana*) on reversionary assets has been conceded. They collect no less than one-sixth of the temporarily-settled assets, and the class known as *shikmi* or subordinate zamindars has acquired the right to hand on to the proprietors the bare Government revenue due on their interest, without any additional payment for the proprietary allowance (*malikana*) and without the collection expenses of the proprietors. Their privilege to hold lands as private lands has been recognized at every settlement of land-revenue, and must be recognized in the present Bill.

60. In return for these concessions the Bill contains provisions of considerable practical value to the cultivators. To the area now recognized as privileged (*demicane*) lands no future addition will be permitted on any consideration whatever [clause 163 (2)]. No contract barring the accrual of occupancy rights in *raiya* (communal) lands will be valid, even though such lands may have been reclaimed from waste by the landlord or his servants, or may have been purchased by him at auction for arrears of rent, etc., or have otherwise come into his possession (clause 211); and the right will be secured to a cultivator to reclaim and pay a fair rent for waste lands (at present a fertile source of oppressive dealing), under the procedure described in clause 148 of the Bill.

61. The foregoing proposals refer only to the area in which a record-of-rights has already been made. To the case of permanently-settled estates, where a record has already been made and where the area of privileged lands is comparatively small, the provisions of section 120 of the Bengal Tenancy Act have been applied (clause 162 of the Bill). Proposals will be submitted to the Government of India, with the objects of making a survey and record of the remaining permanently-settled area in these three districts, and so obtaining the same certainty regarding the identity of privileged lands, and the same safeguards against subsequent extensions, as will now exist in the temporarily-settled area.

62. *Clause 162.*—The following questions will be specially considered in Select Committee—

- (1) whether the term “village usage”, in sub-clause (1) (a), should be retained, and
- (2) whether sub-clause (3) gives sufficient protection against collusive decrees.

63. *Chapter XIV—Clauses 164-200—The Procedure for Distant.*—The provisions relating to distant, in clauses 164-200 of the Bill, differ widely from the provisions which obtain in Bengal, in so far as the landlord retains the right of private distant enjoyed by him under the existing law (Act X of 1859) and has no occasion to have recourse to the Civil Court. In defence of the retention of this right it is to be urged the fact that the working since 1892 of the existing procedure has been subjected to a very careful scrutiny. It has been clearly proved that the procedure under Act X of 1859 has operated effectively, and, in particular, has not been employed as an engine of oppression by the landlords. Moreover, the fact that the area is for the most part temporarily settled, and that, as compared with permanently-settled Bengal, the land-revenue represents a very high proportion of the assets, justifies the retention of a speedy method of recovering rents. These are sufficient reasons for maintaining the principle unchanged, and the procedure laid down in the Bill has been drafted, as far as possible, according to the corresponding provisions of the existing law on the subject.

64. *Chapter XV—Clauses 201 to 219—Judicial Procedure (trial of rent suits).*—The clauses of the Bill relating to the trial of rent suits embody most of the provisions of the Bengal Tenancy Act on that subject, with this important difference that jurisdiction is given to Revenue Courts instead of to the Civil Courts. The retention of the jurisdiction of the Revenue Courts is a subject of very grave importance. Really difficult and complicated cases might possibly be better tried by Civil Courts, but experience shows that such cases are in point of fact very rare, and that they involve issues which ought not to be decided in suits for rent. So far as the majority of rent suits are concerned, a trial in the Revenue Courts is efficient, cheap and prompt, and promptitude is a virtue of paramount importance in temporarily-settled areas. Such is the opinion of some of the most experienced Government Officers and of most of the Members of the Orissa Committee, and the provisions of this Chapter have been drafted in accordance with this opinion.

65. A provision calling for special notice is clause 213, relating to appeals. In ordinary suits or applications before the Revenue Courts, a first appeal will lie to the Collector from the order of a Deputy Collector in all cases except where an officer has been specially empowered under sub-clause (b) to exercise final jurisdiction in the case of claims not exceeding fifty rupees. From the order of a Collector a second appeal will lie (a) to the Commissioner as to matters of fact, and (b) to the District Judge as to matters of law or title. A further appeal will lie, where the subject-matter exceeds Rs. 5,000 in value, to the Board of Revenue in the above case (a), and to the High Court in the above case (b). In addition, an application for revision may be made to the Collector regarding any exercise of jurisdiction. Clause 213 will be closely examined and discussed in Select Committee.

66. The following questions will be specially considered in Select Committee:—

- (1) whether clause 204 is so worded as to fulfil its object, namely, the prevention of suits for different items of rent in rapid succession;
- (2) whether clause 208 should not be modified on the lines of section 142 of the Chota Nagpur Tenancy Act, 1908; and
- (3) whether clauses 209 and 210 (payment of rent into Court) have any practical use.

67 *Chapter XVI—Summary Procedure for the recovery of rents—Clause 220*—These provisions have already been extended to the districts of Cuttack, Puri and Balasore, and have only been modified in so far as is necessary to maintain the jurisdiction of the Revenue Courts and to permit common managers to apply for the benefit of the procedure.

68 *Chapter XVII—Sales for arrears under Derris—Clauses 221-240*—These provisions have already been extended to the districts of Cuttack, Puri and Balasore. No amendments have been made except such as are necessary (1) to extend to *huyadars* the privileges accorded to raiyats at fixed rates, and (2) to include sub-proprietary interests among protected interests.

69 *Clauses 222 and 223*.—The question whether the onus of proving a “protected interest” should be placed on the landlord or the tenant by the application of certain presumptions will be specially considered in Select Committee.

70 *Chapter XVIII—Contract and Custom—Clauses 241-246*.—This Chapter is new, and reproduces Chapter XV of the Bengal Tenancy Act. In connection with the notes on this Chapter, the notes on Chapter XIII (*ante*, paragraphs 57 *et seq*) should be read.

71. In 1903 the High Court held, in the case of *Brahmahanda Mahapatra v. Arjun Raut* and others, 1 C L J. 310, that, sections 20 and 21 of the Bengal Tenancy Act having been extended to the districts of Cuttack, Puri and Balasore, section 6 of Act X of 1859 and its proviso were repealed in those districts by section 2 (2) of the Bengal Tenancy Act, as being inconsistent with sections 20 and 21 of that Act; that the provisions of section 6 of Act X of 1859 and its proviso, which correspond to section 116 of the Bengal Tenancy Act, are no longer in force in these districts; and that, sections 20 and 21 of the Bengal Tenancy Act having been extended to those districts, and section 116 in Chapter XI of that Act not having been so extended, a *raiya* in those districts can acquire a right of occupancy in *nij-jote* lands. No action was, however, taken till 1906, when it was brought to the notice of the Government that the repeal of section 6 of Act X of 1859 had the effect of leaving zamindars in the districts of Cuttack, Puri and Balasore no provision for barring by contract the accrual of occupancy rights in their private (*nij-jote*) lands. Chapter XI of the Bengal Tenancy Act was accordingly extended to these districts in that year. As soon, however, as this was done, zamindars had recourse to the provisions of section 7 of Act X of 1859, and caused *kabuliyats* to be executed by their raiyats, barring the accrual of occupancy rights in all kinds of lands. As the Legal Remembrancer has held this section to be still in force, and as no provisions as to contracts on the lines of section 178 of the Bengal Tenancy Act have as yet been extended, there is now no law in the districts of Cuttack, Puri and Balasore to prevent occupancy rights from being barred by contract not only in proprietors' private lands (*nij-jote*) but in any lands at all. The present state of affairs is, of course, intolerable, and steps must at once be taken to protect the raiyats.

72. The principles upon which the compromise between landlords and tenants was effected in 1884, at the time of the framing of the Bengal Tenancy Act, were stated in paragraph 74 of the Government of Bengal's letter No. 1906T.—R., dated the 14th September, 1884, printed at page 367, Bengal Tenancy Act Selected Papers, Ed. 1885, as follows:—

“Your estates may be regarded as made up of two sorts of land—*khamar* or demesne and *raiya*, or communal land. The former comprises all the land, which, according to the ancient custom of the country, or according to any local practice, has been recognized as private land *plus all the land which before the commencement of this Act you have given evidence of a wish to permanently cultivate yourself*. You are not entitled as of right to the latter. But we recognise the logic of facts, and we desire to terminate this strife by a liberal concession to you. The communal or *raiya* land will include the rest of your estate. You may bar the accrual of occupancy status in your *khamar* or private land. In reference to it you are given the fullest freedom of contract. But in reference to *raiya* land you may not bar the growth of tenant right unless in accordance with the provisions of this Act. As regards all *raiya* lands which may have lapsed, you may hold and cultivate the same yourself as long as you wish; but if you do let it to tenants, you must allow those rights to accrue to your tenants (subject to the payment of a fair rent) which this Act guarantees.”

73. The nature of the compromise now proposed has been explained in the notes on Chapter XIII (*ante*, paragraphs 57 *et seq*).

74. The advantages to be gained by the raiyats will be specially secured by the introduction of provisions analogous to sections 178 and 193 of the Bengal Tenancy Act (clauses 241 to 246 of the Bill) and by clause 148 of the Bill. As a further safeguard, the area to be now recorded as *nij-jot* will be incapable of any further increase [clause 163 (2)].

75. Clause 241 introduces section 178 of the Bengal Tenancy Act, with an amendment (approved by the Orissa Committee) in sub-clause (2), substituting a period of five years preceding the commencement of the new law for the period between the 15th July, 1880, and the 14th March, 1885.

76. *Sub-clauses (1) (b), (c) and (d), and sub-clauses (3) (d), (e), (f), (g) and (h), of clause 241, complete the law as to ejectment, improvements, surrender and abandonment, transfer, sub-letting, reduction of rent, commutation and interest, respectively.*

77. *Clause 242 introduces section 179 of the Bengal Tenancy Act, saving the right of a proprietor or a holder of a permanent tenure in a permanently-settled area to grant permanent mukarrari leases.*

78. *Clause 246 completes the law as to custom, and clause 148 (already mentioned in paragraph XI of the Statement of Objects and Reasons) allows raiyats to obtain settlement of rents for reclamation, subject to certain restrictions.*

79. *Clause 246—Illustration (2).—The question whether the words in Illustration II to section 76 of the Chota Nagpur Act, 1908, "A custom or usage by which an under-raiyat can obtain rights similar to those of an occupancy-raiyat," are not more suitable than the words "The custom or usage that an under-raiyat should, under certain circumstances, acquire a right of occupancy" will be specially considered in Select Committee.*

80. *Clauses 247 and 248, relating to limitation, are new. They reproduce sections 184 and 185 of the Bengal Tenancy Act.*

81. *Clause 249 prescribes penalties for illegal distraint.*

82. As regards clause 249 (d), it may be explained that recent experience has shown that proprietors are not maintaining their pledges to preserve grazing grounds, and that the existing remedies are excessively dilatory and onerous. Accordingly, provision is made for punishment under the Indian Penal Code, as criminal trespass, of anyone who dishonestly brings under cultivation any area recorded as public grazing ground in the agreement executed by the proprietor or sub-proprietor at the time of the settlement of land-revenue.

83. Similarly, public rights of way and other public easements attaching to land having now been recorded in the record-of-rights under section 102 (1) of the Bengal Tenancy Act, punishment under the Indian Penal Code, as for mischief, is provided in clause 249 (2) and (3) as a penalty for infringement of such rights.

84. *Clause 250 introduces section 186A of the Bengal Tenancy Act, providing damages for denial of landlord's title.*

85. *Clause 251.—Sections 145 and 187 of the Bengal Tenancy Act give the landlord power to act through a *naib*, *gomastha* or agent, the former in suits and applications and the latter in entering appearance, receiving notices, granting receipts, etc., provided that the agent be empowered by a written authority. The written authority prescribed must, however, be stamped as a power of attorney under Article 48 of Schedule I to the Indian Stamp Act, 1899 (II of 1899). The only provision on the subject in the old law in force in the districts of Cuttack, Puri and Balasore is section 35 of Act X of 1859, under which a statement of claim may be presented by an authorized agent of the plaintiff who has personal knowledge of the facts of the case, or by an agent who is accompanied by a person who has such knowledge. It will be noticed that section 146 of the Chota Nagpur Tenancy Act, 1908, also allows an agent, who is acquainted with the facts of the case, to present a statement of claim. In Orissa it is not considered necessary to have two provisions, as in the Bengal Tenancy Act, and neither the Chota Nagpur Tenancy Act nor Act X of 1859 has any provision giving the Court a discretion as to the agent to be employed. It is sufficient to introduce into the three districts in question the provisions of section 187 of the Bengal Tenancy Act, and this has been done by clause 251 of the Bill.*

86. *Clauses 252 and 253 introduce sections 188 and 188A of the Bengal Tenancy Act. They deal with co-sharers and agents acting on their behalf, and are most important. Under the old law one co-sharer landlord could only collect his share of the rent separately if the tenant had arranged to pay him his proportionate share of the entire rent, and an arrangement of this nature did not enable him to sue the tenant for a *kabuliat* (counterpart of lease) [see *Guni Mahomed v. Moran and Doorga Prashad Mytse v. Joynarain Hara*, (1878). I. L. R., 4 Cal., 96]. The object of section 188A, which was enacted in 1907, was to make the provisions of sections 143 to 153 of the Bengal Tenancy Act applicable to all suits between landlords and tenants as such, whether instituted by a sole landlord, the entire body of landlords, or one or more co-sharer landlords, and to apply the provisions of Chapter XIV (previously extended to the districts of Cuttack, Balasore and Puri) to proceedings in execution of rent decrees in suits framed under section 158B (recently extended to the said districts).*

87. *Clause 258.—The Government of India have approved the policy of granting suspension of rent consequent on like treatment of land-revenue. The opportunity has accordingly been taken to insert this clause, which follows the lines of section 18 of the Central Provinces Tenancy Act, 1898. The clause provides that a suspension or remission of rent may be granted by Revenue-officers as a consequence of a similar concession made by the Government in respect of land-revenue on the occasion of an agricultural calamity.*

88. *Clause 259.—This clause is adopted, with certain amendments, from section 193 of the Bengal Tenancy Act. It places suits for recovery of rents in respect of rights of*

pasturage, forest rights, rights over fisheries and the like in the same category as suits for arrears of rent. Besides payments of this nature, provision is made for the recovery of the amounts due by sub-proprietors, who have executed agreements in the course of land-revenue settlements, and of payments due by co-sharer landlords in respect of *nij-jote* (private lands) and *nij-chas* (lands in cultivating possession) to the whole body of landlords, because in neither case is the payment a payment of rent, nor have the amounts been fixed under Tenancy Law. In the former case the amount payable consists of a portion of the assets representing revenue, *malikana* (proprietary allowance) and collection expenses, and in the latter it represents a share of the valuation of the *nij-jote* and *nij-chas* lands.

89. By clause 259, also, as already stated in paragraph X of the Statement of Objects and Reasons above, it is desirable to make recoverable rents of *chandnaders* (shop-keepers,) whose status and rents have been fixed, at the time of a revenue settlement, for the term of that settlement. At present their rents are included in the assets of the temporarily-settled estates in which they are situated, but are recoverable only through the Civil Courts.

90. *Clause 260 is new.* It introduces section 191 of the Bengal Tenancy Act, and will prevent tenants from violating conditions binding on their landlords.

91. *Clause 261 is new.* It introduces section 195 of the Bengal Tenancy Act, and contains clauses saving special enactments. The section mentioned ought to have been introduced at the time of the first extension of any portion of the Bengal Tenancy Act.

92. The Schedules have been adopted from the Bengal Tenancy Act. They include a special rent-suit receipt form sanctioned by the Government for Orissa.

93. *Schedule II.*—Power is given by clause 2 (2) of the Bill to repeal the enactments mentioned in this Schedule, in areas to which Chapter XII of the Bill is extended. It may be desirable to abolish *kanungos* and *patwaries* altogether, in such areas, and to have their work done by the Land Records Staff.

17th July 1911.

**AMENDMENTS IN THE RULES FOR THE CONDUCT

I. For rule 2 substitute the following:—

Definitions. 2. In these rules,—

(1) “Council” means the Bengal Legislative Council;

(2) “President” means—

(a) the Lieutenant Governor, or

(b) the Vice-President appointed by the Lieutenant-Governor under section 4 of the Indian Councils Act, 1909;

9 Edw. 7. c. 4.

(3) “the Secretary” means the Secretary to the Bengal Legislative Council; and

(4) “Bill” means a proposed Act before it has received the assent of the Lieutenant-Governor.

II. In rules 18, 19, 20, 21, 28, 29, 30, 37, 45, 48, 50, 51 and 54, and in the heading over rule 48, for the words “Assistant Secretary”, wherever they occur, substitute the word “Secretary.”

III For the first paragraph of rule 22 substitute the following:—

(1) Any Member who wishes to move an amendment to any Bill to be brought before the Council must send notice of such amendment so as to reach the Secretary at least five days before the first day on which such Bill is to be taken into consideration by the Council:

Provided that the President may, in his discretion, in the case of any Bill, direct that longer notice, not exceeding a maximum period of fifteen days, shall be required

(2) When any direction is given by the President under the proviso to sub-rule (1), a copy of such direction and (if it has not already been sent) a copy of the Bill, with Statement of Objects and Reasons, must be sent by the Secretary to each Member at least as many days before the commencement of the time required for sending in the notice as the term of the notice consists of.

(3) If any Member is not furnished with such copies within the period specified in sub-rule (2), he must report the omission to the Secretary without delay, and the President may, in his discretion, on the omission being represented to him by the Secretary, allow such Member shorter notice than that prescribed in the said direction.

IV. Number the second paragraph of rule 22 as sub-rule (4), and substitute for the first eleven words in that paragraph the following:—

“If any Member does not send notice of amendments by the time specified in sub-rule (1) or (3), and desires”.

V. After sub-rule (4) of rule 22 insert the following:—

- § (5) Notwithstanding anything contained in sub-rule (1), (3) or (4), the Member in charge of any Bill may at any time, with the permission of the President, give notice to the Secretary of any amendments to any Bill which are consequential upon—
- (a) any amendments of which notice has been given under sub-rule (1) or (3), as the case may be, or
 - (b) any amendments which the President, under sub-rule (4), permits to be put without notice at any meeting of the Council.

VI. Number the third paragraph of rule 22 as sub-rule (6).

VII. In rule 51, before the word “any” insert the words “the Assistant Secretary to the Council or”.

VIII. For the second paragraph of rule 52 substitute the following:—

Application for order of admission is to be made, through a Member, to the Secretary, at least two days before the meeting; and the order, if made, shall be sent to such Member.

THE PRESIDENT'S ADDRESS.

The PRESIDENT said :—

“GENTLEMEN OF THE COUNCIL.—I have to welcome you at the commencement of another session. I am sure that the cause which has put me temporarily in the place of Sir Edward Baker must be a subject of regret and concern to all of you, that you sympathize with him in the personal and domestic troubles which have compelled him most unwillingly to take leave at the present time, and that you join me in the hope that, before the commencement of another session, he will have returned in renewed strength and vigour to preside over your deliberations. In the meantime, the Council has to get through an important programme of legislation, and I fear that we shall

particularly miss his guidance in the most important item of it—a subject with which he was peculiarly familiar and well qualified to deal. The business of Government has, however, to be carried on continuously in spite of changes of individuals, and I am sure the best efforts of all of us will be given to deal worthily and adequately with the measures before us.

“We have, in the first instance, to deal with some alterations in the Rules of Business of the Council itself, which the experience, already gained, of the working of our present enlarged Council has shown to be necessary. It is hoped that these will simplify the work both of Government and of individual Members, and will promote the convenience and save the time of the Council at large.

“We have next a small measure of amendment to the Chota Nagpur Encumbered Estates Act, which, it is hoped, will be passed into law in the current session.

“We have, then, the Bengal Local Government Bill which is designed to make the formal changes in the law, which have been rendered necessary by the conversion of the Government into a Government in Council.

“We have also the Orissa Tenancy Bill—a very important measure—codifying and amending the Landlord and Tenant law in the districts of the Orissa Division. This, however, will demand very full consideration, and it is not proposed to proceed with it in the current session.

“Last and most important, we have the Calcutta Improvement Bill which has been adjourned from the last session and which, I hope, has now reached its final stage. This measure has now been before Government for a great number of years, and I trust that we shall be able to pass it into law and so allow the much-needed improvements to the city of Calcutta to be taken up without further delay.”

QUESTIONS AND ANSWERS.

THUMB IMPRESSIONS IN REGISTRATION PROCEEDINGS.

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked:—

I.—(a) Is the Government aware that the practice of taking thumb impressions by registering officers of executants of documents who can write, but who are not personally known to the said officers, is a source of great discontent?

(b) Is the Government aware of the great discontent which exists on account of thumb impressions being taken by registering officers of *parda-nashin* ladies, executants of documents who can write, and regarding whose identification there can be no doubt or room for suspicion?

(c) Will the Government be pleased to state whether it intends to make an inquiry and modify rule 53 of the rules promulgated by Notification No. 1439, dated the 2nd March, 1911, under section 69 of the Indian Registration Act, 1877, and published in the Calcutta Gazette of the 8th March, 1911?

The Hon'ble MR. CUMMING replied:—

(a) “The rule to which the Hon'ble Member refers was republished in Notification No. 1439, dated the 2nd March, 1911, and has been in force ever since it was originally introduced by Sir Henry Cotton in 1895. The system of identification by means of thumb impressions is admittedly the best possible, as it reduces to a minimum all chances of false personation. Criminal cases of this kind in respect of registration are now very much less frequent than they were in the years before the rule was introduced. Government is not aware that any discontent is caused by the application of the rule in question, which gives to a registering officer discretion to dispense with the system in the case of persons of position regarding whose identification there can be no doubt or room for suspicion, even if the executant is not personally known to him.

(b) Nor is Government aware that any discontent exists on account of the provision made in the same rule that *pardanashin* ladies are in all cases required to affix the impression of their thumb marks as evidence of their identification. The rule does not insist that in their case the impression shall invariably be taken before the registering officer, but allows as an alternative that it be taken in the presence of the persons who identify them. The rule was introduced in 1895 as a very necessary safeguard in the interests of *pardanashin* applicants, and has been found to work well.

(c) The answer is in the negative."

The Hon'ble RAI BAIKUNTHA NATH SEN BAHADUR asked the following supplementary question:—

"Will the Government be pleased to state the reasons for insisting upon the thumb impressions of *pardanashin* ladies who can write and regarding whose identity there cannot possibly be any doubt or suspicion?,"

The Hon'ble MR. CUMMING said:—

"I must ask for notice of that question from the Hon'ble Member."

APPOINTMENTS AND VACANCIES IN THE EDUCATIONAL SERVICE.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

II.—(a) Has the attention of the Government been called to the statement in the *Sanyabani* newspaper of Thursday, the 6th of July, 1911, to the effect that the proposal to appoint Dr. P. C. Ray to the Indian Educational Service in the place of Mr. Hallward (who has been appointed Director of Public Instruction, Eastern Bengal and Assam) has not been given effect to and that he has been appointed to the said service temporarily with Rs. 100 as personal allowance?

(b) Would the Government be pleased to state whether there has been a proposal for his permanent appointment to the Indian Educational Service and whether it has been given effect to?

(c) If it has not been given effect to, would it please the Government to state the reasons for not giving effect to the proposal and what has been done instead?

The Hon'ble MR. CUMMING replied:—

(a) "Government has seen the article to which reference has been made.

(b) and (c) Government has made no formal proposal for the substantive promotion of Dr. P. C. Ray to the Indian Educational Service. Dr. Ray, for the present, has been appointed to act in the Indian Educational Service under the ordinary rules, in the vacancy arising from the deputation of Mr. Hallward to Eastern Bengal and Assam, quite independently of any such proposal as is suggested in the question."

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked:—

III.—(a) Has the attention of the Government been called to the statement in the same newspaper that Mr. Griffith has been appointed to the Indian Educational Service?

(b) Is this information correct, and, if so, would the Government be pleased to state when he was so appointed?

The Hon'ble MR. CUMMING replied:—

(a) "Government has read the further statement to the effect that Mr. Griffith has been appointed to the Indian Educational Service.

(b) The information is correct. Mr. Griffith has been appointed to the Indian Educational Service with effect from the 26th February, 1911."

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked :—

IV.—Would the Government be pleased to state the number of present vacancies, officiating and permanent, in—

- (1) the Indian Educational Service, and
- (2) the Provincial Educational Service?

The Hon'ble MR. CUMMING replied :—

“In the Indian Educational Service there are eight permanent and three officiating vacancies. In the Provincial Educational Service there are seven permanent vacancies and one officiating.”

ENTERTAINMENT OF THEIR MAJESTIES THE KING-EMPEROR AND QUEEN-EMPERESS DURING THEIR VISIT TO CALCUTTA.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI asked :—

V.—(a) Would the Government be pleased to state what provisions and arrangements have been made by the Government for the reception and entertainment of their Gracious Majesties the King-Emperor and the Queen-Emperess at Calcutta?

(b) Does the Government propose to contribute any sum towards the Funds of the Imperial Reception Committee, Calcutta, worthy of the occasion, over and above provisions and arrangements mentioned in question V(a) that it may itself have independently made?

(c) If so, will such sum be Rs. 50,000 or more or less?

The Hon'ble MR. STEVENSON-MOORE replied :—

(a) “A programme of arrangements for the reception and entertainment of their Most Gracious Majesties at Calcutta is at present under preparation. The programme requires the sanction of His Majesty, and this Government is not at present authorised to make any announcement on the subject.

(b) and (c) Until the programme for the whole visit to Calcutta has been settled, Government is not in a position to state whether it will be prepared to make any contribution towards those entertainments for which the Imperial Reception Committee will make itself responsible.”

MAGISTERIAL VAGARY.

The Hon'ble BABU BAL KRISHNA SAHAY asked :—

VI.—(a) Has the attention of the Government been drawn to an editorial paragraph headed “Magisterial Vagary”, published in the *Beharce* of the 5th May, 1911, purporting to contain extracts from a judgment of the Sessions Judge of Shahabad in Criminal Appeal No. 52(D) of 1911, dated the 1st March last, reflecting upon the conduct, as a Judicial officer, of Maulvi Abul Hayat, the Magistrate, whose judgment was under appeal before the Sessions Judge?

(b) Will the Government be pleased to state if the extracts reproduced in the *Beharce*, do, as a matter of fact, appear in the judgment of the Sessions Judge?

(c) If so, does the Government intend to take any steps in the matter, and, if so, what?

The Hon'ble MR. STEVENSON-MOORE replied :—

(a) The answer is in the affirmative.

(b) The answer is in the affirmative.

(c) The Deputy Magistrate has been called on for an explanation. On its receipt Government will decide what action, if any, is necessary.

AMENDMENTS IN THE RULES FOR THE CONDUCT OF THE LEGISLATIVE BUSINESS OF THE BENGAL LEGISLATIVE COUNCIL.

The Hon'ble Mr. Slacke moved that, for rule 2 of the Rules for the Conduct of the Legislative Business of the Bengal Legislative Council, the following be substituted, namely:—

Definitions.

2. In these rules,—

(1) " Council " means the Bengal Legislative Council ;

(2) " President " means—

(a) the Lieutenant-Governor, or

(b) the Vice-President appointed by the Lieutenant-Governor under section 4 of the Indian Councils Act, 1909 ;

(3) " the Secretary " means the Secretary to the Bengal Legislative Council ; and

(4) " Bill " means a proposed Act before it has received the assent of the Lieutenant-Governor.

He said :—

"The necessity for substituting this proposed rule in lieu of the present rule is in order to enable the existing rules in the Bengal Legislative Council Manual to be brought into accord with existing facts, because at present there is a Secretary and also an Assistant Secretary, and the Indian Councils Act, 1909, has also to be allowed for."

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that in rules 18, 19, 20, 21, 28, 29, 30, 37, 45, 48, 50, 51 and 54, and in the heading over rule 48, of the same rules, for the words " Assistant Secretary ", wherever they occur, the word " Secretary " be substituted.

He said :—

"This is merely consequential on what has just now been assented to by the Council."

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that, in rule 51 of the same rules, before the word " any " the words " the Assistant Secretary to the Council or " be inserted.

He said :—

"This is in order to enable the Assistant Secretary to do the work of the Council in the event of the Secretary not being able to be present."

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that, for the first paragraph of rule 22 of the same rules, the following be substituted, namely :—

- (1) Any Member who wishes to move an amendment to any Bill to be brought before the Council must send notice of such amendment so as to reach the Secretary at least five days before the first day on which such Bill is to be taken into consideration by the Council.

Provided that the President may, in his discretion, in the case of any Bill, direct that longer notice, not exceeding a maximum period of fifteen days, shall be required.

- (2) When any direction is given by the President under the proviso to sub-rule (1), a copy of such direction and (if it has not already been sent) a copy of the Bill, with Statement of Objects and Reasons, must be sent by the Secretary to each Member at least as many days before the commencement of the time required for sending in the notice as the term of the notice consists of.

- (3) If any Member is not furnished with such copies within the period specified in sub-rule (2), he must report the omission to the Secretary without delay, and the President may, in his discretion, on the omission being represented to him by the Secretary, allow such Member shorter notice than that prescribed in the said direction.

He said:—

“ Experience has shown that, in the revised Council, it is practically impossible for the Secretary and Assistant Secretary, working as hard as they could, to deal with the amendments with regard to any Bill of a contentious nature within the time-limit, viz., three days.

“ Especially that was the case with the Calcutta Improvement Bill, and I can personally testify to the fact that, work as hard as he did, from early morning till late at night, the Secretary could not cope efficiently with the numerous amendments which were put in. It is, therefore, with a view to preventing a similar state of affairs recurring in the future, and to enable the Council to have put before them the amendments in a proper shape, that this is now being presented to the Hon'ble Members for their acceptance. I would therefore ask the Members to adopt the rule.”

The Hon'ble RAI BAIKUNTHIA NATH SEN BAHADUR said:—

“ Sir, I have only one suggestion to make. Cannot the word ‘first’ be left out of the proposed sub-rule (1)? Then the rule will run thus—‘at least five days before the day on which such Bill is to be taken into consideration by the Council’. A Bill may not be disposed of at one meeting; and may have to be considered at another. Then the question might arise, whether Members would be debarred from moving or suggesting any amendments. But if the word ‘first’ be left out, the rule would run—‘at least five days before the day’, etc., and there would be no room for ambiguity. I leave it to the Hon'ble Member's consideration.”

The Hon'ble MR. SLACKE said:—

“ I cannot accept the Hon'ble Member's suggestion, because if a Bill was to run on for several days consecutively, the same pressure might be brought to bear on the Secretary's office, whereas the case to which the Hon'ble Member refers would be met by the clause, that the President may admit any amendment which the Hon'ble Member wishes to put forward without formal notice. It is not improbable that any amendment which was of any consequence would be refused by the President, whereas to accept the Hon'ble Member's proposal would be to leave the way open still for that pressure on the Secretary's office, which the past has shown he cannot possibly meet.”

The Hon'ble RAI BAIKUNTHIA NATH SEN BAHADUR said:—

“ I was not speaking of a Bill which would be taken up from day to day. But my observations referred to a Bill which might be postponed for another meeting, and I do not see what possible objection there can be to my motion. It would not give Members larger powers, or give them an opportunity to abuse those powers.”

The Hon'ble MR. M. S. DAS said:—

“ Your Honour, there have been actual cases within my personal experience in this Council and in Select Committees, that when a Bill originally came before the Council, perhaps certain amendments were not considered necessary, but when the Bill was circulated, certain amendments were thought necessary, and again, when the Bill had undergone certain modifications, some more amendments were thought necessary. It is not possible for a Member to foresee these amendments. For cases like these, I think, Your Honour, there should be an exception. When an amendment becomes necessary, in consequence of certain amendments having been made in the original Bill, such a case would be an exception. The original Bill might have been consistent, but when one part has been amended, a subsequent amendment might be necessary, and such amendment may be considered necessary even by the Hon'ble Member in charge of the Bill. There have been cases like this in the Estates Partition Act when it was in Council last. I think there ought to be certain provisions for cases like these. I do not say what shape such provision should take—but there ought to be provisions, or else certain obvious amendments would be shut out.”

THE HON'BLE MR. SLACKE said:—

“I am afraid the Hon'ble Member's proposal comes too late, and that I do not see any chance of its being realised, because, under sub-rule (4), the President will certainly give leave to bring forward any amendment of the nature which he refers to, which is a consequential amendment.”

The PRESIDENT said :—

“I think I should ask the Council to consider whether they should not pass the proposed rules as they stand. I would point out, with reference to what the Hon'ble Rai Baikuntha Nath Sen Bahadur has advanced, that the matter of a Bill proceeding on consecutive days is a very serious difficulty which could not be met if the word 'first' were cut out, that is to say, if the Bill is to be before the Council for five or six days, and if this word 'first' were cut out, an amendment would be admissible on the last day which had been moved upon the first, and the Secretary would still be required to continue, while the Council is actually sitting, to examine and prepare the amendments for the consideration of the Council. However, the Hon'ble Member has been good enough to say that he will be prepared to leave the matter in the hands of Government. I will merely point out that there is nothing necessarily final about these rules, that they are subject to revision in the Council at any time, and that if they are not found to work well, further proposals to amend them can always be considered. In the meantime, as they have been carefully thought out, and, at any rate, as they supply a remedy for the immediate trouble from which we have been suffering lately, I think the Council should consider whether they ought not to be passed as they stand at present.”

The motion was then put and agreed to.

The Hon'ble Mr. Slacke moved that the second paragraph of rule 22 of the same rules be numbered as sub-rule (4), and that, for the first eleven words in that paragraph, the following be substituted, namely :—

If any Member does not send notice of amendments by the time specified in sub-rule (1) or (3), and desires.

He said :—

“This is consequential upon the one that has just been adopted by the Council.”

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that, after sub-rule (4) of rule 22 of the same rules, the following be inserted, namely :—

(6) Notwithstanding anything contained in sub-rule (1), (3) or (4), the Member in charge of any Bill may at any time, with the permission of the President, give notice to the Secretary of any amendments to any Bill which are consequential upon—

(a) any amendments of which notice has been given under sub-rule (1) or (3), as the case may be, or

(b) any amendments which the President, under sub-rule (4), permits to be put without notice at any meeting of the Council.

He said :—

“The object of this new rule is to save the Government consequential amendments from the operations of rules 1, 3 and 4.”

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that the third paragraph of rule 22 of the same rules be numbered as sub-rule (6).

He said :—“This is necessary in consequence of the insertion of the rule to which the Council has just consented.”

The motion was put and agreed to.

The Hon'ble Mr. Slacke moved that for the second paragraph of rule 52 of the same rules, the following be substituted, namely :—

Application for order of admission is to be made through a Member, to the Secretary, at least two days before the meeting, and the order, if made, shall be sent to such Member.

He said :—

“The object of this is in order to bring the rules relating to our Council into line with the rules which govern the Imperial Council.”

The motion was put and agreed to.

THE CHOTA NAGPUR ENCUMBERED ESTATES (AMENDMENT) BILL, 1911.

The Hon'ble Mr. Slacke moved that the Bill further to amend the Chota Nagpur Encumbered Estates Act, 1876, be referred to a Select Committee consisting of the Hon'ble Mr. Greer, the Hon'ble Mr. Chapman, the Hon'ble Mr. Norman McLeod, the Hon'ble Babu Bal Krishna Sahay, the Hon'ble Rai Sita Nath Ray Bahadur and the Mover, with instructions to report within one month.

He said :—

“Sir, the Bill to amend the Chota Nagpur Encumbered Estates Act was introduced into Council on the 1st of April last and was then submitted to certain officials and non-official bodies for opinion. These opinions have been received, and it would appear from them that this Bill is a non-contentious measure.

The motion was put and agreed to.

THE BENGAL LOCAL GOVERNMENT BILL, 1911.

The Hon'ble Mr. Greer moved for leave to introduce a Bill to transfer certain functions of the Lieutenant-Governor of Bengal to the Lieutenant-Governor in Council.

He said :—

“I have the honour, Sir, to ask the Council for permission to introduce the Bengal Local Government Bill of 1911. The object of this measure is fully set forth in the statement of Objects and Reasons accompanying the Bill. It is to make provision for the discharge of the functions of the Lieutenant-Governor by the Lieutenant-Governor in Council, including the signing of papers and the validation of past proceedings. There is nothing contentious in the Bill which specially calls for the notice of the Council.”

The motion was put and agreed to.

The Hon'ble Mr. Greer introduced the Bill and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The Hon'ble Mr. Greer moved that the Bill be taken into consideration by the Council at the next meeting.

The motion was put and agreed to.

THE ORISSA TENANCY BILL, 1911.

The Hon'ble Mr. Slacke moved for leave to introduce a Bill to amend and consolidate certain enactments relating to the law of Landlord and Tenant in the districts of Cuttack, Puri and Balasore, in the Orissa Division.

He said :—

“Sir, I rise to ask the permission of the Council to introduce the Orissa Tenancy Bill, 1911—a measure of considerable importance. In the Statement of Objects and Reasons, annexed to the Bill, will be found set out the facts which have led Government to cause this Bill to be prepared. Much thought and labour have been given to its preparation by the Hon'ble Mr. Maddox, and the advantage of consulting the opinions of those locally interested in the matter has been fully utilized. I shall assume that the Hon'ble Members have read the Statement of Objects and Reasons, and will therefore refrain from entering into the details which are therein set out, merely adding that later on it is proposed to introduce some sections dealing with communal lands.”

The motion was put and agreed to.

The Hon'ble Mr. Slacke introduced the Bill and moved that it be read in Council.

The motion was put and agreed to, and the Secretary accordingly read the title of the Bill.

The PRESIDENT said:—

“Before adjourning Council I wish to mention that, in accordance with the rules which have just been passed, the period of notice for amendments in the case of the Calcutta Improvement Bill, which will be taken up at the next meeting of Council, will be 10 days. Of course a formal notice will be issued, and according to the rules which have been passed, if the period of notice of amendments is to be 10 days, the actual formal notice must be given 20 days beforehand. At present it is 24 days before the next meeting.

RESOLUTION ON THE TRIENNIAL REPORT ON THE WORKING OF THE CHARITABLE DISPENSARIES IN BENGAL AND THE CALCUTTA MEDICAL INSTITUTIONS FOR THE YEARS 1908, 1909 AND 1910.

MUNICIPAL DEPARTMENT—MEDICAL.

Calcutta, the 22nd July 1911.

RESOLUTION—No. 1343 Modl.

READ—

The Triennial Report on the working of the Charitable Dispensaries in Bengal and the Calcutta Medical Institutions for the years 1908, 1909 and 1910.

COLONEL MACRAE, C.I.E., I.M.S., held charge of the office of Inspector-General of Civil Hospitals till the 28th February 1910, when he retired, after nearly five years' valuable service as head of the Department. He was succeeded by Colonel G. F. A. Harris, I.M.S., by whom the present report is submitted, but during a short interregnum between the 1st March and the 24th April 1910, Lieutenant-Colonel Drury, I.M.S., officiated as Inspector-General.

2. The most important administrative change recorded during the three years under review was the improvement in the pay of Civil Hospital Assistants (now known as Sub-Assistant Surgeons), whose prospects underwent an appreciable amelioration. It was hoped that similar action would have been taken in the case of Assistant-Surgeons, but the final orders of the Secretary of State are still awaited. Otherwise, the two principal subjects which have occupied attention during the triennium were the measures to be taken to combat malaria, and the revision of the nursing arrangements in the Calcutta hospitals. As the outcome of the Malaria Conference held at Simla in October 1909, a Provincial Malaria Committee was established, and a special Deputy Sanitary Commissioner was appointed to conduct continuous investigations into the prevalence of this disease. The arrangements for the sale of quinine were overhauled, the quantity sold for one pice was increased from seven grains to ten, the drug was issued in tablet as well as powder form, and a system of district distributing depôts was initiated. It is satisfactory to observe that the sales which amounted in 1909 to 1,194,267 packets and 464,034 tablets, rose in 1910 to 1,570,666 packets and 1,181,140 tablets, but much still remains to be done towards popularising this remedy, especially by increasing the number of non-official vendors, thus rendering this medicine easily accessible to all. The procedure of deputing itinerant Sub-Assistant Surgeons to give gratuitous relief during the fever season in the worst stricken areas was initiated in 1908, and has been continued each year since with most satisfactory results. The experiment of giving simple instruction in schools regarding the causes of malaria and how it should be combatted, is about to be tried; the distribution of leaflets on the same subject has been in force for some years. In connection with the system of nursing in the Calcutta hospitals, apart from the revision of the rules with the object of defining more clearly the position of the administrative heads of these institutions, additional pecuniary assistance was given to the Calcutta Hospital Nurses' Institution. The Clewer Sisters who had rendered long and honourable service at the Medical College withdrew from that hospital, the control of the nursing at which had grown beyond their powers, and they are now working in the Presidency General Hospital only.

3. *Calcutta hospitals and dispensaries.*—In reviewing the operations of the three years 1905-07, attention was drawn to the very marked improvements which had been carried out in the Calcutta hospitals, no less than Rs. 18,21,960 having been spent on buildings and repairs during that period. The same process has continued during the succeeding triennium, when the expenditure on this account amounted to Rs. 13,60,035, and it is obvious that for the last six years there has been an abnormally heavy drain upon the Provincial resources on this account, which may now be expected to slacken. To notice only the most important improvements—at the Medical College Hospital a new surgical block (known as the Prince of Wales' Hospital) was constructed at a cost of Rs. 10,17,585; three blocks for Indian paying patients were built at a cost of Rs. 2,42,027 (inclusive of the acquisition of land), which was partly met from donations of Rs. 30,000 each from Rai Shib Prashad Jhunjhunwala Bahadur, Babu Haridas Gokuldas and Musaji Ahmad Saliji; a cholera ward was erected at a cost of Rs. 77,000, and an electrical annexe was added to the Chuni Lal Seal's Dispensary at a cost of Rs. 18,685, which was met from the balance of the donation of Rs. 90,000 received from His Royal Highness the Prince of Wales and from the grant from the Minto Fête Fund; finally, additions and alterations were made in the new nurses' quarters at a cost of Rs. 15,520, while the old nurses' quarters were converted into quarters for the Lady Superintendent, at a cost of Rs. 21,733. The new administrative block at this institution is approaching completion. As the result of the heavy outlay at the Presidency General Hospital during the previous three years, the new works undertaken were of a comparatively minor character, but at the Campbell Hospital a two-storied ward was constructed at a cost of Rs. 1,96,226; quarters for nurses were built at a cost of Rs. 68,429 (partly met from a donation from the Minto Fête Fund), and the small-pox wards were reconstructed at a cost of Rs. 68,095. At the Chandney Hospital a new building for the out-door dispensary was constructed during 1909 at a cost of Rs. 91,092, of which Rs. 73,592 were contributed

from private sources. At the Howrah General Hospital a new out-door department was built at a cost of Rs. 16,616, the funds being given by Babu Bissesswar Lal Halwasia, and a new ward for Indian women was constructed at a cost of Rs. 22,100, met from a bequest made by Babu Debi Prasad. In the opinion of the Lieutenant-Governor in Council ample justice has been done from Provincial revenues towards the needs of the Calcutta hospitals during the last six years, in recognition of which it might well be hoped that more substantial assistance would be forthcoming from the Indian public in the form of subscriptions towards the Calcutta Hospital Nurses' Institution, the funds of which are inadequate to meet the calls upon them. At present there are various urgent demands for the employment of more nurses, which it is impossible to meet.

4. The average yearly number of in-door patients treated in all the Calcutta Hospitals during the three years under review was 27,970, in comparison with 28,331 in the previous triennium. The public health during 1908 and 1910 was better than usual, although during 1909 small-pox and plague were both epidemic, and this fact sufficiently explains the slight fluctuation, since, especially at the Presidency General, Campbell and Eden Hospitals, there was evidence of the growing popularity of these institutions. It is noticeable that the number of women treated during the triennium rose to 196,550 from 181,863 in the preceding three years, a result which Colonel Harris attributes in part to the better arrangements now made for their comfort and convenience. At the Campbell Hospital there was a most satisfactory decrease in the rate of mortality. The average annual number of out-door patients treated was 308,481, as compared with 270,970 in the previous three years, the figures having shown a steady increase annually for the last six years. The largest attendance was recorded at the Medical College Hospital, the aggregate for the three years being 173,447, but the popularity of the Chandney Hospital, which usually stands first in this respect, was affected by the fact that the out-door dispensary was under construction in 1909. There was a steady rise in the number of operations performed during the three years under consideration, the figures being 33,268, 34,347 and 35,790, respectively.

5. The total annual income of the Calcutta hospitals, excluding the Police Hospital and the Dockyard Dispensary, decreased from Rs. 18,24,139 in 1908 to Rs. 14,74,587 in 1909 and Rs. 12,53,298 in 1910, consistently with the smaller outlay upon buildings and improvements to which reference has already been made. The proportion of the income contributed by Government was respectively 62, 59 and 66 per cent., and the sums derived from subscriptions and donations showed a progressive decline from Rs. 1,02,759 in 1908 to Rs. 60,267 and Rs. 52,419 in the two succeeding years, which can scarcely be regarded as a satisfactory result. The Lieutenant Governor in Council is glad to observe that the Calcutta Corporation has increased its grants to institutions managed or supervised by Government from Rs. 50,313 to Rs. 64,700, although this still only represents about $5\frac{1}{2}$ per cent. of the annual cost of their maintenance, and what has been given with one hand has, to some extent, been taken away with the other by recent enhancements of the assessments upon these institutions. A grant of Rs. 20,000 yearly is also now made by the Corporation to the Calcutta Hospital Nurses' Institution. The total amount received from paying patients amounted to Rs. 3,91,456 against Rs. 2,89,861 in the previous three years, a result mainly due to the opening of the Woodburn block at the Presidency General Hospital. The Lieutenant-Governor in Council is constrained to adhere to the conclusion deduced from the consideration of the operations of the preceding triennium namely, that an undue proportion of the cost of medical relief in Calcutta is thrown upon the public purse, and meanwhile, as will be seen below, the extension of medical facilities outside the capital is being seriously impeded by lack of funds.

6. *Charitable Dispensaries outside Calcutta.*—During the triennial period 24 new dispensaries were opened or brought under Government supervision, while 8 were closed, giving a total of 589 dispensaries in the province at the end of 1910, of which 404 were under Government supervision. Of these, 70 were Government institutions, 278 were managed by local funds, and 65 by

railways, while 50 were private aided, and 126 private non-aided, institutions. The corresponding total at the close of 1907 was 587, and the Lieutenant-Governor in Council regrets exceedingly that more progress has not been made during the intervening three years. As pointed out by the Inspector-General of Civil Hospitals, the medical requirements of the province have in no sense as yet been adequately met, and, in some instances (*e.g.*, Muzaffarpur with one dispensary for 229,566 persons), the population is out of all proportion to each dispensary available for their use. The reason alleged for this deficiency (and no doubt correctly) is lack of funds, and the many demands upon the resources of local bodies are of course patent, but the need of further expenditure in this direction is equally obvious, and private generosity appears to be unequal to the effort. The matter is one which all local authorities would do well specially to examine, since there are few methods of spending the money devoted to their charge which can rank as more beneficial than the provision of medical aid. In this connection, the Inspector-General of Civil Hospitals pays a well deserved tribute to the work of various Medical Missions, but these alone do not suffice to fill the gap which exists.

7. Particulars in regard to the number of in-door patients treated are given only for dispensaries in classes I (State public), III (local funds) and IV (private aided). In these the average number treated annually during the three years under review was 66,466, as against 60,796 in the previous triennium, the Bankipore and Berhampore hospitals again heading the list. Only 13 per cent. of the patients provided their own food, a figure which shows no appreciable advance over the previous triennium, and which is stated to compare unfavourably with the results in other provinces. The construction of separate rooms for paying patients may do something to improve this state of affairs. The number of out-door patients treated during the three years was 12,771,193 as against 11,559,639 during 1905-07, an increase of 10·5 per cent., in comparison with an advance of 17·5 in the preceding triennium. Including the numbers treated by travelling medical officers or in temporary hospitals, the Inspector-General of Civil Hospitals reckons that the percentage of the population in the whole Province which obtained medical relief was 8·7 in 1908, 9·6 in 1909 and 9·5 in 1910. The corresponding figure in the United Provinces for 1910 was 10·8 per cent., and it is not desirable that Bengal should lag behind in this respect. The increase in the number of women treated, which has already been noticed in connection with Calcutta, was common to the whole province, the number having risen from 2,568,203, in the preceding three years, to 2,922,702. There was a similar increase in the operations performed, which numbered 526,528 in comparison with 467,473. Colonel Harris draws attention to the fact that more money might advantageously be spent upon the surgical equipment of some hospitals.

8. The average annual income of the dispensaries in classes I, III and IV was Rs. 10,18,207 against Rs. 11,80,907 in the previous period, but the decrease is apparent only, since in the previous period the opening balances, aggregating Rs. 2 or 3 lakhs approximately, were included in the figures. Grants amounting to Rs. 4,80,479 were given by Government during this period, as compared with Rs. 5,29,877, during the previous triennium, the decrease being due to the depleted state of the Provincial balances. In the three years under review the proportion of the total annual income contributed by Government was respectively 16·9, 14·7 and 15·5 per cent., a marked difference from the state of affairs prevailing in Calcutta. Divisional Commissioners also gave grants amounting to Rs. 1,03,651 from the allotments at their disposal. The corresponding percentages derived from District Boards and Municipalities are shown in the margin. It is satisfactory to note that private subscriptions and donations during the triennium aggregated Rs. 6,46,962, in comparison with Rs. 5,30,728 during the preceding three years, irrespective of very munificent donations given by the Maharajadhiraja Bahadur of Burdwan and the Raja Bahadur of Lalgola towards the hospitals at Burdwan and

Berhampore respectively, which will appear in the accounts of the succeeding years. The new hospital which has been constructed at Burdwan marks a great advance in the standard and equipment of mufassal institutions.

9. For the special treatment of lepers there are now 11 institutions in the province. One (at Gobra, near Calcutta) is maintained by Government, seven are managed by the Mission to Lepers in India and the East (assisted by contributions from Provincial revenues), two are financed from private funds and one by a municipality. The total provincial grants-in-aid during the triennium amounted to Rs. 68,461, and the average number of lepers treated annually was 2,919.

10. The problem of satisfactory nursing arrangements in hospitals outside Calcutta is still, for the most part, unsolved, and such nursing as is given is usually entrusted to ward coolies and *dhais*. At the Eden Sanitarium in Darjeeling trained nurses are employed, and at Cuttack and Berhampore most valuable service was rendered by religious Sisterhoods. A similar system is about to be tried at Bhagalpur, and steps are being taken at Muzaffarpur and Hathwa to employ European nurses. Elsewhere, however, the provision of skilled attendance is one of the most important needs of medical administration, and the Lieutenant-Governor in Council would be glad to see some further endeavours during the ensuing three years to solve the difficulty.

11. Looking at the general results attained during the three years under review, Colonel Harris is of opinion that they constitute a record of satisfactory progress, although much still remains to be done. The Lieutenant-Governor in Council is glad to be able to endorse the conclusion that an advance has certainly been made, although he would gladly see the process quickened. The difficulties are mainly financial, and, at the present moment, the Provincial revenues are not in a position to contribute largely towards their solution. Reliance must, therefore, be placed in the main upon the efforts of local bodies assisted by private generosity, and it is to the latter that an appeal may reasonably be made. The field for useful work in connection with medical relief is enormous, and there can be no doubt of the appreciation by the people of anything which can be done.

12. The thanks of the Lieutenant-Governor in Council are due to Colonels Macrae and Harris for their able administration of the department.

By order of the Lieutenant-Governor in Council,

H. WHEELER,

Secretary to the Govt. of Bengal.

Lieutenant-Colonel F. C. Clarkson, I.M.S., was in charge of the Department till the 28th February 1910, when he was succeeded by Major W. W. Clemesha, who remained in charge for the remainder of the year.

2. *Climatic conditions.*—During the pre-monsoon period, while rain was fairly general, the showers were light, and the early monsoon current was also weak. The monsoon rains continued, however, well into September and October, while in November there was rain throughout Bihar and in parts of Chota Nagpur. On the whole, the climatic conditions of the year were favourable, and the outturn of the different harvests was satisfactory.

3. *Births and deaths.*—In the absence of the detailed figures of the census of 1911, the various ratios referred to below have been calculated on the basis of the census of 1901. The year 1909 had shown an increase of births, concurrently with a decrease of deaths, in comparison with the two preceding years, but during 1910, while the number of births again rose, the mortality was higher than in 1909. The number of births registered (exclusive of Angul) was 2,007,222 or 39.72 per mille of population, as compared with 1,909,547 or 37.79 per mille during the previous year. The result may be attributed to the healthiness of the preceding year and to the cheaper prices of food grains which then prevailed. The most marked improvement was shown in Orissa, which stood second in comparison with other Divisions, with a birth rate of 43.99 per mille, as against 33.87 in 1909, the worst result recorded during that year. The number of deaths reported aggregated 1,672,640 or 33.10 per mille of population, as against 1,543,971 or 30.55 per mille during 1909. This deterioration in the general health was almost solely due to the prevalence of cholera and plague, which was especially marked in the Patna and Tirhut Divisions. Comparing the mortality in urban and rural areas, it is in respect of fever only that the former show to marked advantage, as other diseases, on the basis of the figures for the last five years, are less prevalent in the country than in towns. As regards deaths from fever, Calcutta returns far better results than other towns. In comparison with other Provinces, Bengal stood fourth in the order of birth-rate, as against third in the preceding year, and fifth as regards death-rate, the same position which it occupied in 1909.

4. The verification of the registration of vital statistics by the vaccination staff was conducted on a larger scale than in the previous year, and the worst results were reported from Khulna, Shahabad, and the Sonthal Parganas. The results in the first named district were extraordinarily bad, and the Commissioner of the Presidency Division will be requested to furnish an explanation. It is difficult to explain the fluctuations in the figures in certain areas unless on the assumption of a varying degree of accuracy in the returns. Thus, there is no very obvious reason why the birth-rate in the district of Singhbhum, in comparison with the previous year, should suddenly rise from 30.23 to 44.80, or that in the town of Katihar, Purnea, from 12.12 to 48.39 per mille.

5. *Cholera.*—Following upon the good results of 1909, cholera again assumed serious proportions during the year under review, being responsible

for 162,611 deaths (3·21 per mille), in comparison with 56,711 or 1·12 per mille. The mortality, however, was below the average (1,74,051) of the five years 1905-09. The Patna and Tirhut Divisions suffered most severely, and, as usual, the disease was spread by the disregard of precautions in respect of drinking water. The use of permanganate of potash for disinfecting wells was resorted to with good results, noticeably in Gaya, Shahabad, Champaran and Darbhanga, but in Purnea, owing to the ignorance of the people, opposition was encountered, which the local officers should endeavour to break down. The District Boards and Municipalities in the areas worst affected (noticeably in Muzaffarpur), should do their utmost to effect an improvement of the sources of water-supply. In Sitamarhi, no less than 16·35 per mille of the population succumbed.

6. *Small-pox*.—The year was marked by a large and satisfactory decrease in mortality from this cause, the total number of deaths being 7,440 only, as compared with 38,609 in the preceding year, and 26,612, the average of the five years 1905-09. In fact, the mortality was the lowest recorded since 1888-89. Only one town, Bankura, suffered severely, and the matter of vaccination in this area should receive special attention.

7. *Vaccination*.—The report on vaccination is for the triennial period 1908-09 to 1910-11, during which the total number of operations performed averaged 2,036,145 per annum, of which 166,805 were revaccinations, in comparison with an annual average of 1,897,867 (121,865 revaccinations) during the preceding triennium. It is calculated that 600·5 infants per 1,000 were successfully vaccinated in 1910-11, as compared with 534·54 per 1,000 in 1907-08, the last year of the previous triennial period. The average annual cost of the operations was Rs. 2,03,526, as compared with Rs. 1,70,555 during the years 1905-06 to 1907-08. These results are so far satisfactory, and the progress made in Orissa, noticeably in Balasore, shows what can be done if special attention is given to the subject. During the triennium the system of vaccination from lymph was introduced in Chota Nagpur, in place of the arm to arm method, and the Darjeeling Animal Vaccination Depôt was abolished. It had been maintained as a reserve to the Calcutta Depôt, but now that the latter can keep an ample stock of lymph in cold storage, the expense of a second depôt can be avoided.

8. *Plague*.—The gradual decline in the mortality from plague since 1905 unfortunately received a sudden check, and 46,584 deaths were registered from this cause, as compared with 11,779 in 1909. No reason can be assigned for this increase, but it synchronises with similar results throughout India. The disease, as usual, was most severe in Saran (in which district nearly half the total number of deaths occurred), followed by Patna, Shahabad and Monghyr. Among towns, the four worst affected were Monghyr, Siwan, Jamalpur and Buxar. In Calcutta there was a considerable decrease in the mortality from this disease. It is noticeable that Major Gwyther, I.M.S., Civil Surgeon of Saran, reports that the *foci* of the epidemic in that district during 1910, were much more scattered than during the preceding year. Places far distant from one another were attacked, while the intervening country was free, and the spread of the disease was not from village to village. The number of plague inoculations performed was only 549, as against 704 in the preceding year. These were confined to the districts of Saran, Patna and Monghyr, and the figures for the last five years show a steady decline. The evacuation of houses continued to be the only preventive measure regularly resorted to, and in all the circumstances this is the most efficacious and practicable course, but disinfection and the use of kerosine oil emulsion were also tried in some districts. Upwards of 3,70,000 rats are reported to have been destroyed, but the numbers are less than in the previous year.

9. *Fever*.—The downward tendency in the mortality from this disease which was noticed in the report for 1909, was maintained during 1910, the total number of deaths recorded being 1,031,929 (or 20·42 per mille) compared with 1,056,237 (20·90 per mille) in 1909, and 1,151,909 (22·79 per mille), the average of the five years 1905-1909. The worst affected district was Shahabad, in which the mortality was 30·25 per mille, followed by Darjeeling and Purnea. It is satisfactory to note that Darbhanga, which was badly stricken in 1909,

returned a rate of 23·77 only during the year under review. Among towns, Sahibganj in the Sonthal Parganas was again the worst sufferer, but with a decreased mortality of 35·06 per mille, as again 40·75 per mille in 1909. On

the basis of the figures for the last six years, Bihar and Chota Nagpur are markedly more feverish than either Bengal or Orissa, and the comparative rates of mortality, in each during 1910 are reproduced in the margin. Anti-malarial measures were carried on in North Barrackpore, (mainly at the cost of Government), and in Cossipore-Chitpur, Manicktolla, Garden Reach, Titaghar, Panihati, Hazaribagh and Daltonganj, at the expense of the local Municipalities.

10. A Provincial Malaria Committee was appointed during the year with a view to supervising the continuous investigation of the question of the prevalence of malaria, and an executive staff consisting of a Special Deputy Sanitary Commissioner and an Assistant Surgeon was placed at its disposal. It is hoped that more systematic methods of work will eventually result in the discovery of some means of dealing with this scourge, although the financial difficulty of executing works of drainage, etc., on an extensive scale has not yet been solved.

The successful experiment of appointing itinerant Sub-Assistant Surgeons to specially malarious districts was continued and extended, 23 Sub-Assistant Surgeons being deputed, as against 19 in 1909, to work in seven districts as compared with six in 1909. In Purnea the experiment was tried, with some success, of a regular free issue of quinine to Government servants in receipt of pay of Rs 10 per mensem and less, but it is significant that the districts of Shahabad, Darjeeling and Purnea, in which the highest mortality from malaria was recorded, show a comparatively small consumption of this drug.

11. *Dysentery and diarrhoea*.—Following the increased prevalence of cholera, there was a corresponding rise in mortality from this cause, the number of deaths being 45,903, or 70 per mille, as compared with 35,981 or 71 per mille in 1909. The Orissa Division, as usual, suffered most, and the Bhagalpur Division least.

12. *Respiratory diseases*.—The number of deaths reported from this cause was 15,447, as compared with 15,071 in 1909. As noticed in previous reports, the figures cannot be accepted as reliable.

13. *Injury*.—Twenty-five thousand, three hundred and fifty-seven deaths occurred under this head, as compared with 27,280 in the preceding year. It is noticeable that the Sanitary Commissioner reports that the districts of Cuttack, Jessore, the 24-Parganas and Nadia always return the largest mortality from suicide, while the number of females who took their own lives was almost double that of males. Ninety cases of snake-bite were treated with permanganate of potash, as compared with 59 during 1909, of which nearly 82 per cent. are claimed to have recovered. Nine cases, out of 11, treated with antivenene in Saran proved successful.

14. *Sanitary improvements*.—The total expenditure by municipalities on conservancy, drainage and water-supply during the year 1909-10 continued to increase, and amounted to Rs 24,88,154, which is Rs. 2,90,774 in excess of the figure of 1908-09. It is satisfactory to note that there was a marked improvement in the working of the septic tank installations on the banks of the Hooghly, and it is reported that analysis shows the effluent to be virtually sterile as it passes into the river. The Sanitary Commissioner's laboratory was enlarged during the year, and all water analyses (both chemical and bacteriological) are now undertaken at it.

15. *Sanitary Board*.—During the year under report, sketch projects for six water-supply schemes (at Uttarpara, Puri, Bankura, Kalna, Satkhira and Patna, respectively) were under consideration, and 13 water-supply schemes (at Darjeeling, Moughyr, Bhagalpur, Naihati, Bhatpara, Jessore, Gaya, Serampore, the South Suburban Municipality, Hooghly-Chinsura, Howrah, Khulna and Kurseong) were either under construction or had reached the stage when tenders for the contracts had been called for. A comprehensive and expensive scheme for the supply of water to the whole of the Jherria coal

fields was also under examination. From the statistics furnished by the Sanitary Board, it appears that (exclusive of Calcutta) there are at present in the Province 19 municipalities possessing water-works on a more or less elaborate scale, which serve a population of rather over half a million, and the total capital cost of which, up to the 31st December 1910, was approximately Rs. 48 lakhs. Although much still remains to be done in this direction, it is obvious that a substantial beginning has been made towards the proper equipment of the towns in Bengal in this respect, the more so when it is remembered that the majority of these installations were constructed since the commencement of the century. It is estimated, moreover, that in two years the quantity of filtered water supplied to the inhabitants of municipalities in Bengal will be increased by about 75 per cent. Thirteen drainage schemes were under examination during the year at Bhagalpur, Gaya, Sahibganj, Azimganj, Kushtia, Motihari, Ranchi, North Barrackpore, Bhadreswar, Asansol, Manicktolla, Chapra and Purulia, while drainage projects at Howrah, Puri, Arrah, Daltonganj, Bhatpara, Baranagore, Budgo-Budge, Basirhat, Baraset and Baraipur were under construction. In four cases (Hazaribagh, Berhampore, Burdwan and Monghyr) tenders have been called for. From the figures furnished it appears that (outside Calcutta) 20 towns are provided with drainage works of varying degrees of completeness, upon which a capital expenditure of about Rs. 16½ lakhs has been incurred, up to the 31st December 1910. Many of these are still in progress, but the record is by no means insignificant, and the Lieutenant-Governor in Council notices with pleasure the report of the Sanitary Board that greater progress has been achieved, during the year under review, in the preparation of schemes of water supply and drainage (particularly the former) than was over the case before in the annals of the Board. A specially liberal provision has been made during the current year for grants-in-aid to these projects, and it behoves local bodies to bestir themselves to establish a claim to assistance, by demonstrating that they are willing, on their part, to contribute towards the improvement of the areas in their charge.

16. The thanks of the Lieutenant-Governor in Council are due to Major Clemesha and to the Sanitary Board for their energetic administration of the Department. The work of Captain Ross, I.M.S., Deputy Sanitary Commissioner, Bihar and Chota Nagpur, is also particularly commended.

By order of the Lieutenant-Governor in Council,

H. WHEELER,

Secretary to the Govt. of Bengal.

GENERAL SUMMARY.—Rain fell in all districts except Gaya, Palamau and Manbhum. The fall was heavy in Cooch Bihar and Darjeeling and also in the Chuadanga and Meherpur subdivisions of Nadia and the Sitamarhi subdivision of Muzaffarpur but generally light in the rest of the Province. More rain is badly wanted in many districts for transplantation of winter rice. Transplantation also is being retarded in many districts for want of rain. Paddy in parts of Shahabad and Puri, jute in parts of Murshidabad and standing crops in Gaya and Palamau are suffering owing to insufficient rainfall. The price of common rice has risen in Burdwan, Bankura, Midnapore, Murshidabad, Khulna, Purnea, Ranchi and Palamau and has fallen in Champaran, Monghyr and Puri. Cattle-disease is reported from Birbhum, Midnapore, Nadia, Murshidabad, Khulna, Patna, Gaya, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur, Purnea, Angul, Sambalpur and Hazaribagh. The supply of fodder and water is insufficient in parts of Midnapore.

Each private student must pay a fee of Rs. 2 to the head of the institution at which he appears for permission to appear at the test examination.

Candidates for the test examination should apply to the head master of the institution at which they wish to appear and should submit along with their applications the certificates granted to them under the transfer rules by the head master of the school in which they last read. In the case of a candidate who had failed at a previous Entrance or Matriculation Examination and did not subsequently join school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

A student who had failed to pass the annual examination at the end of session 1910-11 for promotion to the first class and subsequently left the school cannot in any circumstances be allowed to appear at the Matriculation Examination that will be held on the 4th March 1912 and following days.

Each candidate should submit with his application a statement showing—

- (1) Age. [No candidate will be allowed to appear at the Matriculation Examination who will not have completed on the first day of the month in which he appears at the Matriculation Examination the age of sixteen years]
- (2) Residence.
- (3) Father's name.
- (4) Classical language.
- (5) Vernacular language.
- (6) Additional subjects.
- (7) Whether he appeared at any previous Entrance or Matriculation Examination.
- (8) A certificate signed by a respectable gentleman to the effect that the candidate had prosecuted a regular course of study and had been subject to proper discipline.

Bonâ-fide teachers employed in any of the recognised schools in the Orissa Division may be admitted to the test examination on payment of the prescribed fee, provided they can produce certificates of service and character from their employers, or from the Deputy Inspector of the district concerned.

The head masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with them the marks gained by such candidates at the test examination. The Inspector will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements for remitting examination fees and application forms to the Registrar of the Calcutta University.

Applications and fees (amounting to Rs. 12 in each case for admission to the Matriculation Examination) must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, in time to reach his office on or before the 20th January 1912.

RESOLUTION ON THE REPORTS ON THE WORKING OF THE PURI LODGING-HOUSE ACT DURING THE YEAR 1910-11.

MUNICIPAL DEPARTMENT—SANITATION.

Dated Calcutta, the 29th July 1911.

RESOLUTION—No. 1466 San.

READ—

The reports on the working of the Puri Lodging House Act during the year 1910-1911.

DURING the year under review a single consolidating notification (No. 931T.—S., dated the 20th September 1910) was issued in supersession of all previous orders (which had been found to be defective) extending the Act to all places in the districts of Puri, Balasore and Cuttack, lying within a quarter of a mile of the Orissa Trunk Road, as well as to certain specified areas in the same three districts. Otherwise, the Act was in force in the same towns and places as in the preceding year.

2. The number of licensed lodging-houses fell from 2,657 in 1909-10 to 2,102, although the number of persons for whom accommodation was provided rose (on paper) from 79,543 to 80,674. In Nadia and Deoghar, however, the increase in the number of houses licensed and in the number of persons for whom accommodation was provided was nominal only, being due to the fact that licenses were twice issued during the past year, i.e., in

April, under the old practice of working according to the financial year, and again in January when the calendar year was substituted. The small influx of pilgrims during the *Dol* and *Car* festivals, and the occurrence of a serious fire at Bhubaneswar, were responsible for the marked decrease of 847 in the number of licensed lodging-houses, and of 11,943 in the number of lodgers, respectively, in the town of Puri and in the *Chatties* in that district. In Gaya, accommodation for 30,067 lodgers was provided, as compared with that for 26,949 persons in the the year 1909-10.

3. The number of cases disposed of under the Act fell from 415 in the preceding year to 392, although the amount of fines imposed and realised rose from Rs. 5,950 to Rs. 6,790.

4. The total income of the lodging-house funds during the year (excluding the opening balance of Rs. 67,091) was Rs. 81,503, in comparison with Rs. 83,965 in 1909-10. The most noticeable decrease occurred in Puri, where the income fell from Rs. 43,806 to Rs. 30,974, owing to the smaller number of licenses issued and to the diminished receipts from the rent of roadside lands which are settled yearly by auction. Jajpur, Naihati and Balasore also showed a small decline. In Jajpur this was chiefly due to the decrease in the number of licensed houses and lodgers; in Balasore to the failure to collect the entire rent during the year, and in Naihati to the abnormally large collection of fees in 1909-10, owing to a double issue of licences. The marked increase (Rs. 7,487) in Gaya was attributable to the provision of increased accommodation, while the issue of new licenses under the amended Act accounts for the increase of income in Nadia and Deoghar; the small increase in Cuttack was due to the collection of arrears of rent outstanding at the close of the previous year.

5. The total expenditure incurred during the year amounted to Rs. 49,399 only, against Rs. 93,287 in the previous year. The decrease was largest in Puri (Rs. 24,196), but it was also noticeable in Gaya (Rs. 15,185), Cuttack (Rs. 2,718) and Naihati Rs. 1,203. In Puri, Gaya and Naihati expenditure rose abnormally in 1909-10, owing to the contributions made to the Municipal schemes of water-supply. In Cuttack also, a special grant of Rs. 2,501 was made in the previous year to the Jajpur Dispensary. The year closed with a total balance of Rs. 99,195 as compared with Rs. 67,091 at the end of the preceding year.

6. The year, on the whole, was healthy, although the mortality from all causes rose from 259, in 1909-10, to 322. In Nadia, owing to the large influx of pilgrims, cholera broke out in an epidemic form during the *Rashjatra* festival, and caused 127 deaths. In Gaya, the number of deaths from cholera was 78, against 34 in the previous year, while in Puri it was 31 as compared with 76. There was one death from plague at Deoghar. The sanitary arrangements in force were generally satisfactory, and the most important schemes of improvement under discussion were the projects of water-supply and drainage in Puri. The former is hanging fire in a disappointing manner, partly owing to lack of funds, and partly to difficulties in connection with the source of supply. An improvement of the water-supply of Deoghar has been suggested, and it is hoped that some practicable proposals will result.

7. The thanks of the Lieutenant-Governor in Council are due to the District and Health Officers concerned with the administration of the Act.

ORDER—Ordered that a copy of the Resolution be forwarded to the Sanitary Commissioner with the Government of India, and that copies be also forwarded to the Commissioners of the Presidency, Patna, Bhagalpur and Orissa Divisions for information.

Ordered also that a copy of the Resolution be communicated to the Sanitary Commissioner and to the Sanitary Board, Bengal, for information, and that it be published in the *Calcutta Gazette* for general information.

By order of the Lieutenant-Governor in Council,

H. WHEELER,

Secretary to the Govt. of Bengal.

**ANNUAL REPORT ON THE GOVERNMENT CINCHONA PLANTATION
AND FACTORY IN BENGAL FOR THE YEAR 1910-11.**

NOTIFICATION.

No. 1497 Medl.—*The 1st August 1911.*—Extract (paragraphs 1 to 12) from the Annual Report on the Government Cinchona Plantation and Factory in Bengal for the year 1910-11 is published for general information.

H. WHEELER,
Secy. to the Govt. of Bengal.

FORTY-NINTH ANNUAL REPORT OF THE GOVERNMENT CINCHONA PLANTATIONS AND FACTORY IN BENGAL FOR THE YEAR 1910-11.

Weather.—Climatic conditions were favourable throughout the year. The rainfall on Mungpoo plantation was 120·86 inches distributed over 165 days, the heaviest fall being 4·81 inches in one day. On Munsong plantation 93·53 inches of rain fell, the heaviest fall being 3·54 inches on one day.

Plantations and crop.—On Mungpoo plantation the younger blocks of cinchona have received more intensive cultivation than hitherto in the shape of forking in of dry and decayed jungle and top-dressing of the soil with wood ashes, cow manure and fresh forest soil and by keeping down the rank jungle growth during the hot weather by hand weeding, instead of merely sickling as in the past. The resulting improvement in the appearance of the younger blocks, especially of the hybrid No. 2, on Sittong Division, has been well worth the extra trouble. Fuel and timber tree extensions during the year covered 303 acres, the species planted comprising such as *Terminalia tomentosa*, *Bucklandia populnea*, *Stereospermum suaveolens*, *Cordia Myxa*, *Albizia procera*, *A. stipulata*, *Schima Wallichii*, *Engelhardtia spicata*, *Quercus spicata*, *Terminalia myriocarpa*, *T. Chebula*, *Bischofia javanica*, *Alnus nepalensis*, *Cedrela Toona*, *Duabanga sonneratioides*, *Shorea robusta*, etc., etc. Last year's planting of fuel and timber trees looks well. All the vacancies of previous years have been filled and the work brought up straight. The ravages of mice on the seeds and seedlings of *Quercus semiserrata* and *Q. Griffithii* have necessitated a change in the method of planting those species. It is hoped that by sowing the seeds in nursery beds and subsequently transplanting and root-pruning them in the nurseries plants may be obtained large enough when planted out to withstand the depredations of field rodents. The 2,000 cuttings of *Ipecacuanha* plants that were transplanted into nurseries last year have all done well, and another thousand were propagated during the year. In order to have a precise record of the state of the plantation from year to year Mr. Russell, the Manager of Mungpoo, was instructed to go over the plantation and to line out in colour on copies of the existing 8 inches to the mile map of the plantation the blocks still under cinchona and the areas planted up annually with fuel and timber trees hitherto. It is intended to map out the future extensions in the same way so that the actual condition of the plantation as presented from year to year may be seen at a glance. Mr. Russell has done his share of the work with the same commendable thoroughness that he has shown in the more ordinary work of the plantation.

As the 4 miles to the inch forest-map of the division in which Munsong plantation is situated is on too small a scale to allow of the different blocks of cinchona being adequately represented, this map was enlarged photographically in the Survey of India Office to the scale of 16 inches to the mile and a sufficient number of copies for future use was printed off. On copies of this enlarged map the cinchona blocks now in existence on Munsong have been lined out and coloured and the dates of planting, the acreage and species planted noted on the maps. In this way a clear record has been established of the present condition of the plantation and a means provided for showing the harvesting and extension operations of the future. The year's extension

of cinchona, which were put out on Munsong plantation only, amounts altogether to 145.5 acres. Of the total, 70 acres were of *Cinchona Ledgeriana* on Kashyem division, 60 acres were of the same species on Burmiak division and 15.5 acres were of *C. officinalis* on Kashyem division. The total number of cinchona plants on Mungpoo plantation on the 31st March 1911 was 1,220,535, being a decrease of 170,801 from last year's number. Of the total 892,945 were *Cinchona Ledgeriana*; 159,232 hybrid No. 1; 91,630 *Cinchona succirubra* and the remainder Hybrid No. 2. The total number of plants on Munsong plantation at the end of the year was 1,324,282, being an increase of 60,618 over the number on 31st March 1910. Of the total 1,202,707 were *Cinchona Ledgeriana*; 25,490 *C. succirubra*; 93,985 *C. officinalis* and 2,100 hybrid No. 2. The total number of cinchona plants of all sorts on both plantations together on the 31st March 1911 was 2,544,817, showing a decrease of 110,083 since the previous year. The unavailability of this decrease was pointed out in the annual report for 1908-09, but the decrease is lessening, the present year's decrease being a little more than one-third of the previous year, and a little more than one-fifth of the 1908-09 decrease. Nursery columns are omitted as if planting has been successfully carried out there should be no stock left in the nurseries at the end of the year, while the figures for plants planted out represent the numbers in the nurseries in the earlier part of the same year. The total amount of dry bark harvested from both plantations was 500,900lbs. Of this total Mungpoo plantation supplied 324,233lbs., made up of 255,276½ lbs. *Cinchona Ledgeriana*, 40,762½ lbs. hybrid No. 1, 23,968lbs. *C. succirubra* and 4,226½ lbs. hybrid No. 2. The remainder, practically entirely composed of thinnings of young *Cinchona Ledgeriana*, was supplied by Munsong plantation. The total bark harvest shows a great increase over last year's amount, the excess amounting to 174,340lbs. The total number of plants uprooted was 309,768, which gives an average yield of 1lb. 9.8oz. dry bark per tree, or more than double last year's average of 11¼ ounces per tree. Munsong plantation under the capable management of Messrs. Parkes and Green has been kept in good cultivation throughout the year. The extensions on Kashyem division promise particularly well. The measurement of representative trees mentioned in last year's report is being continued. Experiments have been continued during the year in the propagation of hybrid No. 2 cuttings, but progress has proved so far to be rather slow. About fifty acres of land that is unsuitable for either cinchona or coolie cultivation has been planted up with walnut.

3. *Factory and outturn.*—The total quantity of bark worked up in the factory was 911,752lbs. Of this quantity 428,037lbs. were *Cinchona Ledgeriana* bark from both plantations, 112,567lbs. were *Cinchona succirubra* and hybrid bark from Mungpoo plantation; 338,266lbs. were purchased Java-grown *Cinchona Ledgeriana* and 32,882 lbs. were purchased Java-grown hybrid bark. The total of 911,752lbs. of bark yielded 39,980lbs. of quinine sulphate and 150lbs. of residual alkaloid. No cinchona febrifuge was manufactured during the year, the stock in hand being sufficient to meet the demand. The year's yield of quinine sulphate exceeds that of last year by 16,882½ lbs. The 540,604lbs. of plantation bark yielded 17,744lbs. of quinine sulphate or 3.28 per cent. This shows a slight decline from last year's percentage of 3.67 in plantation bark which is probably due to the rather large but unavoidable mixture of immature bark resulting from the "thinning" operations on Munsong plantation that were rendered necessary by the luxuriant growth of certain blocks on that plantation. The 371,148lbs. of purchased Java-grown bark yielded 22,236lbs. of quinine sulphate or practically 6 per cent.

As regards the factory equipment a new bark-store capable of holding half a million pounds has been erected. A bark-mixing machine for the preliminary wetting of the bark powder was installed during the year. Hitherto the mixing of the powdered bark before conveyance to the extraction-factory has involved a good deal of manual labour which has now been partially superseded but cannot yet be entirely so as one mixing machine is unequal to dealing with all the bark. Continued experiments in the line of working out a method of quinine extraction cheaper than the present one have been prosecuted

by Messrs. Shaw and Richardson throughout the year, but conditions, although promising, are scarcely ripe enough yet for presenting definite proposals. In paragraph 6 of last year's report the hope was expressed of its being possible to submit definite proposals for improving the transport of bark from the Teesta road to the factory. During the year a trace was cut through the plantation and the jungle from the factory to the Teesta road and a survey and profile sketch made and estimates obtained as to the cost of a wire ropeway. It was found, however, that the primary cost of a wire ropeway and the expense of conveying the required materials along the Teesta road were too high to permit of the saving of transport charges being equivalent to a reasonable interest on the capital expenditure having regard to the expected durability of the ropeway. Doubtless were the factory output considerably increased beyond its present amount such a scheme would easily pay itself, but under present circumstances its adoption is not recommended. During the rainy season a land-slide unfortunately traversed the masonry reservoir that stores water for working the factory turbines and caused a subsidence of about a third of the reservoir. The factory operations were suspended for a few days until the remaining two-thirds of the reservoir were inclosed. The factory was then worked from the sound two-thirds until December 1910 when all subsidence having ceased, the gaps in the reservoir were filled in and the whole tank brought into use again.

4. *General charges.*—The total of the charges against the Department as a whole amounted to Rs. 28,619-13-3 as against Rs. 28,057-2, the amount of general charges for 1909-10, the Superintendent's allowance being added in both cases.

5. *Plantation Charges.*—Rs. 32,623-8-4 were spent on Mungpoo and Rs. 50,645-11-8 on Munsong, making a total of Rs. 83,269-4, for the two plantations as against Rs. 87,461-15-9 in last year's account. Against the total plantation charges has to be placed the yield of 500,900 lbs. of bark valued at Rs. 76,485-3-6. The plantation charges as a whole are Rs. 4,192-11-9 less, while the estimated value of the plantation's yield is Rs. 19,440-3-10 more than the corresponding sums for the last year.

6. *Factory charges.*—Deducting the sum expended on bark purchase the total working expense of the factory amounted to Rs. 91,658-10-9 practically the same figure as for 1909-10 when the output however was much less. The value of 911,752 lbs. of bark worked up in the factory is estimated at Rs. 1,96,403-12-7. After deducting the amount spent on purchase of bark, on the improvement of the factory and other items not directly concerned with actual manufacture, the cost of manufacture and packing of the quinine sulphate works out to Re. 1-15 per lb. If the cost of the proportion used up in the factory during the year of the total quantity of Java-grown bark purchased be estimated in proportion to the sum spent on the total quantity of bark purchased, the cost of the quinine sulphate yielded by the Java-grown bark works out at Rs. 5-4 per lb., so that the total cost of quinine sulphate in the Java-grown bark was Rs. 7-3 per lb. The average unit rate for bark at the Amsterdam auctions during 1910-11 was 3-15 Dutch cents. The quinine percentage in plantation bark being 3-28 this comes out—on the Dutch unit rate being converted into Indian currency—to practically Rs. 4 per lb. of sulphate of quinine. Adding to this Re. 1-15, the result comes out as Rs. 5-15 per lb. as the total cost of the quinine manufactured from the plantation bark.

7. *Issue of manufactured articles.*—The issue of quinine sulphate amounted to 22,893 lbs. $4\frac{3}{4}$ oz., showing a decrease of 1,005 lbs. $15\frac{1}{4}$ oz., from last year's issue. Cinchona febrifuge also shows a decrease of 421 lbs. 6 oz. from last year's distribution, the amount issued during 1910-11 being 2,171 lbs. 6 oz. Of cinchonidine sulphate 32 lbs. were sold, showing an increase of $7\frac{1}{4}$ lbs. over last year's sales. The distribution of quinine sulphate shows a large drop in the demands of the Inspector-General of Prisons, Bengal, for quinine for pice packets, only 5,200 lbs. being indented for as against 9,280 lbs. during 1909-10. The Medical Depôt, Calcutta, took 500 lbs. more, and the Medical Depôt, Lahore, 500 lbs. less than during 1909-10. The quantity sold to Government officers, dispensaries and medical missions showed a considerable

increase from 1,992 lbs. 5 oz. in 1909-10 to 2,806 lbs. 2 oz. in 1910-11. The Central Prison, Lahore, took 1,970 lbs. 13 oz. for pice packets.

8. *Expenditure and receipts.*—The total budget grant was Rs. 427,745 and the total expenditure Rs. 4,03,553-15-5, there being a saving of Rs. 24,191-0-7 due to such items as the abolition of the post of Assistant Superintendent of the Mungpoo plantation and savings under fuel, carriage of bark and of factory products. The total receipts amounted to Rs. 208,620-11-6, being Rs. 38,929-14-6 less than last year's receipts, and Rs. 1,94,933-3-11 less than the year's expenditure. The decrease in receipts is due partly to the less quantity of quinine and cinchona febrifuge sold and partly to the quantity of quinine qualifying for purchase at wholesale rates having been reduced from 30 lbs. to 6 lbs. The discrepancy between the money received and the expenditure seems formidable, but is in reality nominal as against it has to be placed the increase of 17,086 lbs. 11½ oz. in the quinine reserve, the value of which increases a good deal more than counterbalances the difference between expenditure and receipts.

Of the receipts Rs. 38,157-5 were in cash and Rs. 1,70,463-6-6 by book credit. Of the cash sales Rs. 24,631-15 were for sulphate of quinine, Rs. 10,785-6-3 for cinchona febrifuge and the remainder for sulphate of cinchonidine, amorphous alkaloids, bark and miscellaneous items. The outstandings on 31st March 1910 were all recovered.

9. *Stock Account.*—The stock of quinine sulphate which on the 1st of April 1910 stood at 31,578 lbs. 1½ oz. on the 31st March 1911 stood at 48,664 lbs. 12¾ oz. valued at Rs. 4,13,650-12-5. The reserve is now practically equal to a two years' supply at the present demand for quinine. The stock of cinchona febrifuge at the end of the year was 3,342 lbs. 6 oz. valued at Rs. 16,711-14. None was manufactured during the year as there seemed to be no call to increase, as a matter of course, stock of a product for which there is at present but a small demand. There were insignificant decreases in the stock of cinchonidine sulphate and amorphous alkaloids. The stock of bark increased from 102,559 lbs. 1 oz. at the beginning of the year to 340,736 lbs. 5 oz. valued at Rs. 94,738-10-10 at the end of the year. The greater bulk of the stock consisted of Java grown bark. The stock of oil was 11,097 gallons, valued at Rs. 4,783-13-6 and the stock of chemicals 306,883 lbs. valued at Rs. 22,224-1-9. The total value of stock of all sorts is estimated at Rs. 5,74,664-11-3.

10. *Profit and Loss.*—There was a loss of Rs. 5,669-10-5·8 on the revaluation of the closing balance of the previous year. After deducting non-recurring charges (amounting to Rs. 1,007-0-6) there is a balance of Rs. 20,796-5-10 profit on the years' working.

11. *Sale of pice packets.*—As already mentioned under issue of manufactured articles there has been a great drop in the demand for pice-packets by the Inspector-General of Prisons, Bengal.

12. *Miscellaneous.*—Grazing fees and land rent realised Rs. 4,662-3-6, which was paid directly into the Darjeeling Treasury. On Munsong plantation two bungalows were erected during the year for the Assistant Managers, one on the Kashyem division, the other on the Burmiak division.

REVISED RULES FOR ADMISSION INTO THE EXECUTIVE BRANCH OF THE PROVINCIAL CIVIL SERVICE IN BENGAL.

RESOLUTION—No. 3799 A.

APPOINTMENT.

Dated Calcutta, the 7th August 1911.

READ—

Notification No. 1609 A.—D., dated the 10th June 1909, prescribing revised rules for admission into the Executive Branch of the Provincial Civil Service in Bengal.

Resolution by the Government of India, Home Department, Nos. 1046—1058, dated the 19th August 1910, on the subject of framing rules by Local Governments for the recruitment of Provincial Civil Services (Executive and Judicial).

Letter from the Registrar, Calcutta University, No. 7042, dated the 9th September 1910.

Letter from the Government of India, Home Department, No. 953, dated the 14th September 1910.

The following Resolution, Nos. 1046—1058, dated the 19th August 1910, issued by the Government of India, in the Home Department, is published for general information as part of the revised rules for admission into the

Executive Branch of the Provincial Civil Service, promulgated in this Government Notification No. 1609 A.—D., dated the 10th June 1909 :—

THE Governor General in Council has had under consideration the recommendation made by the Royal Commission on Decentralization at the end of paragraph 123 of their report on the subject of framing rules for the recruitment of provincial services. The majority of the Commission consider it unnecessary that rules for the recruitment of those services should, as is now the case, require the sanction of the Government of India, and they express the opinion that the functions of that Government should be limited to laying down a few general principles as to eligibility for appointment, etc., on which detailed provincial rules would be based.

2. In the present Resolution the Governor General in Council proposes to deal only with the Provincial Civil Services (Executive and Judicial). The case of other provincial services will be separately considered.

3. The present system under which the previous sanction of the Government of India is required to making or altering the rules for the recruitment of the Provincial Civil Services was introduced in 1892 as the result of the Report of the Public Service Commission. The Governor General in Council has now decided to accept in substance the recommendation of the Decentralization Commission and is pleased accordingly to invest local Governments with the power to make rules for the recruitment of the Provincial Civil Services without the previous sanction of the Government of India, but subject to their general control. The general conditions which should govern such recruitment have been already fully considered in connection with the inquiries made by the Public Service Commission, and the Governor General in Council, upon a further consideration of the subject, sees no reason to modify the conclusions then arrived at. It will, however, be convenient to re-state them in the present connection, as follows :—

I.—The rules must be adapted on the one hand to obtain thoroughly efficient candidates, and, on the other, to secure the due representation in the public service of the different classes of the community.

II.—Every candidate for appointment by recruitment must furnish satisfactory evidence—

(a) that he is not over 25 years of age, except in the case of Barristers, Advocates, or Pleaders appointed to the judicial branch: these excepted cases will be governed by article 51 of the Civil Service Regulations;

(b) that he has attained a prescribed preliminary standard of general education to be fixed by local Governments with reference to local conditions, the object being to secure men qualified by as high a standard of general education as the conditions and requirements of the local administration permit. In particular, qualification in one or more of the vernacular languages of the province in which he is to be employed is to be insisted on. The vernacular standard should be a high one, involving a thorough knowledge of the language and ability to write and read the written character with facility;

(c) that he is of sound health, good physique, and active habits; and

(d) that he is of good character.

III.—Every person appointed to the Provincial Civil Service by direct recruitment shall be subject to a period of probation or training during which time his appointment will be probationary only, unless in special cases the local Government declares such probation or training to be unnecessary.

IV.—The subjects of Native Princes in alliance with His Majesty shall be eligible for appointment, provided they are qualified in other respects.

V.—Admission to the Provincial Civil Service should usually be confined to persons who are natives of the province or have definitely settled in it; in the case of candidates who are not natives of the province recent residence of at least three years in the province should, as a general rule, be an essential condition of admission. No Barrister, Advocate or Pleader should be appointed as such, unless he has been at least three years actually practising his profession in India and can speak the provincial vernacular.

VI.—Europeans who are not statutory natives of India shall be eligible for appointment, if qualified according to the above conditions, with the sanction of the Government of India.

VII.—The local Government should reserve to itself the right to make promotion to the superior grades of the Provincial Civil Service without regard to seniority, and seniority alone should not give a claim to appointment to the grade of Rs. 500 a month and higher grades.

VIII.—The Government of India retain power in very special cases to make direct appointments to offices in the higher grades of the Provincial Civil Services, and whenever the Government of India exercise this power in the case of Judicial officers, it will be confined to Barristers, Advocates, or Pleaders of the High Courts who have shown distinguished ability in the exercise of their profession for not less than ten years and have a thorough knowledge of the vernacular.

IX.—No member of the Provincial Civil Service shall be dismissed otherwise than on the result of a judicial or formal departmental inquiry.

4. The Governor General in Council directs that any change made in the rules from time to time should be forthwith communicated to the Government of India in the Home Department, in order that they may be in a position to exercise effective general control. His Excellency in Council considers it desirable, moreover, that this Resolution should be published by the local Governments and Administrations as part of the respective provincial rules.

2. The general conditions governing the recruitment of the Provincial Civil Services, which have been set out in paragraph 3 of the Resolution quoted above, are embodied for the most part in the rules now in force in Bengal for admission into the Executive Branch of the Provincial Civil Service, as indicated below:—

Condition	I in the Resolution corresponds to rule 9(d) of the revised rules for admission into the Executive Branch of the Provincial Civil Service.

3. The following conditions have not hitherto been embodied in the provincial rules referred to above and the Lieutenant-Governor in Council is pleased to declare that they will henceforward be in force, and will be numbered as rules 8 (a), (b), (c) and (d) of the provincial rules, as indicated below:—

Rule 8 (a).—Condition II (b) (latter portion) . . . Qualification in one or more of the vernacular languages of the province in which a candidate is to be employed is to be insisted on. The vernacular standard should be a high one, involving a thorough knowledge of the language and ability to write and read the written character with facility.

Rule 8 (b).—Condition III (latter portion) . . . In special cases, the Local Government may declare the period of probation or training prescribed for persons appointed to the Provincial Civil Service by direct recruitment, to be unnecessary.

„ 8 (c).— Do. V (second half of first sentence and latter portion.) . . . In the case of candidates who are not natives of the province, recent residence of at least three years in the province should, as a general rule, be an essential condition of admission. No Barrister, Advocate or Pleader should be appointed as such, unless he has been at least three years actually practising his profession in India and can speak the provincial vernacular.

Rule 8 (d).—Condition VIII

...

... The Government of India retain power in very special cases to make direct appointments to offices in the higher grades of the Provincial Civil Services.

4. The Lieutenant-Governor in Council desires also to take this opportunity to notify, with the previous sanction of the Government of India, that the present system of recruitment of a portion of the Executive branch of the Provincial Civil Service on the nomination of the Calcutta University, as detailed in paragraph 9 of this Government resolution No. 5649 A., dated the 26th December 1904, will be continued for a further period of five years with effect from 1910. It was stated therein that three appointments in the service would be filled up from amongst the most distinguished students of the Calcutta University in each year, that the Syndicate would annually be invited to send up six names of such students who were believed to be of good moral character and physically fit for employment in Government service, and that, from amongst these, the Lieutenant-Governor, after making a careful enquiry as to the character of the nominees, would select three. The Lieutenant-Governor reserved the power, if necessary, to make his selection not merely from the six candidates nominated in a single year, but also from any of those nominated from time to time by the Syndicate, who had not passed the age of twenty-five years. The scheme was introduced for a period of five years in the first instance, and the first appointments under it were made in October 1905. The term for five years therefore expired in October 1909 when the Syndicate submitted its nominations for the fifth time. The question whether the arrangement should be continued or not has since engaged the attention of the Government. After considering the matter fully, the Lieutenant-Governor in Council is, however, of opinion that it is still somewhat too early to make a definite pronouncement on the quality of the officers nominated by the University or on the success of the present system from an administrative point of view. The existing arrangement will accordingly be continued, as already stated, for a further period of five years, on the expiry of which the question of its retention will be considered again in the light of the experience that shall have been gained of its working. The Lieutenant-Governor in Council is accordingly pleased to declare that rules 5 and 10 of the revised rules promulgated in this Government notification No. 1609 A.—D., dated the 10th June 1909, shall continue to be in force for the further period mentioned above subject to the modification in rule 10 made in the following paragraph.

5 Under rule 10 of the rules for admission to the Executive branch of the Provincial Civil Service, referred to in the foregoing paragraph, the Syndicate of the Calcutta University is restricted in their choice to the students of the particular year in which they have to nominate. As, however, the M. A. examination is held too late in the year for its results to be taken into account in making appointments, it has been the practice to include among the students of a particular year those who took their M.A. degree in the preceding year. The restriction is in fact further modified by the provision that the Lieutenant-Governor need not confine himself to the nomination made by the University in the particular year, but may also take into consideration graduates previously nominated if they have not passed the age of 25 years. The Syndicate have now asked that the restriction may be removed altogether and that they may be left free to nominate distinguished graduates of any year, subject to the age limit. Looking to the facts as stated above, the Lieutenant-Governor in Council is prepared to accede to the request. The rule also requires modification, with reference to the restrictions as to place of birth and residence laid down in condition V under paragraph 3 of the Resolution of the Government of India reproduced above. The principle involved in the change has already been accepted by the Syndicate and followed by them in practice. The Lieutenant-Governor in Council is accordingly pleased to direct that rule 10 of the rules for admission to the Executive branch of the Provincial Civil Service, published with the notification of this

Government, No. 1609 A.—D., dated the 10th June 1909, should be revised in the following manner:—

“ **Rule 10.**—The Syndicate of the University will be invited annually to nominate six graduates of high character and of great academical distinction. The nominations will be made, subject to the restriction* laid down in condition V under paragraph 3 of the Resolution of the Government of India, Nos. 1046-1058, dated the 19th August 1910, in accordance with the conditions laid down in rules 7 and 8. From amongst these, the Lieutenant-Governor in Council will, after enquiry, select three persons to be Probationary Deputy Magistrates, or from amongst graduates previously nominated under this rule by the Syndicate and who have not passed the age of 25 years.”

6. The Lieutenant-Governor in Council has also had to consider in this connection the question of revising sub-rules (c) and (d) of rule 13 of the Rules for admission to the Executive Branch of the Provincial Civil Service, published with the notification of this Government No. 1609 A.—D., dated the 10th June 1909. Under the first of these, an officer is liable to be removed from service unless he can pass by the first standard of the Departmental Examinations at or before the first examination held two years after his first appointment as probationer. It has been pointed out that the rule may operate harshly, inasmuch as, under separate rules, promulgated with the notification of this Government No. 6818 A., dated the 9th November 1908, and subsequently modified by notification No. 6352 A., dated the 7th December 1909, officers are not allowed to present themselves for the Departmental Examinations within the first year of their probation, during which they are required to undergo practical training in magisterial and revenue work. Sub-rule (d) of rule 13 requires that an officer should pass by the second standard of the Departmental Examinations within two years of the time of his passing by the first standard. It has been urged that this rule operates disadvantageously in the cases of officers who succeed in passing by the first standard earlier. The Lieutenant-Governor in Council accepts this view and has decided that this defect should be remedied by revising the rules in the manner laid down below:—

13. (c) Any officer who does not pass by the first standard of examination within three years of his first appointment as probationer, will be liable to be removed, unless it shall be shown that any special circumstances entitle him to consideration; and if he does not pass within a year subsequently unless prevented by sickness or other circumstances really beyond his control, he will without fail be removed from the service.

(d) Officers will be expected to pass by the second standard of examination within five years of their first appointment as probationer, and, if they fail to do so, they will render themselves liable to removal from the public service.

ORDERED that copies of the Resolution be forwarded to all Commissioners of Divisions, the Secretaries to the Board of Revenue, Lower Provinces, Land Revenue and Miscellaneous Revenue Departments, the Accountant-General, Bengal, and the Registrar of the Calcutta University, for information.

Ordered, also, that a copy be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor in Council,

C. J. STEVENSON-MOORE,

Chief Secretary to the Government of Bengal.

† 1. In the case of officers admitted to the service before November 1908, either as probationers or as substantive *pro tempore* officers of the eighth or any higher grade, as also in the case of officers who have been admitted in the latter way since November 1908, sub-rules (c) and (d) of rule 13 of the Rules published with notification No. 1609 A.—D., dated the 10th June 1909, will continue to be in force.

2. In the case of officers who may hereafter be admitted to the service as substantive *pro tempore* officers of the eighth or any higher grade, the revised rules now published will apply, subject to the modification that the period laid down in sub-rule (c) will be two years and that in sub-rule (d) will be four years.

THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION, 1911.

NOTIFICATION.

No. 3001.—The 4th August 1911.—The following Prospectus relating to the Industrial and Agricultural Exhibition to be held at Mysore in September—October 1911 is published for general information.

J. G. CUMMING,
Secy. to the Govt. of Bengal.

PROSPECTUS OF THE DASARA EXHIBITION OF 1911.

Introductory.—With the sanction of the Government of His Highness the Maharaja of Mysore, the Committee issue the following Prospectus in connection with the Exhibition of 1911.

2. *Opening of the Exhibition.*—This year the Exhibition will be opened to the public from the 25th of September to the 15th of October, both days inclusive. The cattle (local) and poultry shows will begin on Wednesday the 4th October and close on Saturday 7th.

3. *Object of the Exhibition.*—The primary aim of the Committee is to impart to the Exhibition an educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the raiyat, artizan and the manufacturer by actual demonstration. But as the exhibition of a single specimen may not afford full information and may not be sufficiently attractive to the visiting public, articles intended for sale will also be admitted.

Sale rooms and sale of exhibits.—Articles on a larger scale sent merely for sale will have to be kept in separate stalls and in charge of the exhibitors or their agents. There is no objection to the sale of actual exhibits; but they will not be allowed to be removed from the Exhibition grounds till the termination of the show. Articles admitted for purposes of sale alone may be removed after purchase. No article will be allowed to leave the Exhibition grounds without a gate pass. Those who desire special facilities for the sale of articles or demonstration of processes, are requested to place themselves in communication with the Secretary to the Exhibition Committee.

4. *Horticultural Show.*—The horticultural show comprising Class II, Group 2, items 1 to 7, mentioned in the first section of the Prospectus, will be held on the 4th of October 1911 and kept open till the following day.

5. *Lectures.*—Written notes on subjects connected with Agriculture and Industry will be thankfully received and printed in book forms for distribution at the Exhibition.

Demonstrations.—Arrangements will be made for holding a competition on the Exhibition grounds in Ploughing, Weaving and Pottery work, Carving and Metal work. The exact time of demonstrations will be announced later on by hand-bills and notices.

6. *Donations.*—The Committee will thankfully accept donations for awarding prizes or medals from individuals or associations desiring to give an impetus to any special branch of agriculture or industry.

7. *Classification of Exhibits.*—The classification of exhibits will be according to the prize list subjoined to the Prospectus and entries in several sections should be made in the application forms prescribed.

8. *Open to all India.*—The Committee invite exhibits from all the districts of the State as well as from outside. They also appeal to the various agricultural departments and associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

9. *Judges.*—Leading raiyats and non-official gentlemen will be invited to assist the Committee in judging the exhibits.

10. *Admission fees for visitors.*—An admission fee of annas two per head will be levied each time a person enters the Exhibition buildings. Season tickets will be issued at Re. 1-8 per head. These are not transferable, but books of eight single tickets may be had also at Re. 1 per book. Return railway season tickets between Bangalore and Mysore at a reduced rate, which will also admit to the Exhibition for the whole period, will be arranged for.

RULES AND REGULATIONS.

Noxious articles.—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars regarding the exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in the necessary entry form appended to this Prospectus. Forms may also be obtained from the District, Divisional and Taluk Offices, or from the Secretary to the Committee; plain paper of foolscap size may also be

used provided all the headings in the form are properly copied and filled up and separate sheets should be used for each section.

4. *Lists from taluks.*—Deputy Commissioners of Districts with the District Committee, Subdivisional Officers and Amildars of Taluks, are requested to convene, as early as possible, a meeting of the leading artizans, raiyats and merchants residing within their respective charges, to explain to them fully the object and the scope of the Exhibition, to carefully acquaint them with the rules and regulations, drawing particular attention to such paragraphs as 2, 3, 10, etc., to send to this office for information copies of proceedings of District and Taluk Committee meetings, to distribute to them forms of applications, to have them filled up by intending exhibitors and to compile and forward them to the Secretary.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which can compete at the exhibition. Articles not especially enumerated in the prize list may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for exhibits.*—No fees will be charged for the admission or registration of exhibits or for the space allowed for them.

7. *Acceptance of exhibits.*—The Committee reserve to themselves absolute discretion as regards the acceptance or rejection of exhibits and the allotment of space covered or uncovered.

8. *Delivery of exhibits.*—Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by post or railway and all taluk and district exhibits should be sent through the Deputy Commissioners of Districts with a consolidated list of exhibits and exhibitors in duplicate (before the 10th September), one of which will be checked, receipted and returned by the Secretary.

9. *Payment of freight and transport charges.*—No exhibits in respect of which the necessary freight or transport charges have not been paid by the exhibitor will be accepted by the Committee.

10. *List of particulars.*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying name and number of exhibits and the registered number of the exhibitor and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place of production or manufacture, name of the manufacturer or exhibitor; in the case of exhibits in the Agricultural section, essential particulars should be given, such as—

1. The season of sowing.
2. The soil on which they are grown.
3. The quantity of seed per acre.
4. The manure used.
5. Whether any irrigation is required.
6. The time required for the maturing of the crop.
7. The average yield per acre.
8. Any other interesting details regarding cultivation.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the previous Mysore Exhibitions shall be precluded from competing for prizes, though there is no objection to their being accepted for purposes of show or sale.

12. *Date of delivery of the exhibits.*—Intending exhibitors are requested to send the exhibits so as to reach Mysore on the 25th August 1911, from which date the Committee will arrange to take charge of exhibits, and no exhibits should arrive later than the 20th of September 1911.

13. *Belated exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed may be admitted at the discretion of the Committee subsequent to the date in paragraph 12, but they shall not find an entry in the official hand-book if the exhibitors fail to furnish at least the accurate lists of exhibits within the prescribed time.

14. *Perishable articles.*—Vegetables, fruits and other perishable articles may, however, be delivered at the Exhibition hall till 7 P.M. on the 3rd October 1911.

15. *Responsibility of exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits, and they must either personally or by their agents or servants superintend their reception and removal, in default of which, the Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

16. *Committee accept no responsibility.*—No responsibility shall be accepted by the Committee for any damage to or loss of exhibits howsoever occurring.

17. *Special facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any process of manufacture or the working of any implement or machinery, and, if so, to state briefly the nature of the demonstration and any special facilities they require for mounting their machinery.

The Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the exhibitor's expense. The expenses for any special facilities sought for demonstrating machinery and implements should be borne by the exhibitor except where special arrangements have been made by the Committee.

18. *Valuable exhibits.*—All valuable exhibits must invariably be forwarded and kept under the charge of an attender.

19. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or send their agents in charge of exhibits may make special arrangements with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

20. *Weighing of exhibits.*—The Committee entrust the work of receiving the exhibits to responsible officials. But as the goods are landed near the Exhibition grounds by special arrangements, it is not possible to weigh every consignment before taking delivery of it. So the exhibitors are requested to take every precaution in packing their exhibits and to send to the Committee in time an accurate list of exhibits sent by them. Exhibitors who wish that their consignment should be weighed at the Railway station before delivery should intimate their wish to the Secretary in time and remit in advance a special fee of one rupee on each consignment to be thus weighed.

21. *Acknowledgment of exhibits.*—Receipt of exhibits will be acknowledged by return of the duplicate list mentioned in paragraph 10 to the exhibitors, duly signed by the Secretary. No other kind of receipt or acknowledgment shall be sent.

22. *Free pass to exhibitors.*—In cases in which the owners themselves are in charge of exhibits, the necessary free pass will be given. Exhibitors and such assistants, servants or other attendants as they may require for service in their stalls shall enter the Exhibition grounds through such entrance or entrances as the Committee may direct; they must wear badges, discs or hold passes issued to them before the opening of the Exhibition. All such assistants, servants or other attendants must obey the orders of the Committee and of the supervising staff appointed by them.

23. *Free admission to bona-fide raiyats and artisans.*—Raiyats and artisans unable to pay fees, belonging to the Mysore State or from outside, who produce certificates of identification signed by their respective Taluk Officers in form B appended to this Prospectus, will be admitted free.

24. *Space for articles on sale.*—Accommodation for articles to be sold by owners will be provided in the sale rooms erected within the Exhibition grounds as far as possible, and the following rent will be charged for special accommodation. Sellers may have temporary booths put up at their own cost in the Exhibition grounds by previous arrangements with the Committee:—

				Rs.
1. Full stall, 21' by 10½	15
2. Half stall	8
3. Quarter stall	5

No refund will be given to an exhibitor who occupies less space than that allotted and paid for, and the unoccupied space will be disposed of by the Committee in the way it deems best.

No exhibitor shall assign, transfer, sublet or part with the possession of any site or building or portion thereof allotted to him or dispose of any part of interest therein or place therein any other than his own duly approved exhibits. Any breach of this rule renders the exhibitor liable to have his exhibits removed summarily from the Exhibition, and he shall not be entitled to any compensation.

Commission.—A commission of six pies in the rupee will be charged on the sales conducted in the sale rooms by the exhibitors themselves or by their agents.

25. *Exhibits for sale.*—Exhibits labelled 'for sale' will be sold during the time the Exhibition lasts; but no article will be removed till the close of the Exhibition.

26. *Commission on sales.*—A commission of half an anna in the rupee will be levied on all articles sold in the Exhibition stalls and grounds through the salesmen appointed by the Exhibition authorities. In this case the money will be received and remitted to the exhibitor by the Exhibition office.

27. *Opening of stalls.*—All buildings erected by exhibitors and all sites, stalls, etc., occupied by them shall be properly cleaned and open for the public before the hour of opening each day and shall remain so during the hours of Exhibition, and if this is not done to the satisfaction of the Committee, it shall arrange to have everything done at the sole risk and expense of the exhibitor.

28. *Removal of exhibits.*—All exhibit must be removed within a fortnight after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit. Perishable articles will be allowed to be removed at the option of the owners or purchasers within 24 hours after the opening of the Exhibition.

29. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received. Gentlemen willing to lend them are requested to place themselves in communication with the Secretary or the members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the exhibition of articles.

30. *Exhibits belonging to Departments of Mysore Government.*—Articles or cattle exhibited by any Department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit. Certificates of merit will also be given to such of the exhibits from private gentlemen as have not been provided for in the

Prospectus, if they are considered by the judges worthy of the same. (This rule does not preclude Government servants or pupils of Industrial Schools from competing for prizes, if the exhibits are manufactured by themselves.)

31. *Admission of live-stock.*—The time of the year when the owners of cattle are fully engaged in the fields having been found very unsuitable for a regular cattle show, it has been decided to restrict the show to the fine specimens of local (Mysore City) cattle irrespective of breeds and classes.

32. *Accommodation for cattle.*—Accommodation will be provided free of cost.

33. *Practical test.*—Working cattle may, at the owners' option, be subjected to a practical test as to their powers of draught. They must be the *bonâ fide* property of the exhibitor.

34. *Care-taker*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

36. *Poultry appliances.*—Prizes will also be awarded for incubators and other poultry appliances.

37. *Distribution of awards*—Prizes and medals will be distributed at the close of the Exhibition. This year it is proposed to hold a distribution of prizes in the Exhibition grounds on or about the 25th October 1911

38. *Number of judges.*—The judges in each class or group will not be less than three, but no prizes will be awarded unless, in the opinion of the judges, the exhibits merit the reward. Judges cannot compete for prizes in classes or section in which they are judges, and the decision of the judges is final.

39. *Photograph of articles exhibited*—No articles exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of stalls may, however, be taken with the permission of the Committee.

40. *Committee decision final.*—The Committee have full power to make rules for the conduct of the Exhibition under these regulations, and their decision is final in all cases.

41. *Acceptance of rules*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing rules and regulations and also such other rules as the Committee may hereafter issue not inconsistent with these regulations

42. *Official hand-book.*—An official hand-book of all exhibits with the names and the addresses of the exhibitors and their agent or agents, if any, will be published before the opening of the Exhibition without any further cost to the exhibitors. It is expected that a large number of people will visit the Exhibition and that many of them will probably purchase the official hand-book which will be sold at a nominal price. It will be a capital opportunity for advertisers to advertise through the medium of this hand-book. Advertisements will be received for publication in the official hand-book at the following rates:—

			Rs.
Full page	20
Half page	12
Quarter page	7½

(Special rates will be charged for advertisements on the pages of the cover and coloured fly-leaves and other special positions.)

45. *Accommodation.*—Accommodation for visitors will be arranged in the sheds put up outside the Exhibition buildings, provided intending visitors apply to the Secretary at least a fortnight before the opening of the Exhibition. A rent of annas four per day subject to a minimum charge of Rs. 2-8 will be charged.

46. *Entertainments.*—The Committee will receive applications for entertainments in the Exhibition grounds. No charges will be levied for space allotted therefor.

47. *Post and Telegraph Office.*—The "Mysore Exhibition Camp" Post and Telegraph Office will be open at the Exhibition from 1st September to 20th November, and all letters, etc., addressed to the Exhibition Camp Office will be delivered earlier than those addressed to Mysore Town.

48. *Railway Concession.*—Concession for the carriage of exhibits over the following Railways to the Mysore Dasara Industrial and Agricultural Exhibition, on production of

necessary certificates which may be had by applying to the Secretary to the Exhibition, has been kindly granted by the respective managers:—

MYSORE,
The 11th April 1911.

G. SUBBUSWAMI IYER,
Secretary.

NOTES ON THE LACE AND EMBROIDERY SECTION OF THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION.

Owing partly to the fact that it is extremely difficult to translate into Indian Vernaculars English terms used for needle-work and embroidery, and partly because people do not readily understand the difference between an Exhibition and an ordinary shop or stall, exhibitors have not always understood what articles are required and will be rewarded, and have sent in much to former exhibitions that, even if good in itself, was debarred from getting any prize by the fact that it was not asked for in the Prospectus.

It has therefore been thought well to publish a few explanatory notes.

The room devoted to the lace and embroidery section is necessarily limited, and it is not possible in any one year to include all kinds of needle-work.

If too many specimens are received they cannot be displayed effectively, and the crowding of embroideries, etc., only results in confusion, dust, damage to the exhibits, and prevents their being satisfactorily shown.

Therefore, instead of crowding the stalls with masses of needle-work, good and bad, old and new, clean and dirty, whether included in the Prospectus or not, the Sub-Committee wish the exhibition to be confined to such specimens only as—

- (1) are asked for in the Prospectus,
- (2) are considered by them to be really of excellent workmanship,
- (3) are new and fresh.

N.B.—Valuable specimens of old embroidery, lace or needle-work should be placed apart in "a loan exhibition."

Exhibitors would do well to note that the best materials available should be used, and that one perfect specimen of any particular work is much more likely to gain a prize than many indifferent specimens. For instance, one silk tie, perfectly knitted in good silk of a nice colour, would stand a better chance of reward than a score of ties carelessly knitted.

Moth-eaten, faded, torn or dirty work cannot be accepted.

Competitors will please note that this year cushions worked in wool work, crewel work, chenille work or bead work are not included in the Prospectus; and that no bead work or miscellaneous work is to be sent for exhibition.

In judging the needle-work, its suitability for use and sale (including the possibility of its being easily cleaned or washed) will be taken into consideration, as well as beauty of design, material, colouring and workmanship.

Preference will be given to Swadeshi exhibits and particularly to those of the Mysore manufacture.

PLOUGHING COMPETITION.

In the price list published with the Prospectus, a sum of rupees fifty has been allotted for the ploughing competition. The following particulars regarding the award of prizes are published for information :--

Indigenous and imported implements of all kinds will be admitted, the different classes of implements being allowed to compete separately.—

1. *Ploughing*.—Each competitor will be required to plough completely one plot of red loamy soil measuring four guntas in an hour and a half.
2. *Ridging*.—To ridge up completely a three-gunta plot in an hour and a half.
3. *Harrowing*.—A four-gunta plot will have to be harrowed in twenty minutes.
4. *Sowing*.—A four-gunta plot to be sown in twenty minutes with a seed-drill.
5. (a) *Thrashing*.—A given quantity of a given kind of crop to be thrashed by cattle, stone mills, or power machines.
- (b) *Winnowing*.—By machines of different kinds.

The number and value of prizes to be awarded will be fixed after applications for the entries are received and the various kinds of implements and machinery competing are known, and the present provision of rupees fifty will be increased, if necessary. The competition will be held between the 7th and 15th October, and the details regarding the days and hours of the competition and the prizes will be intimated to the applicants on or about the 1st October.

Those who wish to enter for these competitions are requested to submit their applications in the accompanying form through the ^{Amildar}_{Tahsildar} of their taluk so as to reach the undersigned not later than the 1st October 1911 at Mysore.

APPLICATION FORM.

* The report is for the week ending the 29th July 1911.

GENERAL SUMMARY.—Rain fell in all districts of the Province. There was good rain in Saran, Muzaffarpur and parts of Patna, Shahabad, Darbhanga, Monghyr, Purnea, Darjeeling, Outtaek, Puri, Sambalpur, Hazaribagh, Ranchi and Manbhum, but elsewhere the rainfall was generally light. The recent rainfall has been beneficial to the standing crops in Patna, Saran, Champaran, Ranchi and Palamau. More rain is urgently needed for transplantation of paddy in many districts, and some of the standing crops are suffering from insufficient rainfall in parts of Sambalpur, Hazaribagh and Ranchi. The price of common rice has risen in Bankura, Midnapore, the 24-Parganas, Khulna, Monghyr, Balasore, Manbhum and, Singhbhum and has fallen in Nadia and Hazaribagh. Cattle-disease is reported from Midnapore, Nadia, Patna, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Purnea, Hazaribagh, Manbhum and all the districts of the Orissa Division except Balasore. The supply of fodder and water is sufficient throughout the Province except in parts of Midnapore.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 3939B.—The 5th August 1911.—The following instructions, which have been framed by the Board of Revenue, Lower Provinces, under the orders of the Lieutenant-Governor in Council, as to the specifications and tests of the denaturants prescribed in Notification No. 748S.R., dated the 8th December 1910, published at page 1741 of Part I of the *Calcutta Gazette* of the 14th *idem*, are published for general information:—

1. By "light caoutchoucine" is meant caoutchoucine (such as is at present used as a denaturant in most parts of India) which has been further redistilled, so that only those portions of it which boil at or below 200° centigrade are obtained. The specific gravity of this product should be between .830 and .860 at 60.0° Fahr.

2. For "light caoutchoucine" it is sufficient, for the present, to specify that its specific gravity at 60° Fahr. should be between .830 and .860; and that about 8 per cent. should distil at or below 200°C. in the apparatus prescribed for the pyridine distillation test below.

Definition of "Pyridine."

3. "Pyridine" proper is a single definite compound (C_5H_5N), boiling at about 16° C.

Laboratory tests.

4. "Pyridine bases" are mixtures of pyridine with closely allied compounds, boiling at various temperatures.

- (i) **Colour.**—The colour must not be darker than that given by two cubic centimetres of deci-normal iodine solution dissolved in one litre of distilled water.
- (ii) **Miscibility with water.**—20 c.c. of the pyridine bases should give a clear mixture with 40 c.c. of water; or else a mixture which is slightly opalescent that, after standing for five minutes, ordinary newspaper type is clearly visible through a layer 15 c.m. deep.
- (iii) **Amount of water present.**—From 20 c.c. of the pyridine bases mixed with 20 c.c. of caustic soda solution (density 1.4), least 18.5 c.c. of the bases should separate, after having been repeatedly shaken together and allowed to stand.
- (iv) **Titration.**—Dissolve 1 c.c. of the pyridine bases in 10 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on Congo-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the Congo-red paper, dissolve one gram of Congo-red in one litre of distilled water. Soak filter paper in this and then dry.)
- (v) **Cadmium chloride reaction.**—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine bases in 100 c.c. of distilled water with 5 c.c. of a 5 per cent. solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result.
- (vi) **Boiling point.**—Distil 100 c.c. of the pyridine bases in the manner described below. At least 90 per cent. should distil over at or under 140° C.

Method.—100 c.c. of pyridine bases are placed in a short-necked copper flask of about 200 c.c. capacity. The flask is arranged on an asbestos card, which has a circular hole of 30 m.m. diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 18 m.m. wide and 170 m.m. long, provided with one leg of which the side tube issuing 1 c.m. above the bulb) joins a Liebig's condenser of which the cooled part is at least 400 m.m. long. A standard thermometer is placed in the head of the column so that its bulb occupies the centre of the bulb of the column.

The speed of distillation is adjusted to 5 c.c. per minute, the distillate being received in a graduated glass cylinder. At least 90 c.c. should distil over or under 40° C. at a barometric pressure of 760 m.m.

If the barometer varies from 760 m.m., a correction of 1° C. for each 30 m.m. of variation should be applied, (e.g., under 770 m.m. of pressure 90 c.c. of distillate should come over at or under 140·30° C., whilst under 750 m.m. the same amount of distillate should come over at 139·7° C.).

By order of the Board of Revenue, L.P.,

BOARD OF REVENUE, L.P., MISC. REVENUE DEPT., CUSTOMS BRANCH.

NOTIFICATION.

No. 3971B.—The 7th August 1911.—In exercise of the power conferred by section 14 of the Pensions Act, 1871 (XXIII of 1871), and in supersession of all rules heretofore made by it under that section, the Board of Revenue, with the consent of the Lieutenant-Governor in Council, hereby makes the following rules for Bengal (except the district of Sambalpur):—

RULES.

1. The following rules (except rules 23 to 26, inclusive) shall apply to territorial and political pensions only, disbursed through the revenue authorities. Rules 22 to 26, inclusive, shall apply to the former pensions only.^[1]

Application of rules.

2. Except as provided in rule 3, all pensions shall be payable at the district treasury, upon which a permanent pay order has been issued by the Accountant-General, Bengal.

Place of payment of pensions.

3. Pensioners residing within any subdivision of a district may obtain payment of their pensions from the subdivisional treasury in the same way as from the district treasury.

Payment at subdivisions.

4. A Commissioner of a division may, on application and on sufficient cause shown, permit transfer of payment from a treasury in his Division to any other treasury in British India:

Transfer of payment.

Provided that this rule shall not extend to political pensions in cases where the pensioner resides, by order of the Government, in a particular place.

5. A copy of the order directing the transfer referred to in rule 4 shall be forwarded by the Commissioner to the Accountant-General, Bengal, together with a brief narrative of the origin and particulars of the pension; and the district officer of the district from which the payment is transferred, shall be instructed to return his and the pensioner's portion of the permanent pay order to the Accountant-General. The Accountant-General shall then issue a fresh permanent pay order to the officer who will, in future, pay the pension, or, if that officer belongs to another province, shall move the Accountant-General of such province to do so.

Particulars to be submitted in case of transfer of payment.

6. Except as otherwise provided in these rules, all pensions shall be paid monthly.

7. If a pension remains undrawn for more than six months, the Collector or other disbursing officer must at once make enquiry into the cause of the non-appearance of the pensioner, and must return the

Arrears of pension.

pay order to the Accountant-General, Bengal. When the inquiry has been completed, the result shall be communicated to the Accountant-General.

If the pensioner afterwards appears, the Collector or other disbursing officer may reclaim the pay order and renew his payments, and the payment of arrears that have accumulated, not exceeding Rs. 1,000, may be sanctioned by the Collector or other disbursing officer. If the amount of arrears exceeds Rs. 1,000, the previous sanction of the Commissioner must be obtained.

8. (1) Except, as provided in sub-rules (2) and (3) and rule 9, a pensioner must take payment in person, after identification, by comparison with the permanent pay order.

Personal appearance at time of payment, and exemptions therefrom.

- (2) The following persons, namely:—

- (a) a pensioner specially exempted by the Collectors or the Heads of Departments from personal appearance,
- (b) a female pensioner not accustomed to appear in public; and
- (c) a male or female pensioner, who is unable to appear in consequence of bodily illness or infirmity,

may receive his or her pension, upon the production of a life certificate, signed by a responsible officer of Government, or by some other well-known and trustworthy person.

[1] The rules governing service pensions, extraordinary pensions, and gratuities for service not entitling to pension, as contained in the Civil Service Regulations, published under the authority of the Government of India. Supplementary instructions to those rules are contained in Part I of the Board's Rules, 1910.

(3) A pensioner of any description, who produces a life certificate signed by some person exercising the powers of a Magistrate of any class under the Code of Criminal Procedure, 1898, or by any Registrar or Sub-Registrar under the Indian Registration Act, 1908, or by any pensioned officer who, before retirement, exercised the powers of a Magistrate, is also exempted from personal appearance.

(4) In all cases referred to in sub-rules (2) and (3), the disbursing officer must take precautions to prevent imposition, and must, before the first payment in each year, require proof, independent of that furnished by the life certificate, of the continued existence of the pensioner. For this purpose he shall (except in cases of exemption from personal appearance granted by the Local Government) require the personal attendance and due identification of all male or female pensioners who are not incapacitated by bodily illness or infirmity from so attending, and in all cases where such inability may be alleged, he shall require proof thereof in addition to the proof submitted of the pensioner's existence.

9. Pensions of pensioners of rank, who are specially exempted by the Government from personal appearance, shall be paid to an agent holding a power-of-attorney on their behalf upon the production of the permanent order and of a separate receipt.

10. Pensions of pensioners exempted from personal appearance under sub-rule (2) or (3) of rule 8 (except in cases mentioned in rule 9) may be paid to an agent on their behalf on the production of the permanent order, of a life certificate as prescribed by those sub-rules respectively and of a separate receipt.

11. On the death of a pensioner, payment of any arrear actually due may be made to his heirs, provided that they apply within six months from his death, after which period no such payment shall be made without the sanction of the Commissioner.

Collectors of districts are empowered to sanction the payment of arrears of pension due to deceased pensioners to their heirs. Even if the pension has been sanctioned before the death of the pensioner, the payment may be made under the orders of the authority who would have been competent to sanction the pension if the pensioner had not died.

12. On the receipt by the disbursing officer of the permanent pay order, he shall summon the pensioner, and, on his appearing, shall make over to him his portion of the permanent pay order, and shall explain to him at what times he can draw his pension and how he must proceed for the purpose. No other certificate need be given.

13. When the pensioner is exempted from appearance in person, the permanent pay order may be made over to any person authorized to act on the pensioner's behalf.

14. When the pensioner's portion of the permanent pay order is much worn, or if the back of the order is filled with entries of payment, the pensioner shall return it to the disbursing officer, who shall forward both portions of the order to the Accountant General and obtain from him a duplicate order bearing the same number and date.

15. If the pensioner loses his portion of the permanent pay order, the disbursing officer's half may be returned to the Accountant-General, who shall issue a duplicate order bearing the same number and date as the original.

16. In each Collectorate a list of pensions granted shall be kept up in form given in (Appendix A). Applications for pensions are to be entered in Register 8 of miscellaneous cases.

17. All pensions not drawn for two years shall be struck off the said register. If such pensions are renewed under rule 7, a fresh entry shall be made in the register in respect thereof.

18. Upon the death of a pensioner, the district officer shall at once report the circumstance to the Accountant-General and shall return the original permanent pay order to his office.

19. When a pension is granted, the Accountant-General shall issue a permanent pay order to the disbursing officer of the station at which the pension is payable, directing him to pay periodically, until further notice, the amount of the pension upon the production of the counterpart of the order and a separate receipt according to the prescribed form. This order shall be entered in the register of permanent orders prescribed in Article 343 of the Civil Account Code, Volume I, 1906.

20. When payment of any pension is permitted at a subdivision, a copy of the permanent order in respect of such pension shall be forwarded to the subdivision, a note to that effect being made in the register of permanent orders at the head-quarters station. At each subdivision a register of permanent orders so received shall be kept up in the same form as the register prescribed for the head-quarters station.

21. Upon representation of a claim for payment, the district officer shall at once record the sum paid upon the permanent order, enter the amount in the cash-book, and submit the separate receipt (Appendix B), with his treasury account, to the Accountant-General as a voucher in support of the charge.

22. The Board of Revenue is competent to sanction the continuance of hereditary pensions when the hereditary title has been already recognized by the Government or decreed by a competent Court of Justice. But it is to be borne in mind that the Government never undertook, absolutely, to pay the pensions included in the permanent settlement, and that if a pension has been unadvisedly continued to heirs, the hereditary nature of the gratuity may, on the death of the incumbent, again be questioned.

Continuance of hereditary pensions.

23. As a general principle, pecuniary grants will not be continued after the death of the parties in whose favour they were originally made. Pensioners whose pensions are granted for life only, and are resumable at their decease, are to be in no way encouraged by the local officers to hope that their pensions will be continued to their heirs, and thereby induced to neglect making a proper provision for their families. The Board is to submit to Government for decision any case in which it may be of opinion, on the decease of a life-pensioner, that the pension, or any part thereof, should be continued to the heirs.

Hereditary pensions not to be ordinarily allowed.

24. The principles laid down in the memorandum by Mr. F. Millett, printed in (Appendix C) are, under the orders of Government, to be followed in recommending, or deciding upon the continuance or discontinuance to heirs of the various classes of pensions with which the memorandum deals.

General principles.

25. As a rule, the distribution of pensions is irrespective of Hindu or Muhammadan law, and dependent on the pleasure of the Government only.

Distribution of pension.

In cases where the original grant of a pension to two or more persons was joint and undivided, the survivor or survivors shall be considered entitled to retain only an exact half, or a lesser share, according to circumstances of the whole sum without reference to sex.

26. Notwithstanding anything contained in rule 25 when the grant was of a specific sum annually, payable in perpetuity and unconditionally, the district officer may, with the sanction of the Commissioner and the Board, grant a certificate to the civil court under section 6 of the Pensions Act, XXIII of 1871, where the question at issue is the right of one or other of two parties to receive any portion of such grant.

APPENDIX C.

(See Rule 24.)

(1) Memorandum by Mr. F. Millett on Pensions and Charitable or other allowances dated 12th May 1845.

The Government never undertook absolutely to pay the pensions included in the Permanent Settlement.

(2) Section 74, Regulation VIII, 1793, provided "with respect to any of the existing established zamindari charges, such as pensions, charitable or other allowances, *which it may be thought proper to continue*, they shall be paid by the Collectors, etc."

Regulation XXIV, 1793, prescribed the rules for determining their continuance or discontinuance, the fundamental principle being that all such pensions and allowances were *gratuitous*.

The following are the principal provisions of that Regulation :—

"Pensions received by virtue of *sanads* granted before the *Dewany*, or since granted with the sanction of Government, and pensions received from before 1179 (Country Era), to be continued to the grantees or original holders; but if the grantees or original holders be dead, the pensions not to be continued to their heirs or descendants without the sanction of Government; and

"No pension after the death of the person then entitled to it to be continued to his descendants without the like sanction, whether the grant was, in either case, according to the terms of it, hereditary or otherwise.

"Whenever Government orders the continuance of a pension, whether to the original holder or his heir, the Collector to give him a certificate, stating the title of the party thereto *during his or her life*.

"The Collector to keep a register of these certificates, noting therein such personal identifications of the parties as might detect any attempt to transfer the certificate to others.

"The pensions and allowances being gratuitous, the determining upon the continuance or discontinuance of them under the rules prescribed is reserved to Government."

It appears to me plain that, according to this Regulation, every pension confirmed was to be confirmed as a *life pension* only, and that, on the death of any pensioner the case of any new claimant was to be submitted to Government for its determination.

Section 6 of Regulation XXIV, 1803 (Ceded Provinces), provided that pensions granted to *fakirs* and other religious persons, for the purpose of lighting mausoleums or mosques, or for that of repairing them, as also to enable them to perform their religious ceremonies, usual in the *Muharram*, were to be continued; but that pensions of this description were not to be considered as of a personal nature, and that the Collector was to be responsible for their being applied to the purpose for which they were bestowed.

Certificates were, under this Regulation, to be granted for pensions renewed on the death of pensioners, and registers of certificates to be kept as under Regulation XXIV, 1793; and section 16 declared that the continuance or discontinuance of pensions was, after the death of the persons then receiving them, *to depend solely on the pleasure of Government*.

I reconcile sections 6 and 16 in this way. Pensions received by *fakirs* at the date of the Regulation for certain purposes were to be continued to them; but if they applied them to other purposes, they would be resumed. On the death of the then holders, the pensions were to be continued to their successors or not, as Government might determine, each renewal requiring a specific order.

By section 30, Regulation XII, 1805, the provisions of Regulation XXIV, 1793, were made applicable to pensions and allowances granted for religious purposes in Cuttack, with these provisos :—

(i) That pensions obtained from the Government of Berar under grants prior to October 1803 should be continued to the then incumbents, and on their death should descend to their heirs and successors or revert to Government, as should appear to the Governor-General in Council, (3) on a consideration of the tenor of the grant and all the circumstances of the case, to be proper, . . . (4).

(ii) Pensions received, under whatever authority, for three or more years before October 1803, to be continued to the then incumbents for life; but on their death to revert to Government, unless any particular reasons should appear to the Governor-General in Council (3) to exist for continuing them to their heirs and successors

In the terms "on a consideration of the tenor of the grant" contained in the proviso I, we find the first indication of Government prescribing a rule to itself respecting the

(1) Bengal Regulations XXIV of 1793, XXXIV of 1795, XXIV of 1803, XXII of 1806, and XI of 1813, referred to in this memorandum, were repealed by Act XXIII of 1871 (pensions), section 2 and schedule subject to a saving as to rules made thereunder.

(2) Section 74 of Bengal Regulation VIII of 1793 was repealed by Act XVI of 1874.

(3) The words "Governor-General in Council" in section 30 of Bengal Regulation XII of 1805, are now to be read as if the words "Local Government" were substituted therefor. See Act I of 1905, Schedule 2.

(4) The words and figures "under section 4 of the said Regulation" are omitted, since the words and figures "under section 4 Regulation XXIV, 1793," in section 30 of Bengal Regulation XII of 1805, were repealed by Act XII of 1891.

continuance of a pension to heirs and successors of incumbents. Section 4, Regulation XXIV, 1798, to which reference is made, contains no such rule. (5).

By section 7, Regulation XXII, 1806, the Board were instructed, in determining whether, on the death of a pensioner, the pension, or any part of it, should be continued to heirs or successors, "to ascertain particularly the situation and circumstances of the person claiming the continuance of the pension, and not to comply with any applications of that nature, unless, on the ground of poverty or other substantial reason, the party claiming it shall have a strong claim on the indulgence of Government."

This relates to pensions to a certain amount (fifty rupees) left to the Board's decision; but I presume the principle was applicable to all.

Section 8 enjoined Collectors to discontinue the payment of all pensions where the persons to whom they had been adjudged had died, until it could be determined whether they were to be continued to heirs.

Section 9 had in view the commutation of money pensions for grants of waste land or property.

It begins by repeating the declaration that pensions are gratuitous, and that the continuance or discontinuance of them is to depend on the pleasure of Government.

It then enacts that adjudged pensions are not to be commuted for grants of land except with the consent of the pensioner, and adds these further provisos:—

That pensions granted for, and *bona fide* appropriated to, the support of institutions, either of the Hindu or Muhammadan religion, shall be continued for the support of such institutions, unless the present incumbents or their successors shall, of their own free will and accord, agree to accept waste lands in lieu of the said pensions; and that no pensions which are declared to be hereditary, either by the terms of the grant or by any existing regulations, shall be commuted without the consent of the present pensioners or their successors.

The first proviso has been quoted as containing an abstract rule that pensions for the support of the institutions therein described shall be continued in perpetuity; but considering the whole scope of the section, it seems to me rather to mean that so long as the allowances are continued by the pleasure of Government, they shall be continued in the shape of money payments, unless the incumbent for the time being consents to a commutation for land.

So also in respect of pensions which, in consideration of the terms of the grant, the Government may hereafter continue to the heirs of present incumbents. These shall likewise be continued in the shape of money payments, unless, with the consent of the heir to whom it is continued, it shall be commuted for land.

The same rule to apply to pensions declared hereditary by the Regulations, i.e., those described in section 2, Regulation XXXIV, 1795, and section 2, Regulation XXIV, 1803, which are declared to be property, and liable to be sued for and inherited as such, and are distinct from the gratuitous pensions.

Suppose, then, a case in which the grant was not hereditary by the terms of it, but which the Government thought it right to continue to the heir of a deceased incumbent, they might insist on his taking land in lieu of it or renouncing all claim to the allowance.

Sections 2 and 3, Regulation XI, 1813, enact that all pensions shall be stopped until those receiving them prove that they are either the original grantees, or that they have been regularly declared entitled to succeed to the enjoyment of the pensions, and that new registers shall be made and corrected as often as any pensions revert wholly or in part to Government, or whenever other individuals than those by whom the pensions are at present received, shall be adjudged entitled to the reversion of them.

So far, then, as the law is concerned, it appears to me that the continuance or discontinuance of any pension or allowance on the death of an incumbent rests entirely in the discretion of Government; that when continued, it should be for the life of the applicant only.

In practice, I believe the Government has very much fettered itself in the exercise of this discretion.

(5) The reference is now omitted, see foot-note (4) *supra*.

Secretary.

BOARD OF REVENUE, L. P., CALCUTTA, the 14th August 1911.

NOTIFICATION.

No. 3939B.—The 5th August 1911.—The following instructions, which have been framed by the Board of Revenue, Lower Provinces, under the orders of the Lieutenant-Governor in Council, as to the specifications and tests of the denaturants prescribed in Notification No. 748S.R., dated the 8th December 1910, published at page 1741 of Part I of the Calcutta Gazette of the 14th *idem*, are published for general information:—

1. By “light caoutchoucine” is meant caoutchoucine (such as is at present used as a denaturant in most parts of India) which has been further redistilled, so that only those portions of it which boil at or below 200° centigrade are obtained. The specific gravity of this product should be between .830 and .860 at 60.0° Fahr.

2. For “light caoutchoucine” it is sufficient, for the present, to specify that its specific gravity at 60° Fahr. should be between .830 and .860; and that about 85 per cent. should distil at or below 200°C. in the apparatus prescribed for the pyridine distillation test below.

Definition of “Pyridine.”

3. “Pyridine” proper is a single definite compound (C₅H₅N), boiling at about 116° C.

Laboratory tests.

4. “Pyridine bases” are mixtures of pyridine with closely allied compounds, boiling at various temperatures.

(i) *Colour*.—The colour must not be darker than that given by two cubic centimetres of deci-normal iodine solution dissolved in one litre of distilled water.

(ii) *Miscibility with water*.—20 c.c. of the pyridine bases should give a clear mixture with 40 c.c. of water; or else a mixture only so slightly opalescent that, after standing for five minutes, ordinary newspaper type is clearly visible through a layer 15 c.m. deep.

- (iii) *Amount of water present.*—From 20 c.c. of the pyridine bases mixed with 20 c.c. of caustic soda solution (density 1.4), at least 18.5 c.c. of the bases should separate, after having been repeatedly shaken together and allowed to stand.
- (iv) *Titration.*—Dissolve 1 c.c. of the pyridine bases in 10 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on Congo-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the Congo-red paper, dissolve one gram of Congo-red in one litre of distilled water. Soak filter paper in this and then dry.)
- (v) *Cadmium chloride reaction.*—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine bases in 100 c.c. of distilled water with 5 c.c. of a 5 per cent. solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result.
- (vi) *Boiling point.*—Distil 100 c.c. of the pyridine bases in the manner described below. At least 90 per cent. should distil over at or under 140° C.

Method.—100 c.c. of pyridine bases are placed in a short-necked copper flask of about 200 c.c. capacity. The flask is arranged on an asbestos card, which has a circular hole of 30 m.m. diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 18 m.m. wide and 170 m.m. long, provided with one bulb) of which the side tube (issuing 1 c.m. above the bulb) joins a Liebig's condenser of which the cooled part is at least 400 m.m. long. A standard thermometer is placed in the head of the column so that its bulb occupies the centre of the bulb of the column.

The speed of distillation is adjusted to 5 c.c. per minute, the distillate being received in a graduated glass cylinder. At least 90 c.c. should distil over at or under 140° C. at a barometric pressure of 760 m.m.

If the barometer varies from 760 m.m., a correction of 1° C. for each 30 m.m. of variation should be applied, (e.g., under 770 m.m. of pressure 90 c.c. of distillate should come over at or under 140.30° C., whilst under 750 m.m. the same amount of distillate should come over at 139.7° C.).
